[BY ATLANTIC CABLE AND A. P.]

LONDON, Aug. 14, 12:33 p.m.—Lloyd's announces the sinking of the Italian steamship Nereus, the Italian sailing vessel Dina and the French sailing vessel Sain Gaelan.

The Nereus sailed from Newport News July 19 and passed Gibraltar August 7. She was built in 1901 and was 340 feet long, of 3980 tons gross.

GOING BACK TO OLD WORLD.

Exodus from the New is Promised with Advent of Peace.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Aug. 14.—The declaration of peace in Europe will mean an exodus from this country of at least 1,000,000 persons, say steamship passenger agents who have returned from trips to the Pacific Coast. At the steamship offices in many cities, these agents assert, many thousands of foreign-born laborers have paid deposits on tickets which will take them to their former homes. It is estimated by the agents that 50 per cent. of these returning foreigners will remain in their native lands. So anxious are some of the men to see their war-devastated homes that requests were made for rates on the Deutschland the agents aver.

COMMENT ON THE SITUATION.

No change took place Monday along either the British or French lines in France, bad weather hindering the operations, which were confined almost exclusively to artillery duels. According to Berlin, the British have been expelled from trenches over a front of 700 yards southwest of the Thiepval-Pozieres sector which they occupied Sunday. On the Isonzo front, according to Rome, the Italians have made still further advances against the Austrians along the Carso plateau and east of Hill 212. In the latter sector another line of trenches was penetrated anid more men taken prisoner. In the Gorizia sector, Rome says the Austrian guns are being busily employed against the Italians. Here, according to Vienna, seven charges by the Italians were put down by the Austrians.

The Mexican situation appears to be unchanged. Justice Brandeis has declined to serve as a conferee on the International Joint Commission to adjudicate differences between the Mexican and American governments. Villa is still at large. The Mexicans continue to report engagements with Villista bandits.

SALUTATION TO WOMEN

Hughes Calls Them Fellow Citizens.

Candidate Talks to Suffragists as He Would to Audience Composed of Men.

"We're All Interested," He Says, "in National Good Housekeeping."

[BY A. P. NIGHT WIRE.]

SPOKANE (Wash.) Aug. 14.—Charles E. Hughes today addressed his first audience composed solely of women voters. They heard him in the first of two speeches delivered here. Mr. Hughes touched upon suffrage and his views concerning it and reiterated, to a large extent, attacks on the administration made today at Coeur d'Alene, Idaho.

"I speak to you women as I do men," the nominee said. "I did not come here to make a different kind of speech from the kind I make to men. I know you are solicitous about the welfare of this country. There is no doubt that the majority of womanhood is patriotic all through."

SALUTATION.

Mr. Hughes's salutation of the women as "fellow citizens" was applauded. He told them that he was interersted in "good national housekeeping" and the means of effecting it.

"We must have in this country a different notion about the conduct of our business than we have had in the years gone by," he said. "This world is not the world of even twenty-five years ago. This world is a world that has found itself. It has found itself in the depression of a terrible Gethsemane. Horrible as is the spectacle of war, frightful as the waste, we cannot look upon them without realizing that a new Europe is emerging from this struggle. We cannot contemplate the conditions of the twentieth century without knowing that there is to be a new spirit in the United States if our prosperity is to have a firm foundation. It must be a spirit which demands efficient, impartial government in the interests of all the people.

"It is easy for some to become enthusiastic when the bands are playing and the flags unfurled, where they hear the strains of the national anthem and the crowds are around them. But we must have a new spirit of humdrum work of administration, the spirit of patriotism in the administration of government. That is the hardest lesson for popular government to learn. Every day in the year is a more severe test of patriotism than the Fourth of July."

TARIFF AND PROSPERITY.

Mr. Hughes declared that he considered a protective tariff essential to a continuance of prosperity.

"The only chance that the present administration has to carry this election," he said, "is because the European war has saved it from a demonstration of inefficiency."

The nominee repeated his assertion that the Democratic party had ascribed to itself benefits accruing from the war.

"I wonder if they think that the Democratic party and the European war are synonymous," he said. He spoke of conditions here after the war.

"Then where will the Underwood tariff leave us?" he asked. "Then what will become of the prosperity which is so clearly a boast at present?" Mr. Hughes reviewed his previous declarations concerning the administration's policies and appointments. He spoke later at an open air meeting here and left at 9 o'clock for Tacoma.

AT THE STADIUM.

Mr. Hughes tonight told an audience in Spokane's Stadium that the proposed Democratic legislation against the dumping of foreign-made goods in this country after the war was not worth the paper on which it was written.

"This piece of legislation," Mr. Hughes said, "would be about as available as the piece of paper I hold in my hand, in effect, in protecting the American people in the economic war that will come when peace comes to Europe."

Mr. Hughes read a synopsis of the proposed legislation. The Democratic party, he said, was not equal to the task of protecting American industries by a tariff.

"If you want to see what they are equal to," he said, "read the anti-dumping clause they put in the revenue bill.

"I shall not read it in full. You would need to sit down and put a towel around your head, get down close to it and study it, read it over again and again and then you would be puzzled to know what it meant. If you find out what it meant you would agree with me that it was obviously ineffective and would not work."

"Now, what would a prosecuting attorney have to prove as a violation of this act?" Mr. Hughes continued after reading the synopsis.

"He has got to prove that this act of commonly and systematically bringing goods into this country contrary to the prohibition is being violated. He has got to prove that such act is done with the intent to destroy or injure any industry of the United States. If he doesn't prove that he has got to prove that it is

RETREAT OF AUSTRIANS FROM STRIPA CONTINUES.

Russians Keep up Their Hammer Process on the Rear Guard—Podgiacy, on the Koropice, Falls into Hands of the Slavs—Bothmer's Forces Take up Positions on West Bank of the Zlota Lipa.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD, Aug. 14 (via London, 6:50 p.m.)—The retreat of the Austrians from the Stripa continues with the Russians pounding the Austrian rear guard. Podgiacy, on the Koropice, has fallen, and Gen. Count Von Bothmer's forces are taking up positions on the west bank of the Zlota Lipa.

The line of the Austrian defense as it appears today runs from Berestechk through Shezurovitse along the headwaters of the Styr and through Olesko-Zboroff to Brezezany, forming a zigzag to the upper Zlota Lipa; along that stream to Koerzov, thence west to Jesupol, ten miles northwest of Stanislau, thence south to Solotvina.

In other words, the Austrians, contracting the circle about Lemberg, are withdrawing to a line between the Carpathians and Pinsk marshes the shorter length of which will compensate them in some measure for the tremendous losses they have suffered since the beginning of the Russian advance.

The surrender of Miriampol by the Austrians has enabled Gen. Letchitzky to straighten the front of his advance toward Halicz, this now forming an almost direct east and west line only seven miles from that town at the nearest approach.

The Rech in its summary of the prisoners and booty taken by the Russians during last week's operations, estimates that 83,200 men and 1730 officers were captured, and sixty-nine guns and 342 machine guns and bomb throwers taken by Gens. Letchitzky, Scherbatchoff and Sakharoff.

BERLIN ON GALICIA.

[BY WIRELESS AND A. P.]

BERLIN, Aug. 14 (via Sayville.)—Violent fighting is under way in Galicia, particularly in the Stanislau region, where the Russians are delivering attacks unceasingly. The official Austrian statement of Sunday reports the repulse of several Russian assaults. The announcement says:

"Front of Archduke Charles Francis: Southeast of Vorocht our troops maintained their positions in the face of violent attacks by the enemy, which failed completely. In the district just west of Stanislau two Russian divisions were repulsed.

"Front of Field Marshal Von Hindenburg: Northwest of Zalooze Gen. Boehm-Ermolli once more repulsed attacks by masses of Russian troops.

"In Volhynia and along the Stokhod the engagements were less oitter. It is stated with certainty that during the last attacks along the Stokhod front, which failed completely, the Russian guard was employed and that it suffered still heavier losses than the other formations of the enemy."

AN AIR BOMBARDMENT.

[BY WIRELESS AND A. P.]

BERLIN, Aug. 14 (via Sayville.)—"An Austro-Hungarian naval aeroplane squadron on the night of August 9, successfully bombarded a hostile battery at the mouth of the Isonzo and the aeroplane station at Grado," says an Austrian Admiralty statement.

"Our flyers returned undamaged."

RUSSIANS ARE ROUTED BY TURKS IN PERSIA.

[BY ATLANTIC CABLE AND A. P.]

CONSTANTINOPLE, Aug. 14 (via London, 7 p.m.)—The Turkish army in Persia, pressing vigorously the recently inaugurated offensive, has put to rout the Russians opposing their right wing, the War Office announced today. The statement says:

"Persian front: The right wing of our army, after several battles, pursued the Russians, forcing them to flee to the northeast, leaving 315 prisoners in our hands.

"The enemy lost in one battle in a fortified position about 1000 dead or wounded, in addition to the 2000 cases of ammunition and a quantity of rifles and equipment partly burned."

Russians expelled from Essadabad, the statement continues, took up fortified positions north of the village but were expelled by the Turks.

"In successive attacks August 10 our troops drove the Russians eastward in Hamadan plain and then penetrated Hamadan," says the statement. "On the same evening our detachments on the wing engaged hostile cavalry in the environs of Hamadan, forcing them to flee to the northeast.

"On August 11, in the morning, hostile troops occupying the northern sector of Hamadan plain were attacked and driven off, the plain being cleared.

"On the left wing hostile forces attacked our positions near Sakkiz but were defeated and retreated towards evening.

"Caucasian front: A portion of our left wing ejected the enemy from the heights southward of Tatuan, driving him northward in the direction of Ahklatte, which we occupied. In the region to the north of Bitlis there is no enemy within twenty miles."

SEARCH BEGUN FOR EDGERTON'S FATHER.

[BY A. P. NIGHT WIRE.]

BERKELEY, Aug. 14.—The police began a search today for Calvin Edgerton of San Diego, father of Edwin O. Edgerton of the State Railroad Commission, after his disappearance yesterday from Commissioner Edgerton's home here. The father, who is 79 years old, and feeble, left the house yesterday for a walk and did not return.

HOW THE BRITISH DELAY THE MAIL.

PRELIMINARY STATEMENT IS MADE TO LANSING.

Average Time for the Examination of Intercepted Letters is from One to Three Days—Regrets Expressed that Neutral Correspondence was Held Back.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Aug. 14.—An explanatory statement of how Great Britain's examination of mails is being conducted was presented today to Secretary Lansing by the British Embassy. It is preparatory to the more comprehensive reply to American representations now being prepared jointly by the London and Paris foreign offices.

Figures given in the statement show the average time for examination of intercepted mail is from one to three days. The minimum delay to mail between the United States and Holland is given at two days and the maximum at seven. Danish mails have been delayed from seven to ten days when it has been necessary to remove them from a ship; otherwise, only four days.

"It is admitted," says the statement, "that at the outset neutral correspondence in which enemy interests were in no way concerned was subjected to a delay which is greatly regretted and which has since been reduced to a minimum. It must not be imagined that the mails were removed from neutral ships for examination without careful consideration of the arrangements which would be required to deal with them as quickly as possible. All preparations which seemed necessary were with this object, but unfortunately those responsible for them were not aware of some of the difficulties which would be encountered.

"For instance, there was no reason to suppose that (as proved to be the case) mail bags marked as dispatched from one neutral country to another neutral country, would contain anything but mails for or from a neutral country; that bags marked as containing printed matter would contain rubber, coffee, jewelry, etc., sometimes disguised as newspapers, as well as correspondence of all kinds, registered and unregistered, or that persons writing to or from enemy countries would already have adopted the practice of sending their letters under cover to intermediaries in neutral countries, or that great numbers of complete sacks appearing to contain merely business circulars from neutral countries would contain in reality nothing but propaganda from Germany, under covers bearing neutral postage stamps.

"These and similar unforeseen peculiarities made it impossible until the staff engaged had been largely increased and had become accustomed to them, to select on any fixed principle those mail bags which, when all could not be examined within a reasonable time, should be forwarded without examination.

"The delay of shipping documents carried by the same ship as the cargo to which they refer can be, and has been in some cases, avoided by the simple expedient of inclosing such documents in specially-marked bags."

Arbitration.

MAY FIND SOME WAY TO AVERT A STRIKE.

President Hopes to Determine Today if There is a Basis of Settlement.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Aug. 14.—President Wilson conferred today with both parties to the threatened country-wide railway strike and tonight it appeared that sufficient foundation had been laid to furnish a working basis for a settlement of the differences of the employees and employers. The President will meet both sides again tomorrow.

At the conclusion of the day's conference the President issued this statement:

"I have met both sides and have gone over the case with the utmost frankness. I shall not be able to judge until tomorrow whether we have found a feasible basis for settlement."

FOREMOST QUESTIONS.

The foremost questions are what shall be arbitrated, if arbitration is to be resorted to, and what form of arbitration shall be adopted. Representatives of the employees maintain that their demand for an eight-hour day and time and a half for overtime is the only concrete proposition under discussion. They insisted to the President in their conference today that the railroads make some definite counter-proposal. If the railroads submitted some proposed form of settlement, they said, they would be ready to discuss negotiations further.

The employees are understood to be ready to consent to the principle of arbitration if the contingent proposals of the managers, which the men claim involve rights they have won in thirty years' effort, are eliminated from consideration, and if arbitration is conducted by a board on which all four brotherhoods are represented.

Immediately after learning the employees' position the President summoned the committee of managers and had a long conference with them. They left the White House to confer among themselves throughout the night, if necessary, and the general understanding was that they discussed the advisability of withdrawing their "contingency" proposals and submitting a proposition "without strings," as demanded by the men.

AS TO ARBITRATION.

While representatives of the employees insisted that they had not yet agreed to arbitrate any feature of their differences, there was a growing impression that arbitration or some form of compromise would be agreed upon. At no time, it was said, did the representatives of the men indicate that unless their demands were granted unqualifiedly they would go on strike.

Both sides refused absolutely to discuss their meeting with the President or venture any forecast on the probable outcome of the negotiations, but leaders of the two factions were optimistic tonight that a strike would be avoided.

The President, it was declared, made no compromise propositions to either side today. He merely listened to the representatives of the employees and then talked with the managers, and suggested that some concrete working basis be agreed upon before proceeding further. Indicative of his desire to learn what results come from the railroad managers' meeting tonight before taking any further step, he arranged another meeting with them for 9 o'clock tomorrow morning, and a conference with the representatives of the employees for 3 o'clock tomorrow afternoon. Tomorrow's Cabinet meeting has been cancelled so the President may devote most of his time to the railroad problem. He cancelled several engagements today that he might have the fullest opportunity to talk with the two sides.

A. B. Garretson, president of the Order of Railroad Conductors, and spokesman for the employees' representatives, made it clear today that under no circumstances will the employees agree to arbitration under the Newlands Act. The boards of arbitration provided by that act, they maintain, are too small. The balance of power, they contend, is too close, and as a result the employees have suffered. Indications were that the President, recognizing this situation, might propose a special board of arbitration if the negotiations reach the arbitrating stage, composed of as many as twelve men, including representatives of all the brotherhoods.

Reports that the President had notified the managers that unless some agreement could be reached with the men, he would invoke his power to influence Congress to pass an eight-hour law were circulated, but discounted by those in close touch with the situation.

GARRETSON WOULD FIGHT.

"I would fight any attempt to pass such a measure," was the terse remark of Mr. Garretson upon hearing the report.

There was discussion today of the possibility of the President being chief arbitrator in the dispute, but his position was understood to be that he has not the time. There was a possibility that instead, he might name the so-called neutrals board.

The President's first conference was with representatives of the men. Headed by Mr. Garretson, the delegation, consisting of the executive officers of the four brotherhoods and six representatives from each, went to the White House and met the President in the Green Room.

The conference lasted two hours. Mr. Garretson did most of the talking for the employees. The President asked him for a full statement of the situation as the men viewed it. Mr. Garretson pointed out, it is understood, that the only concrete proposal made in the entire dispute had come from the men, and said they felt that before they took further steps they should be advised what attitude the employees will assume and stand or fall on. He argued that the railroads summoned the mediators to New York and then had no mediation proposal to submit.

Sufficient time has elapsed since the strike first was suggested and enough delay has ensued, Mr. Garretson is understood to have declared, to permit the railroads to submit any sort of an unqualified proposal which they might have in mind.

MANY QUESTIONS ASKED.

Many questions regarding the situation were asked by the President and the brotherhood representatives were impressed by his grasp of the situation.

When the employees' representatives emerged from the White House they faced a battery of cameras and about a hundred newspaperman. They were willing to pose for pictures but unwilling to talk.

"As long as this matter is in the President's hands, we will have no statement to make," Mr. Garretson said.

Mr. Garretson added, however, that the brotherhood representatives would go to their hotel and return to the White House whenever the President desired them. They waited throughout the afternoon while the President conferred with the railroad managers, but the only word that came was the summons to meet with the Executive again tomorrow afternoon.

MANAGERS MEET PRESIDENT.

DANISH FOLKETHING VOTES FOR THE TREATY.

[BY ATLANTIC CABLE AND A. P.]

COPENHAGEN, Aug. 14 (via London, 6:40 p.m.)—The Folkething, or lower house of the Danish Parliament, today voted in favor of selling the Danish West Indies to the United States, if a plebiscite favored the sale. The vote was 62 for the proposition to 44 against it, one member being denied a vote and six being absent.

Having taken this action, the Folkething took up the question of ratification of the treaty itself, providing for the sale of the islands. The vote was the same as that upon the question of the sale.

The discussion of the Folkething turned upon the question whether the plebiscite, or elections, or both, shall take place before reaching a settlement on the sale of the islands. Premier Zahle stated that if the elections should be necessary the government would have to ask the American government if the matter could be postponed until the newly-elected Rigsdag meets in November.

An influential member of the Conservative party in the Landsthing, the upper house, stated to the Associated Press that it seems to be a settled matter that the Landsthing will reject the treaty. Public meetings on the treaty will be begun in the Landsthing tomorrow.

The fact that the opposition in the Folkething was not in the slightest degree placated by the government's proposed plebiscite—the division was the same as had been predicted two days ago—appears to justify the prediction that the Landsthing, where the opposition is in the majority, will reject the treaty. A rejection would mean a delay of probably three months in the final disposition of the islands, since general elections hardly could be finished before the end of October and the new government probably would not get into harness before the middle of November.

The Associated Press is assured by the highest sources that the government at no time had nor has the slightest desire to evade a test of strength at general elections, but would greatly regret their becoming necessary in the case of the West Indian Islands for two reasons. The first of these reasons is because of the delay which would be thus caused, and the second, because the proposed plebiscite would take the West Indies question out of politics and compel a decision solely on objective grounds.

As the situation now stands, the whole matter has become one of purely internal party politics in which the disposing of the islands is all but lost sight of.

The government feels that the sale or retention of the islands ought not to be made dependent in any degree on internal strife of the various parties, which it would be if the decision is thrown in with the varied issues of a general election.

Railway Age Editor Doubts That the President Can Hold the Trainmen to Contracts.

Vainglorious.

MINORITY EMPLOYEES WOULD TIE UP ROADS.

Handful of Men Seek to do What Even the Government Itself Cannot.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, Aug. 14.—That the situation the country is facing because of the threatened railway strike is a most serious one is the opinion of Samuel O. Dunn, editor of the Railway Age Gazette, who has just returned from New York where he was in close touch with the conferences between the railway managers, the employees and the mediation committee. He does not believe President Wilson can use any power of persuasion that will affect the situation, and that it is simply a case of the employees accepting arbitration or strike.

ARBITRATION LAW NEEDED.

Quick legislation by Congress, making it obligatory upon both parties to labor controversies to accept arbitration, is the only hope he sees in the situation, and there has been nothing to date to indicate that such legislation is even being considered, although Congress is now in session.

"The employees must accept arbitration or strike," said Mr. Dunn. "The railway managers have taken the stand for arbitration because of the principle involved. They cannot meet the demands of the men.

"Reports have been sent out," continued Mr. Dunn, "to the effect that the railway managers had made certain concessions to the employees regarding their demand for an eight-hour day, but such was not the case. There has been no concession, or talk of concessions. The railways have stood for arbitration as the only solution of the problem, and will stand for it to the end. If they were to concede anything, or to meet any demands, they would merely be deferring the real settlement two years hence, with the added prospect of having other employees also making demands for increases.

"The railways are standing for a principle. They want to determine whether or not the employees can every two years endanger the country's prosperity by threatening to tie up the roads. The managers could not tie up the roads if they wanted to; the government cannot do so; and yet these men, 18 per cent. of the railway workers, have the power practically to tie up every railway in the United States. They are now offering the men all they can get through arbitration, but nothing else."

LOYAL RAILWAY MEN GET WAGE INCREASE.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) Aug. 14.—Increases in wages averaging 7½ per cent. for shopmen, section foremen, underclerks, telegraphers, dispatchers and laborers employed by the El Paso and Southwestern Railway system were announced today by G. F. Hawkes, general manager of the El Paso and Southwestern. Increases do not affect the pay of trainmen or enginemen, it was said.

The increases, which were voluntary and affect several hundred men, the exact number of which has not been determined, were effective August 1. Mr. Hawkes asserted they had been made because of the increased cost of living in the Southwest.

Giants.

A MILLION WILD MEN CALLED OUT BY CZAR.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, Aug. 14.—Bassett Digby, in a special cable from Petrograd to the Chicago Daily News, says the Czar's ukase is bringing a million wild men out of the Kirghiz steppes and Siberian wildernesses, giants of men, who have no idea of the world, and the world has never penetrated to their fastnesses. They never saw a railway train or an automobile or an aeroplane, and the moving pictures fill them with awe. Irkutsk is now filled with tens of thousands of Buriats and fleets of barges are bringing Yakuts up the Lena from their Arctic haunts. The Yakuts and Buriats alone equal one-third of the population of Norway. The wild men are rapidly adopting modern clothing and methods, and when what is left of them return their wildness will lose its picturesqueness.

RUSSIAN REPORT OF OPERATIONS.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD (via London) Aug. 14, 11:14 p.m.—Continued gains for the Russians in the Sereth River region and along the Ziota Lipa, where their troops have crossed at several points to the western bank, and the capture of the village of Tustobaby, northwest of the Dniester, are chronicled in the official Russian statement issued this evening. The statement says:

"In the region of the River Sereth we are advancing successfully. One of our valiant regiments, after fording the River Tukh, a tributary of the Sereth, in water up to their chests, drove out the enemy from a series of trenches.

"At 7 o'clock this morning Capt. Tkachev, one of our aviators, having sighted an enemy aeroplane, ascended with an officer observer and Lieut. Khrisoskch in an aeroplane mounted with a machine gun. The enemy aeroplane attacked, firing twice with a machine gun. The enemy aeroplane was damaged and forced to descend, and, with its pilot and observer, fell into our hands.

"On the Ziota Lipa front, after having repelled the enemy, we reached the left bank of the River Deniuv, an affluent of the Ziota Lipa, and the Ziota Lipa itself, where we crossed to the western bank at some points.

"Our offensive to the northwest of the Dniester continues. As a result of a stubborn fight, we captured here the village of Tustobaby, which was protected by dense lines of well-prepared communication trenches, in which the enemy met our troops with a terrific machine-gun fire.

"On Sunday, when we captured the small town of Zboroff, on the Stripa, a cyclist company, which was accompanied by their armored cars, distinguished themselves by assisting our troops in the capture of the town.

"The fortified works of Monasterzyska, which we captured recently, were very formidable. They consisted of five lines of trenches, with many communication trenches and intersections. Judging from the manner in which they were constructed and the size of the branch constructions, it may be assumed that they were not destined for machine guns, but for automatic rifles, as these constructions had three recesses in each side."

THE LOS ANGELES ADVERTISING SCORE.

For the week ending Sunday, August 13, the Los Angeles newspapers published the following number of lines of advertising (300 agate lines make one column:)

	Display advs.	Want advs.	Total.	Times' lead.
First—Los Angeles Times	139,650	83,006	222,656

Third evening paper	49,994	3,248	53,242	169,414

Discrimination by discerning advertisers between newspapers that bring them quick and satisfactory results and those that do not is responsible for The Times regularly printing more paid advertising than any other Los Angeles newspaper.

Every day in the year The Times leads all of its competitors by a wide margin.

WILSON'S VIEW OF THE SITUATION.

SURE AN INQUIRY CANNOT PREVENT A STRIKE.

Need of a Compulsory Arbitration Law Hinted at Between the Lines of the Letter of the President to the Boston Chamber of Commerce.

[BY A. P. NIGHT WIRE.]

BOSTON, Aug. 14.—An inquiry by the Interstate Commerce Commission into the threatened railroad strike will not be a remedy for the crisis at the present moment, President Wilson said in a letter received today by President Charles F. Weed of the Boston Chamber of Commerce. The communication, dated August 11, follows:

My dear Mr. Weed: Allow me to acknowledge the receipt of your telegram of August 9 conveying to me the vote of the Boston Chamber of Commerce recommending that the Interstate Commerce Commission be instructed by Congress to ascertain the facts in the pending railroad controversy.

You need not doubt that the full importance and gravity of the now acute controversy between the railroads and their employees has been a constant subject of thought and conference with me, or that I have been trying to make sure that no means of assisting a settlement was overlooked.

There is no compulsion of law available by which we could oblige either party to the controversy to await the finding of an inquiry by the Interstate Commerce Commission and it seems to me that such an inquiry is not a remedy at the moment.

As I write, conferences are in progress in New York City between both parties to the controversy and the Federal Board of Mediation and Conciliation, and I am hourly awaiting a report from those conferences before determining what is my duty.

Sincerely yours,
WOODROW WILSON.

ENJOIN LIQUOR DESTRUCTION.

[BY A. P. NIGHT WIRE.]

GIRARD (Ala.) Aug. 14. — Destruction of whisky and beer which had been seized from alleged violators of the prohibition law ceased here today on order of Circuit Judge Alston, when counsel for the owners filed bond for appeal to the State Supreme Court from Judge Alston's former decision ordering the liquor's destruction. It is estimated that $125,000 worth has been poured out by the Sheriff in the last few days.

Preparedness.

LOS ANGELES READY FOR SIEGE OF STRIKE.

Wholesalers Declare There will be no Food Shortage. Tidewater Situation of the City Guards Against Famine—Motor Trucks are Expected to be the Solvent Medium if Worse Comes to Worst.

LOS ANGELES is amply prepared for a strike siege, according to wholesalers of food products. There might be a shortage of fresh meat at the start, representatives of the packing concerns stated yesterday, but this condition would be rapidly rectified. As for the usual run of foodstuff, wholesalers view the situation with considerable equanimity.

Giving his views on the grocery situation, yesterday, M. H. Newmark, vice-president of M. A. Newmark & Company, used the phrase of Marie Antoinette when she was told that the people of France clamored for bread, "Well, why don't they eat cake?"

"If," said Mr. Newmark, "the supply of tomatoes should be exhausted, people will have to be content with canned corn, beans, peas or any of the thousand and one food articles that are put up in cans. The stocks of these articles are, as far as I know, up to normal, and I see no reason why there should be a famine."

Other large jobbers spoke in a like way, the consensus of opinion being that their line would not be materially affected. Produce men differ, however, as to the precise effect the strike will have on the branch of food supply in which they deal.

J. C. Richardson, one of the larger dealers in potatoes and onions, said: "The potato market should not suffer at all from a strike. Stockton, which is one of our big supply depots, is on the river and potatoes can be shipped down to San Francisco and there trans-shipped to San Pedro and brought to Los Angeles by motor truck. We anticipate no trouble in supplying the trade."

J. G. Hall of the firm of Hall & Haas, when asked how the strike would affect the supply of potatoes, onions, and other products, said: "It will simply demoralize the business. The city will be out of fresh vegetables in less than one week and the brokers will be practically put out of business."

BANKS ON MOTOR TRUCKS.

E. B. Rivers, president of Rivers Bros. Company, stated that the city will not be materially affected, but agrees with the view that the business of the brokers will. "The motor truck," said Mr. Rivers, "will be a big factor in the situation and an intelligent use of this method of hauling, with the good roads in and around Los Angeles, should make it possible to keep this city well supplied with fruit and vegetables. The apple situation should not be affected, as we can get our supply from Watsonville, by truck to San Francisco, and by direct water route from Seattle and Portland."

Regarding cereals, the wholesalers generally agree that the stock on hand is sufficient. The same holds true of condiments and coffee, tea and sugar, while Los Angeles's situation at tidewater puts it in position to rapidly replenish its supply of all necessary foodstuffs, barring, perhaps, meats.

REGARDING MEATS.

In discussing the meat situation yesterday, T. J. Lalor, assistant manager of Swift & Co., said: "Our supply of fresh meat would be exhausted in a very short time, probably three days at the most. We, however, do not specialize on fresh meats, our main business is in smoked, dried and pickled products. Just what steps we would take to meet such a situation as a strike would present, I am not in a position to say, but we would not lay down."

Speaking for the Cudahy Packing Company, B. A. Benjamin, assistant manager, made the following statement: "While I have given the matter very little thought, I am satisfied that a strike would be a serious matter. I believe that the fresh meat supply of the city would be cleaned up in two days and as the nearest point from which cattle could be driven, is 150 miles distant, this method of replenishment would be practically impossible. Our supply of smoked, dried and pickled products would last for at least fifteen days, and with any kind of service by the railways we would be able to meet the situation fairly well."

STREET-CAR MEN MAY RENEW STRIKE.

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—Renewal of New York's street car strike was threatened tonight unless the New York Railways Company reinstates more than seventy employees, discharged, union leaders charge, because of their activities in the recent tie-up. The carmen declare railway officials have not kept an agreement drawn up by Mayor Mitchel and Chairman Oscar A. Straus of the Public Service Commission, which stipulated that the strikers should be taken back without prejudice.

Demands of the carmen, who were recently organized, were submitted today. The men ask wage increases and better working conditions, with a nine-hour minimum work day and a maximum of ten hours. They demand a sliding scale running from 29 cents an hour to from 30 to 33 cents. The present scale is 28 for the first year, 29 for the next four, and then 30 cents.

May Avert Strike.

(Continued from First Page.)

House the employers' managers met the President. Elisha Lee, assistant general manager of the Pennsylvania, presented the railroads' side of the case. The President requested him to explain in detail wherein the employers and employees disagreed. When that had been made clear, Mr. Wilson urged that for patriotic reasons the two sides get together as quickly as possible.

The railroad managers immediately upon leaving the White House went into a secret conference among themselves which still was in session late tonight.

Judge W. L. Chambers of the Federal Board of Mediation, who returned here early this morning with Secretary Tumulty, conferred with the President five times during the day, and was in constant communication with the representatives of the railroads and the employers. Late this afternoon he was summoned to the White House and went to the hotel where the managers' committee was meeting in order to keep abreast of their discussion.

While only the brief formal statement was forthcoming from the White House it was indicated by administration officials that for the present the President regarded the situation as out of his hands with the next move up to the conferees.

The chief feature of the "contingency proposition" of the roads, which it is understood the road managers considered modifying or withdrawing at tonight's conference, is a provision eliminating entirely all double compensation for employees working overtime or performing two classes of service. The proposition was presented by the roads after the men had made the demand for an eight-hour day and extra pay for overtime.

Shortly before midnight leaders of the road managers said that while their conference might continue for several hours they would have no announcement to make before tomorrow.

BRITISH FRONT IS UNCHANGED.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Aug. 14, 11:20 p.m.—The situation along the whole British front is unchanged, according to the official statement issued by the War Office tonight. It says:

"The situation is unchanged along the whole British front. The usual hostile shelling has occurred along our front, more particularly directed on the Mametz wood, Pozieres, in the neighborhood of Arras, and on our trenches north of the Vierstratt-Wytschaete road.

"North of Pozieres a successful bombing attack resulted in the capture of a hostile machine gun and some prisoners. The enemy exploded a mine west of La Folie Farm, which did little damage.

"Our flying corps carried out yesterday much successful work, acting with our artillery and infantry. Several bombing raids were made, including three separate attacks on a hostile aerodrome. One of our machines is missing."

PROGRAMME OF HUGHES AS A CONSTRUCTIONIST.

Nominee Stands for Protective Tariff, a Budget System and End of Waste.

[BY A. P. DAY WIRE.]

COEUR D'ALENE (Idaho) Aug. 14.—Charles E. Hughes, replying today to criticism that he was not constructive in his politics, declared at an open-air meeting here that he stood for a protective tariff, for a budget system, the elimination of the pork barrel, the end of waste and extravagance and the appointment to public service of men qualified for office.

"Is not that constructive?" Mr. Hughes asked. "I believe that these are the fundamentals of constructive policies which this nation is facing today."

AS TO PROSPERITY.

Mr. Hughes discussed the Democratic slogan of prosperity.

"We cannot afford in this country," he said, "to assume that our prosperity will take care of itself. Who is so foolish as to believe and to be deceived by a prosperity maintained by the European war? Our opponents assume to ascribe to themselves the benefits that have accrued from that great contest. Their statements will not stand the test of careful analysis. For example, they point to the trade in munitions of war and say that that is but slight in comparison with the trade of the other industries of the country.

"When you look upon Europe we find millions of men in the trenches consuming wealth. Do you suppose you can withdraw from the length and bread of Europe millions of men from productive enterprises and not feel the advantages of it in this country?

"Our opponents point to the development of exports. Do they not understand that there is a tremendous loss in production America is making good — that that is true in almost every industry and every part of our country?

"It is obvious that when you take the manhood of Europe and put it into war, the manhood of America devoted to peaceful pursuits will have opportunity in trade which otherwise must be denied. The test will come when the war is over.

"Do you want to know what is likely to be the result of the test? If you consider the conditions in this country just before the outbreak of the war: We had then the new tariff; we had then the new freedom; we had then the present administration, and we had then men walking the streets unemployed in every city of the country.

"The result was patent to every observer,—that this country could not go on and be prosperous under the policies of this administration. If this administration is saved from the condemnation which [illegible] for its economic policies, it [illegible] by the European war and a [illegible] electorate.

"Our opponents even point [illegible] extent of our gold deposits in the country as though they did not [illegible] that when this war ends there [illegible] be a terrific struggle by European nations to draw our gold [illegible] for their products. It is [illegible] patent that the hope of American enterprise in the near future [illegible] with the party that is devoted [illegible] the principles of protecting American industries.

"I defy our opponents to [illegible] through the country in this campaign and state what they [illegible] stated in previous campaigns [illegible] the tariff. They don't dare to [illegible] because we know and the world knows that the safety of this [illegible] is bound up in the economic principles for which the Republican party stands.

"I do not believe that the American business man is a [illegible]. I do not believe that the American business man is unworthy of confidence. I do not believe in trying to [illegible] America's success and the men in America who are successful. If they were so, God save the commonwealth!

"They tell me sometimes that I am not constructive. I believe in the application of the old Republican principles. Is that not constructive? Elect me and a Republican Congress and you will [illegible] that we believe in protecting American industries."

FOR A BUDGET.

Mr. Hughes reiterated his declaration for a national budget [illegible].

"I do not know anything in the line of constructive work in this country that is more needed than that," said he. "It is fundamental. But I tell you you cannot do it if you are running the departments of our government for mere partisan expediency or to reward political workers with offices that they are not qualified to fill."

Mr. Hughes said he considered the elimination of the pork barrel as a constructive policy.

"We have poured too much American money into streams of a few inches deep and have nothing to show for it," he continued. "How are you going to correct it? You will never do so unless the Executive takes his political life in his hands and opposes. Is that constructive?"

The nominee repeated his [illegible] concerning the appointment to public office only of men qualified to fill office, and pledged himself to select the best-qualified men for office should he be elected.

"Is that not constructive?" he asked. "I regard it so—fundamentally so."

CROCKER TO PRESIDE AT HUGHES MEETING.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—Preparations for the reception here of Charles Evans Hughes, Republican nominee for the Presidency, were declared tonight to be practically complete by the Republican State Central Committee.

Mr. Hughes is scheduled to speak in the Exposition Auditorium next Friday night. Earlier in the day a reception to Mr. and Mrs. Hughes has been arranged at the Palace Hotel. Mrs. Abbie M. Krebs, chairman of the Women's Auxiliary of the State Central Committee, and Mrs. William H. Crocker, have joint charge of the arrangements for this event, which will followed a reception to the nominee at the Union League Club. At noon, [illegible] Mr. Hughes and his party will be the luncheon guests of the Commercial Club, directly after which Mr. Hughes will address the Republican newspapermen of the State, who will be in conference at the Palace Hotel on national and State issues.

It was announced today that the Oakland meeting at which Mr. Hughes will speak would be held at the Oakland Civic Auditorium, designated for the purpose by the [illegible], Senator Joseph R. Knowland will preside.

William H. Crocker, Republican national committeeman, will be chairman of the Friday evening meeting in San Francisco.

FROST FORMS IN MARYLAND.

It's Already Beginning to Look Like Snow in the East.

CREW DEFIANT AS CALLAO PUTS BACK.

BARK UNSEAWORTHY, SAY MEN; REFUSE TO PROCEED.

Three-master Which Started for New York from San Francisco Saturday Towed into Port Again. Captain Denies Complaints True. Authorities to Investigate.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—With the members of her crew defiant and charging misrepresentation, the three-masted back Callao was towed back into this port late today after almost forty-eight hours of drifting about in a dense fog off the Golden Gate with deep-sea tugs searching for her in response to wireless appeals dispatched by Capt. William Tobin.

Trouble started Saturday evening shortly after the vessel had cleared for New York, with a cargo of barley and oil, shipped by the Port Costa Milling Company, a subsidiary of George W. McNear and Company of San Francisco.

Through a spokesman, the crew, according to Capt. Tobin, demanded that the ship be turned back, charging that they had shipped with the understanding the Callao was to be towed to the Panama Canal, whence she would proceed to New York. The men claimed that the vessel was unseaworthy; that the crew was not sufficient for such a voyage; that there was no provision aloft for the safety of the men, and that the blocks and tackles were defective. The crew included only eight able-bodied seamen.

Capt. Tobin denied tonight that the voyage had been misrepresented to the men and that the vessel was unseaworthy and said that he had sent messages for a tug only because the men had refused to obey his orders. As the bark anchored Customhouse officials boarded her but departed after a preliminary survey of the situation. The matter, they said, probably would be taken up with the United States shipping commissioner tomorrow by George W. McNear and Company, who dispatched the Callao as agents for the Brynhilda Shipping Corporation of New York, owners of the vessel.

A new crew will be signed as soon as possible, it was stated, and the voyage resumed.

REVENUE BILL O.K.'D IN CAUCUS

Two Hundred Five Millions is Estimated Yield.

Phelan Loses Fight to Keep House Wine Schedule.

Dyestuffs Tariff in Effect Only After the War.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Aug. 14.—The administration revenue bill, as amended by the Senate Finance Committee, was approved late tonight by the Democratic Senate caucus and will be reported in the Senate by Wednesday. The measure, leaders estimate, will yield $205,000,000 annually, an increase of $7,500,000 over the estimated revenue as it passed the House.

The caucus sustained the Finance Committee amendment to the wine schedule after a vigorous fight led by Senator Phelan of California, for retention of the House rates. As approved, the tax on still wines will be at the rate of 8 cents per wine gallon, and the tax on grape brandy or wine spirits used in the fortification of sweet wines will be 55 cents per proof gallon, as against 10 cents proposed in the House bill.

On champagne and sparkling wine, a tax of 3 cents would be levied on each half pint; on artificially carbonated wine 2½ cents per half pint, and on each bottle or other container of cordials or similar compounds, 1½ cents per half pint.

DYESTUFFS TARIFF.

Several party leaders waged a losing fight against the dyestuffs tariff. In approving the proposal, however, the caucus included an amendment under which the duties will not become effective until the close of the European war, however, or until conditions of importation should have been substantially restored. It always was provided that all existing duties upon dyestuffs shall be suspended during the present war.

WASHINGTON'S WAR WORRIES TOLD OF.

THIRD EDITION WHITE BOOK ISSUED BY DEPARTMENT.

Memoranda Dealing with Armed Merchantmen, the Presence of Allied Cruisers off American Ports and Other Subjects, Published for First Time.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Aug. 14.—The third edition of the American White Book, containing tabulated copies of correspondence exchanged by the State Department with European belligerents during the recent months, has just been issued by the department. It contains no important communications the substance of which has not been published, but reveals textually for the first time some of the memoranda dealing with armed merchantmen, the presence of allied cruisers off American ports and other subjects.

Secretary Lansing's suggestion that merchantmen be disarmed is shown to have been firmly rejected by all of the allied powers, the British Ambassador in a memorandum, dated March 23, summing up their position by saying the allies are "unable to agree that, on a nonguaranteed German promise, human life may be surrendered defenceless to the mercy of an enemy who in circumstances of this kind, as in many others, has shown himself to be both faithless and lawless."

Secretary Lansing, November 16, 1915, it is shown, sent a note to the German Ambassador, summarizing a dozen cases in which German officers and men had escaped from German cruisers interned in the United States, declaring that, "the United States government regards the action of the seamen as contrary to its express instructions and as breaches of honorable conduct" and requesting that the German government promptly return any of these men who may be within German jurisdiction to the United States.

It is disclosed that in a note dated March 20, answering a complaint from Secretary Lansing regarding the presence of British cruisers near American territorial waters, the British Ambassador expressed surprise at the State Department's attempt "to distinguish between different parts of the high seas," and says that he is "unaware of the existence of any rules or principles of international law which render belligerent operations which are legitimate in one part of the high seas illegitimate in another."

OHIO'S BUILDING GOES ON A TOUR.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—The Ohio Building, San Francisco home of visitors from the Buckeye State at the Panama-Pacific International Exposition last year, will embark tomorrow on a twenty-three-mile voyage down San Francisco Bay to its new site, where it will become the abode of the San Carlos Country Club.

The pavilion, which is 132 feet long and eighty feet wide, and which weighs approximately a thousand tons, will travel on scows and will be towed by ocean-going tugs.

Gov. Frank B. Willis of Ohio was notified today of the event and was given the first honorary membership in the club.

BILL ASKS FLOOD RELIEF.

Salutation.

(Continued from First Page.)

for the purpose of preventing the establishment of an industry in the United States or for the purpose of restraining any part of the commerce of the United States.

"Why, that is a piece of legislation that would be about as available as that piece of paper in my hand, in effect, in protecting the American people in this economic war.

"Now, there was a remedy, a countervailing duty which was proposed, but our friends were so strong to their traditions of tariff for revenue only that they would have none of it.

"I am desirous that this matter of the tariff should be attended to without abuse. I do not propose simply because I am a candidate for office to seek office under false pretenses. I am a candidate and a good Republican, but if I am elected I shall endeavor to the best of my ability to see that principle applied for the public good and not for private gain."

Mr. Hughes devoted his attention almost exclusively at the night meeting here to a discussion of the tariff. In his discussion of the tariff the nominee declared that the Democratic party claimed credit for "the great prosperity that the country is enjoying today."

"They seem to think," he said, "that the American people are so lacking in intelligence that they do not know the sources of that prosperity. They seem to think that the American people have very short memories. I think it will be found on election day that the American people have very good memories.

"Our opponents proposed four years ago to reduce the cost of living. They said that what was necessary was to reduce the tariff and, that done, down would come the cost of living. They proceded to reduce the tariff, but they did not reduce the cost of living. What they did was to reduce the opportunities to make a living. They did that right effectively."

The nominee reviewed conditions of unemployment in the country soon after the outbreak of the European war.

"Had there been a taking of stock at that time," he said, "had the American people been able to voice its condemnation, there would not have been much left of the Democratic party, for the people understood what had happened to the American commonwealth, and why."

Mr. Hughes referred to the fact that exports are higher today than ever before.

"I am told that in zinc alone exports jumped in a year 3000 per cent.," he said. "Exports of mules jumped 2500 per cent. in one year. Perhaps that was due to the Democratic party.

"Why, it is an insult to the intelligence of the American people to charge that, or credit that, abnormal artificial prosperity produced by the horrible war abroad to the policies of the Democratic party."

Mr. Hughes also assailed the administration for what he termed its lack of preparedness to meet the situation on the Mexican border, charged that the administration had changed its mind overnight on the preparedness issue "when a great leader went through the country" telling the need of preparedness and reiterated that he stood for "an adequate reasonable measure" of preparedness.

The nominee left here tonight at 9:45 o'clock for Tacoma, where he will speak tomorrow afternoon.

HUGHES'S ITINERARY CHANGED FOR WILSON.

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—William R. Willcox, chairman of the Republican National Committee, announced the itinerary of Charles E. Hughes had been changed through "politeness" to President Wilson to avoid speeches by both candidates in Kentucky, September 4.

From September 1, when Mr. Hughes will be in Kansas City, the itinerary will be advanced one day until Lexington, Ky., is reached, September 5. The extra day gained will be filled in Nashville, Tenn., where Mr. Hughes will speak September 4, the day scheduled for the President to speak in Kentucky.

DIVORCE IS FINANCED.

Wife to Get Three Hundred Dollars Monthly During Suit.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Aug. 14.—Mrs. Blanca Errazuriz de Saulles will get $300 a month alimony and $1000 counsel fees during the time she is suing John Longer de Saulles for a divorce. This agreement was reached today at a conference between Nathan & Prince, attorneys for Mrs. De Saulles, and Lyttleton Fox, counsel for Mr. De Saulles.

In the stipulation between the attorneys, it also was agreed that until the date of the final decree of divorce had been fixed Mr. De Saulles was to be permitted to see his young son, John Longer de Saulles, Jr., 3 years old, "at all reasonable hours and also allowed to remove him from the custody of the mother for periods of three hours length" during these visits. Each parent is to keep the other informed of the whereabouts of the boy while in either's custody. Mr. De Saulles is to have sole custody of the child from September 15 to October 15 of this year.

WRECK REVEALS ROMANCE.

Former Husband of Irma Kilgallen is Again Married.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Aug. 14.—Through an automobile accident at Atlantic City in which two persons were killed, another marriage venture of Joe Howard, a Chicago actor, was revealed. It is said he was married ten days ago to Miss Ethelyn Clark, who was injured in the smash-up.

Howard married Miss Irma Kilgallen of Chicago, the former Countess De Beaufort, who shot and killed herself in an Omaha hotel last spring. At the time the young woman committed suicide Howard and Miss Clark, his vaudeville partner, were in a dressing-room ready to appear for their act. It was then reported that the former Miss Kilgallen had killed herself because of the attentions Howard was showering on Miss Clark.

According to a story from Atlantic City, N. J., an automobile which Howard was driving and another car crashed into a bridge at Gretna, N. J. Two occupants of the other car were killed and Miss Clark was hurt.

Howard raced toward the bridge with the other automobile. Both cars hit the structure and were overturned. Mrs. Howard will recover. Howard opens an engagement in New York this week with Hazel Shelly substituting for Miss Clark if the latter is not able to appear.

Directed by Henry Kabierske

LOS ANGELES

Here's Your Own Photodrama.

WE OFFER THE FOLLOWING COMMENTS FROM YOUR CRITICS, NOT IN A SPIRIT OF BOASTING, BUT BECAUSE WE FEEL PROUD THAT WE HAVE BEEN ABLE TO DO JUSTICE TO THE MOST BEAUTIFUL CHAPTER OF AMERICANISM—THE HISTORY OF THE WINNING OF CALIFORNIA.

Otheman Stevens, "The Examiner"—At last evening's showing the applause excelled all that I have ever heard at any picture and the emotions of the audience were so tense that they could readily be felt. "THE DAUGHTER OF THE DON" can be strongly recommended to all. It will readily commend itself.

Edwin Schallert, "The Times.—No picture that has been shown here has had a more effective opening than "THE DAUGHTER OF THE DON." No more picturesque locality or time could have been selected for visualization on the screen.

Maitland Davies, "The Tribune."—Certain to be a big public favorite. The work shows most accurate attention to historical fact.

Guy Price, "The Herald."—Plenty of love interest—the battle scenes are thrilling with real honest-to-goodness action and the scenic locations have been selected with exquisite taste for beauty.

William Campbell, "The Record."—Sure to meet with overwhelming approval—fiestas, barbecues, rough-riding, mission scenes and and inimitable scenery follow each other in rapid succession.

George St. George, "The Express."—No photoplay that has been shown here has received so much applause from an audience—one of the most interesting photoplays before the public.

SOLDIERS WHO SIGNED PETITION PARDONED.

[BY A. P. NIGHT WIRE.]

COLUMBUS (N. M.) Aug. 14.—The twenty-eight Massachusetts guardsmen who signed a petition supporting the statements made by Private Hugh Clarke, a comrade now under arrest on the charge of sending out false and malicious reports concerning his superior officers, have been pardoned for their part in the affair, it was announced here today.

Clarke, whose articles appeaed in a Holyoke (Mass.) newspaper, will face a general court-martial in the latter part of this month, according to a statement at regimental headquarters.

WEATHER HAMPERS FRENCH OPERATIONS.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Aug. 14, 10:45 p.m.—There were vigorous artillery duels south of the Somme and on the right bank of the Meuse today, according to the French official communication issued this evening. A German aeroplane dropped bombs on Rheims, while German batteries shelled various quarters of that city, destroying the civil hospital and killing sixphysicians. The statement says:

"Bad weather hampered operations on the greater part of the front. There was a somewhat lively artillery duel in various sectors south of the Somme and also on the right bank of the Meuse. An intermittent cannonade took place everywhere else.

"Yesterday evening an enemy aeroplane threw bombs, including several of an incendiary type, on Rheims, while the German batteries fired on different quarters of the town. The civil hospital adjoining the Church of St. Remi and a dispensary were destroyed. Six civilians were killed."

SEVERE FIGHTING WITH THE ITALIANS.

[BY WIRELESS AND A. P.]

BERLIN, Aug. 14 (via Sayville.) The most severe fighting is in progress on the heights east of Gorizia, says the official Austrian announcement of Sunday. Seven times the Italians stormed the heights and were repulsed with heavy losses. The Austrians have captured 5000 Italians since the inauguration of the offensive.

"In the district east of the Vallone Valley our troops repulsed several attacks," says the statement.

Regarding the Balkan front, the War Office says:

"In the southeastern war theater there was only the usual activity along the lower Voyusa, in Albania."

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. Insist on the original. If you need expert advice, write to Swift Specific Co., Atlanta, Georgia.

Curiosity.

WHY THE DELAY? MEXICANS ASK.

Carranza Unable to Fathom the Wilson Policy.

Thinks American Conferees Should be Named.

Victories Over the Bandits are Again Reported.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, Aug. 14.—Carranza government officials today expressed curiosity over the delay by the United States government in naming the American delegates to the American-Mexican conference on border differences. Local newspapers published the fact that Secretary Lane and Justice Brandeis had been asked by President Wilson to serve on the American delegation.

The War Department reported victories by government troops over bandits in small engagements in the States of Oaxaca, Zacatecas and Michoacan.

TO BUY GOLD DRAFTS.

Word has been received here of the purpose for purchasing of gold drafts of the outside world, the commission appointed to regulate the selling price of hemp produced in Yucatan, headed by the Governor of the State, Gen. Salvador Alvarado, having put out an issue of paper money backed by deposits of Mexican and American gold in Yucatan and American banks. Gold drafts are being sold in exchange for this paper.

That there can be no doubt as to the security for the paper, Gen. Alvarado has exhibited publicly in safes and strong boxes at Merida the gold held in Yucatan.

AMERICANS ACCUSED.

[BY A. P. NIGHT WIRE.]

CHIHUAHUA CITY, Aug. 14.—Charges are being circulated even in official circles that American mining and other concerns with vast properties in Mexico are refusing to operate in order to help bring about intervention.

This action, it is claimed, is based on the fact that the only key to the present economic situation, particularly in the State of Chihuahua, is the reopening of the properties.

The American owners import food in large quantities. With plenty of work and food, de facto government officials say, the prevalent tendency of the poorer classes to turn to banditry would disappear. By refusing to operate, it is charged, the foreign concerns encourage lawlessness and deprive the Carranza government of revenue, in the hope, officials say, that its downfall will ensue, attracting the interference of the United States.

CRUISER CLEVELAND COMING HOME.

[BY A. P. NIGHT WIRE.]

VALLEJO, Aug. 14.—The cruiser Cleveland today departed from Mexican waters, where it has been on duty with the Pacific fleet, and is steaming north to the Mare Island navy yard here for repairs, according to a wireless message received at the yard today from Rear-Admiral W. B. Caperton, commander of the fleet. The Cleveland will remain ten days and return to the south.

HOSPITAL TRAIN FOR UNCLE SAM IS READY.

[BY A. P. NIGHT WIRE.]

CHICAGO, Aug. 14.—The first hospital train to be built by the United States government has been completed by a local car-building concern and will leave Chicago tomorrow morning for San Antonio, Tex.

The train, which consists of ten coaches, has been built especially for army hospital work, and is said to be as modern in equipment as the hospital trains in use in Europe.

The train has a service or combination surgical car, which is in itself a thoroughly-equipped operating-room; six cars for patients, one standard Pullman, a combination baggage and library car and a kitchen.

The train will be in charge of Capt. Howard Dailey of the medical corps and will be used to transport men from the field to base hospitals.

FOLLOWERS ROUTED WHILE VILLA HIDES.

[BY A. P. NIGHT WIRE.]

CHIHUAHUA (Mex.) Aug. 14.—While Villa was hiding back in the mountains nursing his old wounds a band of his followers was attacked and routed at San Ignacio, near Escalon, by Gen. Matias Ramos, who lost a captain killed and had his own horse wounded in the fight, according to an official report received today by Gen. Trevino. This places Villa close to the Durango border, near the Mexican Central Railway. Ramos said he believed Uribe led the bandits, and added that he had definite news that this was Villa's own command. Villa is said to be treating his wounds in view of the strenuous work before him when the arrietas get around his flanks, as they soon will be. Ramos reported that his men were following up the bandits.

Gen. Trevino stated that the Martin Lopez band of outlaws has been definitely traced to Guerachio, which lies in a triangle composed of the garrison towns of Torreon on the south and San Andres and Santa Clara on the north. The general has ordered columns of Carranza troops from each corner of the triangle, with other troops from Laguna, to head off any possible retreat to the north.

COLORADO MILITIA DEFERS ENTRAINING.

[BY A. P. NIGHT WIRE.]

DENVER, Aug. 14.—Orders were received late today by Adjt.-Gen. H. P. Gamble from the Central Department, United States Army, at Chicago, directing him to postpone entrainment of the Colorado National Guard units for the Mexican border. No explanation of the order was given.

MEXICAN MUSIC HEARD IN EL PASO.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) Aug. 14.—For the first time since the inception of the recent crisis, a Mexican band crossed into El Paso today to give a concert in a local plaza. The band, attached to the brigade of Gen. Jose Santos, who arrived in Juarez today for a conference with Gen. Francisco Gonzales, included thirty-two stringed instruments. The concert was arranged by Andres Garcia, local Mexican Consul, with the consent of the American military authorities.

American authorities are investigating reports that E. H. Rowe of Amarillo, Tex., has been held without hearing by civil authorities in Juarez for more than a week and that he has been employed daily as a grave digger. Mexican officials asserted Rowe, who recently was employed by the local street railway company, is charged with disturbing the peace.

Private Parker W. Miller, Troop B, Rhode Island Cavalry, died today of a disease diagnosed as scarlet fever but medical officers said there was no danger of contagion.

Newspapers dated August 9, arriving from Mexico City today, spoke of the strike of Syndicalists in the capital as being ended, but deplored the harm done the poor. Not only were the people unable to work, says El Pueblo, but extortionate prices were charged for drinking water and candles, which were made necessary by the waterworks and electric lights being thrown out of commission.

MARYSVILLE LOOMS SOON TO HUM AGAIN.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—After seventeen years of silence, looms in woolen mills at Marysville are to hum to the manufacture of blankets, it was announced here today by the Home Industry League of California. Oregon capitalists will have operatives brought from that State at work within four weeks, it is said.

CALOMEL SELDOM SOLD HERE NOW

Nasty drug salivates, makes you sick and you lose a day's work.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Temporary Restraining Order to Become Permanent.

[BY A. P. NIGHT WIRE.]

TACOMA (Wash.) Aug. 14.—Temporary restraining orders against the striking longshoremen's union and its leaders will be made permanent by orders signed by Federal Judge E. E. Cushman.

This was announced in the United States District Court this morning when the cases instituted by the Chicago, Milwaukee and St. Paul and the Northern Pacific Railroad companies were called for final hearing. Counsel for the railroads announced that they had reached an agreement with counsel for the strikers, which provides that the temporary orders shall be made permanent and the parties to the suit will enter into a stipulation, each waiving rights to damages or costs against the other.

Counsel for the longshoremen confirmed this statement and said a similar agreement had been reached in the Sperry Mill case and probably would be reached in the case of W. R. Grace & Co., counsel also said:

"Under the Clayton law we have a right to continue our strike and conduct peaceful picketing, and these restraining orders simply enjoin us from doing unlawful acts, which we had no right to do with or without an injunction in force, so we, as counsel for the strikers, determined not to resist making these restraining orders permanent. The strike will continue with peaceful picketing as before."

ORDER FOR OIL BREAKS THE RECORD

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—An oil delivery contract, said to be the biggest undertaking of its kind in the history of the oil industry, was signed today between the Mexican Petroleum Company and the Cunard Steamship interests, according to E. L. Doheny, representative of large California and Mexican oil interests. The agreement calls for a maximum delivery of 50,000 barrels of oil daily, it was said, at a figure of something like $700,000 per month.

TO STOP DRINKING ON THE HIGH SEAS.

[BY A. P. NIGHT WIRE.]

MARSHFIELD (Or.) Aug. 14.—County authorities here were seeking today to find some way to prevent the sale of liquor on the high seas off this port during the railroad celebration August 24-26. Word has been received by the District Attorney's office that a steamer from California plans to anchor just outside the three-mile limit, and in addition to selling intoxicants, will permit gambling. The State administration may be appealed to.

TWISTS STEEL BARS AS IF OF WIRE.

[BY A. P. NIGHT WIRE.]

SALEM (Or.) Aug. 14.—John H. Thompson, a Portland blacksmith and a man of massive strength, escaped from the State Insane Asylum here early today. As if they were made of wire, he twisted apart the steel bars of a window with his hands. He is considered dangerous and a vigorous search for him is under way. W. A. McKay, another asylum inmate, also escaped through the window.

TO RUSH THE PLANS FOR THE CALIFORNIA.

[BY A. P. NIGHT WIRE.]

VALLEJO (Cal.) Aug. 14.—A request was wired today to the New York Navy Yard by officials of the Mare Island Navy Yard, asking that the detailed plans of the new battleship California be rushed West, as the local yard, which is building the vessel, has the shop work sufficiently advanced to lay the keel September 30. The Pittsburgh Steel Works, at Pittsburgh, Pa., was also asked by wire to rush the California's keel bars which they are making.

LAST CHRISTMAS'S TOYS JUST ARRIVE.

[BY A. P. NIGHT WIRE.]

PORTLAND (Or.) Aug. 14.—Toys which were ordered eighteen months ago for the Christmas trade of 1915 arrived here today from Hamburg, Germany. They came by rail from New York. Today's shipment is the first of five carloads on their way here.

NEW SHINGLE MILL IF HUGHES ELECTED.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

EUGENE (Or.) Aug. 14.—If Charles E. Hughes is elected President, Lane county will have another shingle mill, giving employment at the start to fifty men, according to an announcement today by A. S. Buck, president of the Buck box factory in Eugene and stockholder in a number of Northwest concerns manufacturing lumbering products.

Mr. Buck has just returned from a trip to the Siuslaw, where he took options on tracts of cedar timber and a mill site. These options are dated to expire November 15, eight days after the election.

"It all depends on whether Hughes is elected," Mr. Buck said today. "If he is elected we buy the timber and build the mill. If Wilson is re-elected we will permit our options to lapse."

Mr. Buck is financially interested in the Monroe Shingle Mill Company at Monroe, Wash. He says that, under the present tariff, the Canadian mills, employing Hindu labor, undersell the mills in the Northwest and that to attempt expansion or the erection of a new mill under such conditions would be folly.

MARRIED, FINED BY SAME JUDGE.

Rancher Wins Bride, then Pays for Speed in Getting License.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

WOODLAND, Aug. 14.—Yolo county's "meanest man" today was Justice of the Peace H. M. Ball. At the stroke of 1 this morning, the justice said the words that united in wedlock H. F. Flint, rich Sacramento rancher, and Miss Virginia Brackett, regarded as one of the valley's most beautiful young women. Three minutes later, Justice Ball fined the groom $20 for exceeding the speed limit while traveling to the home of County Clerk Saunders after his marriage permit. Flint and his bride-to-be had been arrested by Night Watchman Dutcher, who was later privileged to kiss the new Mrs. Flint after he and Constable Clover had acted as witnesses at the nuptials.

JOHNSON MACHINIST SIDES WITH UNIONISTS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 14.—State Labor Commissioner John P. McLaughlin, replying in his official capacity as a State official to a communication from American Stevedore Company, expresses the opinion that the labor situation on the San Francisco water front will not be settled right until union men are employed exclusively in the stevedoring work. The stevedoring firm wrote McLaughlin it did not intend either to lower wages or increase the regular working hours, and that "no discrimination against union-labor would be made on account of union affiliation."

To this letter McLaughlin replied, expressing the following opinion:

"I beg to suggest that, in my opinion, if union men are expected to work with nonunion men, there will be more or less friction as the result. If, on the other hand, the American Stevedore Company will employ union labor in the transaction of their business, I see no good reason why the lumber of this port cannot be handled successfully."

AUGUST SHOWING IN SAN FRANCISCO.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 14.—Just to show an incredulous populace that the elements are not tied down by rules and custom, they have broken all known local records for August rainfall. The precipitation in the past twenty-four hours has been .22 of an inch. The nearest figure is that of August, 1864, when there was a precipitation of .21 of an inch over a period of three days.

The rain started in at 10 o'clock last night and kept coming down gently until 4:30 o'clock this morning. And it is likely, says the District Weather Forecaster, that there will be more rain before fair weather comes again.

MARYSVILLE DRENCHED.

[BY A. P. NIGHT WIRE.]

MARYSVILLE, Aug. 14.—August showers drenched Marysville and surrounding country today for the first time in a quarter century. There were no crop damages.

QUENCHES GRASS FIRES.

[BY A. P. NIGHT WIRE.]

CALISTOGA, Aug. 14.—An unexpected and unusual rainfall in this section last night was a welcome ally in quenching various forest and grass fires and it did no damage to crops, although .31 inches of rain fell.

RAILROADS' TITLES TO LAND AFFIRMED.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—Title of the Central Pacific and Southern Pacific Railroads to Sacramento water front lands valued at millions of dollars was affirmed today by the United States Circuit Court of Appeals as against the claims of the Ennis-Brown Company of Sacramento and fifteen others that the railroads held the lands illegally. Judge William B. Gilbert dissented.

The court decided that, as the railroads had held the lands since 1864 and had improved them for terminal purposes and no effort had been made to cloud the title over such a stretch of time, there was no equity in the plaintiff's contentions. The court declared that the suit should have been for damages at law; that it was not an action in equity under the circumstances.

The Ennis-Brown Company and associated plaintiffs claimed the railroads' title was invalid to a portion of their holdings riparian to the Sacramento River within the corporate limits of Sacramento upon the ground that they had never been used as terminal facilities. They asked the court to determine what portions were illegally held.

Judge Gilbert dissented from his colleagues only in their decision that the action was one for damages.

MINOR ACCIDENT TO THE YALE.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 14.—The steering gear of the steamer Yale became disarranged today as the fast liner, with hundred of passengers on board from Los Angeles and San Diego was passing out of the bay at the Panama-Pacific grounds. Repairs were effected and she proceeded to her dock.

BOX-MAKERS' UNION CALLS A STRIKE.

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—A strike of paper-box makers here was called today by leaders of the Box Makers' Union, who said that demands for higher wages and better sanitary conditions had been refused by the employers. The leaders claimed tonight that 10,000 workers had quit and that there would be 25,000 out tomorrow.

Representatives of the American Federation of Labor are supporting union leaders.

BUSINESS INVESTMENTS—

THE IMPROVED SANITARY FIXTURE COMPANY has had manufactured and sold in Los Angeles and near-by places more than thirty thousand ($30,000.00) dollars' worth of patented specialties: (1) "The Boudoir" bath fixture, an ornamental, convenient and sanitary bathtub and large lavatory, with special fittings, combined in one fixture; and (2) "The Help-Her" kitchen sink and waste separator, a popular labor and expense saver. Sales have steadily grown, by repeated orders from the same customers, and in extending territory. A combination, with a building and manufacturing undertaking is under consideration. Additional official help, with or without investment, is sought on an attractive basis, free from hazard. Full and accurate information, properly verified, at a personal interview. GEO. H. BARKER, President, 632 Metropolitan Bldg., Broadway at Fifth st., Los Angeles, Cal.

Why Society Women Wash Their Own Hair

Few realize how many society women now wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. The thousands who have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only, say they get the best results from a simple home-made canthrox mixture. You can enjoy this, the best that is known for about three cents a shampoo by getting some canthrox from your druggist, and dissolving a teaspoonful in a cup of hot water. Your shampoo is now ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

BRITISH ENTER GERMAN LINES.

But They Were Soon Driven Out, Berlin Reports.

Heavy Attacks on the Somme Front are Described.

Russian Attacks at Lub and Graberka Fail.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, Aug. 14 (via London.)—German positions on the Somme front were subjected to heavy attacks yesterday and last night, the War Office announced today. Two strong assaults of the French near Maurepas broke down. The British succeeded in penetrating German first-line trenches over a front of 700 yards, but were driven out during the night.

OFFICIAL TEXT.

The statement says:

"Southwest of the Thiepval-Pozieres high road the British succeeded early yesterday in penetrating our first-line trenches over a front of 700 yards. They were driven out by a counter-attack during the night.

"Before Guillemont and the lines adjoining to the south a massed attack of the enemy was repulsed with very heavy losses for him.

"Two very strong attacks by the French in the sector between Maurepas and the east of Hem also broke down.

"Supplementary reports state that in the night of August 12, the French attacked the village of Fleury and our positions east of this town, but were repulsed completely. A hand grenade attack by the enemy northwest of Thiaumont work yesterday failed.

"South of La Bassee Canal there was lively fighting. Enemy patrols frequently showed great energy, especially northwest of Rheims, where strong reconnoitering detachments advanced after extensive artillery preparations. Their operations were without success.

"East of Bapaume a British aeroplane was compelled, after an aerial encounter, to make a landing."

ON THE EAST FRONT.

Concerning military operations on the eastern front, an official statement given out here today says:

"Front of Field Marshal Von Hindenburg: In the region of Skrobowa, and on the Oginsky Canal south of Lake Wygonowskoie, Russian advances were repulsed. German detachments dispersed Russian advanced guards east of the canal with considerable losses for the enemy. Near Zarcze on the Stokhod the battle against Russian troops which had advanced was decided in our favor.

"Strong Russian attacks were directed against Lub and the Graberka sector south of the Brody. They were repulsed with sanguinary losses. New attacks are now taking place.

"Front of Archduke Charles Francis: Russian attacks against the Zboroff Konjucay sector failed. Such units of the enemy as had penetrated our lines were driven back by a counter-attack and more than 300 prisoners were taken. West of Monasterzyska, the enemy made an attack in vain."

Regarding the Balkan situation the War Office says:

"No incident of importance occurred. The feigned activity of the enemy died down."

CHINESE TROOPS ATTACK THE JAPS.

[BY PACIFIC CABLE.]

TOKIO, Aug. 15, 9:50 a.m.—Chinese troops have attacked the Japanese garrison at Chengchiatun, between Mukden and Chaoyangfu, and have killed or wounded seventeen Japanese soldiers and killed one officer. According to official advices from Chengchiatun, the Japanese barracks now is besieged by the Chinese soldiers.

Reinforcements are being rushed to the beleaguered garrison from the Japanese forces stationed at Kaiyuan and Sudinghai. The fighting resulted from the arrest of a Japanese merchant.

NAGASAKI REPORTS A CHOLERA EPIDEMIC.

[BY PACIFIC CABLE.]

NAGASAKI, Aug. 15, 9:50 a.m.—An outbreak of cholera here has resulted in forty-eight deaths. One hundred and nine cases so far have been recorded.

THOUSANDS, UNHURT, CAPTIVES OF FRENCH.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Aug. 14.—More than 2000 unwounded prisoners and seventy machine guns were captured by the French in their operations north of the Somme from August 6 to August 13, according to a weekly review issued by the War Office. The number of prisoners was increased by 600 who were taken in the Verdun sector. The review says:

"North of the Somme the week has been marked by some brilliant French attacks which resulted in important gains for us. The number of unwounded prisoners whom we have made in the course of these actions exceeds 2000. We also have captured fifty machine guns.

"In the regions of Verdun counter-attacks provoked by our advance in the Thiaumont-Fleury sector extended throughout the week. They were particularly violent August 6, 7 and 8. We took about 600 prisoners in this sector and twelve machine guns."

HALF MILLION HALTS RUN.

East St. Louis Depositors Reassured at Sight of Money.

[BY A. P. NIGHT WIRE.]

EAST ST. LOUIS (Ill.) Aug. 14.—A pile of currency totalling $500,000 checked a small run of savings depositors of the Illinois State Bank today. Some depositors, after withdrawing their money, went to the receiving tellers' windows and redeposited it.

The run was due to reports spread by a man who telephoned depositors a "tip" that the bank was not safe. Efforts to locate this man have failed. Depositors were assured that the institution was absolutely solvent but to make timid ones feel safe $500,000 was put on the counter in plain sight.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD

Picnic for Employees.

Barker Bros. will hold its annual picnic for employees the 26th inst. The store will be closed that day and the 600 workers will gather at Hermosa Beach for a good time. There will be a programme of sports and other merry events.

To Have Banquet.

The newly-organized Los Angeles Penmanship League will celebrate the adoption of its constitution with a banquet at 6 o'clock Thursday evening at the Clark. The league was organized through the efforts of students of Mrs. C. E. Bean's business school for young women.

For Mission Playwright.

John S. McGroarty, author of "The Mission Play," will be the guest of honor and principal speaker at a smoker at the Chamber of Commerce Friday evening. The unique and beautiful models that are to be taken ahead of "The Mission Play" on its coming tour of the East will also be shown at that time.

Report Progress.

Total subscriptions for the day of $1600, and a grand total to date of $1800, were reported yesterday at the noonday rally of workers for the Chautauqua of the Pacific. Robert McAllen and his team reported the largest subscription total, $1000, while Prof. A. A. Macurda and team reported subscriptions totaling $600.

Local Naturalist Honored.

Dr. Charles Lincoln Edwards, director of nature study in the Los Angeles city schools, has been elected a member of the California Academy of Sciences. On August 16 at the museum building of the academy, in Golden Gate Park, Dr. Edwards will give a lecture describing his investigations and adventures as a naturalist in the Bahama Islands.

To Give Demonstration.

Students in the Young Women's Christian Association's summer course in physical education and playground work will give a demonstration at 7:30 o'clock Thursday evening in the gymnasium of the organization. The demonstration will include work in gymnastics, folk dancing, eurhythmics, games and other branches.

To Address Suffragists.

Miss Doris Stevens, chief organizer of the Congressional Union for Women's Suffrage, will be the principal speaker at a luncheon of Los Angeles suffragists at the Clark Hotel Thursday noon. Miss Stevens has just come from the conference at Colorado Springs, held to determine the union's campaign policy. She will take charge of the California campaign. Mrs. Sarah Bardfield will also speak.

FAMOUS SURGEON BURIED.

Rich and Poor Alike Pay Tribute to Late Dr. Murphy.

[BY A. P. NIGHT WIRE.]

CHICAGO, Aug. 14. — Rich and poor alike paid an impressive tribute to the memory of Dr. John B. Murphy, the noted surgeon, who was buried today from St. James Catholic Church.

Thousands of persons viewed the body at the Murphy home in South Michigan avenue and a larger outpour of people attempted to gain entrance to the church. Streets were lined with people as the funeral procession moved toward Calvary Cemetery.

Bishop Peter J. Muldoon of Rockford, Ill., preached the funeral sermon.

It was stated today that Dr. Murphy left no will disposing of his estate, estimated at more than $1,000,000.

WORRY OVER WRECK KILLS.

Engineer, Though Absolved, Heard Cries of Mangled Passengers.

[BY A. P. NIGHT WIRE.]

TOLEDO (O.) Aug. 14.—Dennis W. Leonard, engineer on the Twentieth Century Limited, New York Central train, which was wrecked at Amherst, O., last March 29, was found dead in bed at his home here early today. Heart disease superinduced by worry over the wreck is given by physicians as the cause of death. He was absolved from blame in the catastrophe, but had been unable to keep out of his mind the sight of the wreckage and the cries of the mangled passengers.

CANADIAN PACIFIC DIVIDEND.

[BY A. P. NIGHT WIRE.]

MONTREAL, Aug. 14.—The directors of the Canadian Pacific Railway Company today declared dividends of 2 per cent. on the preferred stock for the half year and 2½ per cent. on the common stock, for the quarter ending June 30, last.

Does Your Condition Discourage You?

After suffering from a severe cold which care and treatment have not allayed as you think they should, do you feel your system needs a change of treatment?

In many such cases—where symptoms of asthma, bronchial troubles or pulmonary affections appear—Eckman's Alterative has brought good results.

This lime-bearing preparation has been widely used for more than twenty years, with remarkable results in numerous instances.

As with any prescription, too much must not be expected of the medicine itself. At best it can only assist Nature. And here is a remedy that is safe to try, since it contains no habit-forming drugs.

BREAK EMPTIES LAKE.

Collapse of Dam Causes South Carolina Crop Damage.

[BY A. P. NIGHT WIRE.]

ASHEVILLE (N. C.) Aug. 14.—Lake Toxaway, in the mountains fifty miles south of here, was drained tonight as the result of the collapse of the dam which formed it, last night. Through a narrow gorge sixteen miles long leading to Walhalla, Pickens, Anderson and Seneca counties, South Carolina, the water rushed in a wall thirty feet high, but spread out when it reached lowlands, causing slight crop damage but no loss of life.

THE WEATHER.
[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Aug. 14.—[Reported by Ford A. Carpenter, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.93; at 5 p.m., 29.86. Thermometer for the corresponding hours showed 58 deg. and 66 deg. Relative humidity, 5 a.m., 93 per cent.; 5 p.m., 73 per cent. Wind, 5 a.m., northeast, velocity 2 miles; 5 p.m., southwest, velocity 8 miles. Highest temperature, 74 deg.; lowest, 56 deg. Barometer reduced to sea level.

WEATHER CONDITIONS.—A belt of high barometric pressure extends from the Puget Sound region southeastward across the country to the South Atlantic coast, and bordering this high area to the north and south are areas of low barometer. As a result of this distribution of pressure, local rains have occurred in the Rocky Mountains, Plains States, West Gulf coast, thence northeastward to Boston. Kansas City reports a heavy rainfall of 1.88 inches. San Francisco reports a moderate shower. Morning temperatures are lower throughout the country, but high afternoon readings are reported from the Central States. Cloudy and foggy weather prevails along the Pacific Coast. The observer on Mt. Wilson reports that the sky is clear above the twelve-hundred-foot level.

[illegible] first meeting of the officers [illegible] of the Executive Committee of this new organization was [illegible] yesterday in the office of Vanderlyn Stow in the Insurance Exchange Building, San Francisco. [illegible] of the preliminary work of [illegible] the organization, however, [illegible] done in Los Angeles during [illegible] few weeks.

[illegible] to a bulletin, issued by [illegible] of the Census, to which [illegible] was made recently in an [illegible] taxation in The Times, the [illegible] of California in 1913 paid [illegible] per capita for government [illegible]. This is the highest [illegible] cost of county government [illegible] any State in the Union, it [illegible] per capita higher than [illegible] of county government in [illegible] which is second highest.

[illegible] these figures were compiled, [illegible] of government has risen [illegible] and higher, until, it is devised, the time has come when it is [illegible] that careful and constant attention to the subject [illegible] given by the intelligent people of the State. The organization [illegible] comprehensive association is [illegible] purpose.

ITS OBJECTS.

[illegible] objects of the Taxpayers' Association of California, as defined in [illegible] of the association are [illegible]

[illegible] To establish a non-political [illegible] for promoting efficient economy in the management of public business in California [illegible] furnishing the public with [illegible] information concerning the [illegible] of taxpayers' money.

[illegible] To co-operate with and [illegible] work of all local, county [illegible] taxpayers' associations [illegible] and co-operate with [illegible] of the State and of [illegible] and other political [illegible] of the State, in tax [illegible]

[illegible] To do all things necessary [illegible] to carry these objects [illegible]

[illegible] firm, association or [illegible] is eligible to membership [illegible] association that is a tax[illegible] the State of California, [illegible] with the objects of [illegible]. Membership may [illegible] by written application to [illegible] Taxpayers' Association [illegible] Insurance Exchange [illegible] San Francisco.

[illegible] to the Executive Committee there will be a general council [illegible] to the Executive Committee composed of one member [illegible] county. The members of [illegible] will be chosen by the [illegible] of the association in [illegible], and will represent the [illegible] in the county of [illegible].

[illegible] the subject of the [illegible] President Vanderlyn [illegible] yesterday:

[illegible] same time the expenditures [illegible] county and municipal government have been growing apace. [illegible] Controller, in his annual [illegible] of financial transactions of [illegible] and counties of California for the year 1915, shows the total expenditures of municipalities and counties to have been $139,893,089.29 for 1915, as compared with a total of $82,081,563.15 for the year 1911—an increase of nearly $58,000,000 in four years.

"But the matter of current expenditure is not all. The funded debt of our counties and municipalities amounted on June 30, 1915, to nearly $250,000,000, with the end not yet in sight.

"The State Controller, in his 1915 report, says: 'It is highly desirable at this time to awaken the interest of the people, to call their attention to the trend of affairs and to bring home to them a realization of their financial situation.'

"The Taxpayers' Association of California has been organized for the purpose of investigating the expenditures of the counties and municipalities and of giving correct and detailed information about them. Our director, Herbert W. Clark, will gather about him a staff of assistants able to conduct the investigations we propose to make. Our organization is non-political. It will have nothing whatever to do with candidates or parties. It will survey the business of the counties and municipalities of California in a businesslike way.

SEEK ECONOMY.

"We hope the result will be that, through a more economic and careful administration of the public's business, the burdens of taxation will be materially lightened. At any rate, we shall experiment with the situation and see what can be accomplished.

"The association will be organized in the various counties of the State. In several counties the taxpayers have already organized, and with their organizations we hope to co-operate. Our activities will be State-wide.

"On behalf of the officers and Executive Committee I extend an invitation to all taxpayers in the State to become members of this association and to give their assistance and co-operation to its work. Let us see if we can find out why the governmental cost of the counties of California is the highest in the United States, and let us see if we can reduce that cost without in any way impairing the efficiency of our government.

"The offices of the association are in the Insurance Exchange Building and are in charge of our director, Mr. Clark. Anyone interested may obtain copies of our articles of association, bylaws and membership applications from him, either by calling personally or by correspondence. When our work develops somewhat it is probable that branch offices will be established at Los Angeles, and possibly elsewhere."

TO PROTECT PAVING.

Counties' Representatives to Formulate Heavy-vehicle Ordinance.

Chairman Hinshaw of the Road Committee of the Board of Supervisors and County Road Commissioner Joyner were named by the board yesterday as delegates to a meeting to be held in San Bernardino, September 22. The road commissioners and Supervisors of the seven southern counties of the State will meet at that place and time to determine on a standard ordinance providing a maximum weight for vehicles allowed on the paved roads. Heavy trucking on numerous boulevards intended originally only for light machines has worked havoc with much of the paving.

TO DIRECT THE INVESTIGATION.

Officers and Executive Committee of the Taxpayers' Association.

The officers of the Taxpayers' Association are: President, Vanderlyn Stow of San Francisco, financial manager of Stanford University; vice-presidents, John S. Mitchell, president of the Los Angeles Chamber of Commerce; Elmer H. Cox, a director of the Federal Reserve Bank, and George H. Rhodes of San Francisco, secretary of the California Forest Protective Association; treasurer, Charles Deering of the Union Trust Company, San Francisco.

The members of the Executive Committee are: W. A. Cowen of San Francisco, an insurance man; Charles H. Toll of Los Angeles, vice-president of the Security Trust and Savings Bank; B. F. Schlesinger of San Francisco, manager of the Emporium; W. L. Trevert of San Diego, hardware merchant; B. B. Meek of Oroville, olive grower and chairman of the Assembly Committee on Revenue and Taxation in the 1915 Legislature; J. Ross Clark, capitalist of Los Angeles, and Fred Kiesel, a Sacramento banker.

The Taxpayers' Association will carry on its work through a director and his staff of assistants.

The office of director has been filled by the Executive Committee by the employment of Herbert W. Clark, an attorney of New Mexico. Until last month, when he resigned to assume the directorship of the newly-formed association, he was a member of the New Mexico State Tax Commission.

PLOT AGAINST FLYER?

Investigation Indicates Aeroplane Fell Into Ocean at Venice as Result of Tampering with Magneto—Inquiry by County Official.

An investigation being made by Deputy District Attorney Hogan seems to indicate that it was not accident but design that caused Joe Mattingley's aeroplane to take such a disastrous plunge into the ocean at Venice during an exhibition flight July 16.

After Mr. Mattingley was rescued the engine was taken to his hangar at Fourth and Elena streets, Venice, and the magneto removed. Sidney Yates, a magneto expert, is said to have found a lead-filled plug. A small hole is said to have been drilled in an insulating plug of the magneto, the hole filled with lead and the surface covered with shellac. The shellac crystallized, causing a short circuit and the engine was "killed" while the aviator was flying over the ocean.

That some one tampered with the engine is the belief of the investigator. County Detective Austin has secured the statements of Mr. Mattingley, Sidney Yates and J. Kirby. Attempts will also be made to obtain statements from J. H. Hutchins of the Brooks Garage, Thomas McLean and Bert Ables. A mechanician is said to have made a statement concerning another aviator which the investigator thinks is important.

TO FIGHT CHARGE.

Dancer's Former Manager Not Embezzler, Attorney Declares.

Declaring that his client, Richard Bennett, acted within his rights and that the case against him is a civil and not a criminal action, Attorney C. L. Bagley indicated yesterday that the embezzlement charge against Bennett will be vigorously resisted. Yesterday before Justice Hanby, Bennett's bail was reduced to $1000.

The specific charge is that Bennett held back from Theodore Kosloff, a Russian dancer, $250 in money and a railroad ticket. He was the dancer's manager.

LEAKY METER WRECKS HOMES.

Gas Fumes Start Fire that Leaves Families Without Shelter.

A leaky gas meter on the East Side yesterday started a fire that destroyed five cottages with the contents, making five families in the Russian colony homeless.

Fumes squirming from the meter filled the kitchen at No. 515 South Gless street, causing a fire that destroyed the home. It was owned by V. Fhbazas. Mrs. Fhbazas was so excited she was unable to bear any of the furnishings from the house. The loss is estimated at $400.

The fire spread to adjoining buildings, destroying the homes of A. P. Bernal, No. 511 South Gless street; T. P. Shannon, No. 509 South Gless street; S. Kazrias, No. 517 South Gless street, loss $900; M. Badjian, No. 519 South Gless street, loss $150.

The homes were highly inflammable board structures.

Wife Seeks Big Damages from Her Parents-in-law.

Alienation Charge Answer to Action for Divorce.

Abandoned in Cheap Lodging House, She Says.

The answer of Mrs. Frances M. Howarth to the divorce suit of William D. Howarth, filed the 1st inst., in which he charged her with desertion, is an action brought yesterday against his parents, Dennis and Eliza W. Howarth of No. 687 South Harvard boulevard, for alienation of affections. The complaint, prepared by Attorneys Person and Iasigi, contains the sensational allegation that Mr. Howarth took his young wife from his parents' handsome home in an aristocratic neighborhood to a room in a house on East Fifth street, near San Pedro street, a locality inhabited by "lewd and dissolute characters" and, she believes, known to her husband and his parents as such.

On the alleged pretext of going back to his parents' home for clothing, Mrs. Howarth says, Mr. Howarth left her. Later she discovered he had gone to San Francisco, where he was known to his parents as William Mathews. It is her belief, she states, that Mr. Howarth took her to the East Fifth-street house for the purpose of abandoning her and bringing shame and mortification, and that he acted under the advice and direction of his parents.

Mrs. Howarth also declares that the divorce suit was filed on the inducement of his parents, and that the wrongful and malicious action caused her to lose the companionship of her husband and induced anguish and suffering, for which she asks in the way of compensation $75,000.

MET IN THE EAST.

Dennis Howarth formerly operated a large cotton mill at Chester, Pa. He retired from business and came to Los Angeles in 1909. His son, William, met his future wife in Chester, and it was part of the agreement between them, she says, that after he was located in Los Angeles he would send for her. She sets up that he did request her to join him, furnishing her with a railroad ticket and traveling expenses.

The bride-to-be arrived here June 28, 1909, and the following day they were married by Rev. Baker P. Lee before a large number of the friends of Mr. Howarth's parents. Mrs. Howarth says they lived happily together for the first few years at the Harvard boulevard home, partially supported by Mr. Howarth's parents during that time. Her young husband, she declares, was of a weak and irresolute character, and of no settled occupation. For several years past, it is alleged, he depended to a great extent on the bounty of his father and mother for what he ate, drank and wore.

Her parents-in-law, she says, were of an imperious will and exercised an almost complete control over their son. They kept him practically under subjection of their will, wishes and desires. Two years after the marriage Mrs. Howarth went east on a visit to relatives, returning a month later to the Harvard boulevard home unannounced. This seemed to occasion surprise to the Howarths, she says, but it seems she intentionally refrained from notifying them, as her suspicions were aroused by the tone of letters she received from her husband while she was in the East.

THEY MOVE OUT.

Upon her arrival here, her husband announced his intention of leaving the parental house and establishing another. This was decided on, the wife declares, after he had conferred with his parents, a conference in which she did not participate. The home he established, according to the complaint, was a room in the East Fifth-street house.

After her husband left, ostensibly to get his clothing, Mrs. Howarth says, she telephoned during the day and night to her father-in-law and mother-in-law, asking where he was. They told her they did not know. It appears that Mr. Howarth returned from San Francisco, sought out his wife, who had been compelled to earn a livelihood in a department store, and resumed his relations with her. They moved to Corcoran and lived together until May 2, 1912, when they separated. Mrs Howarth declares the separation was caused by the influence of Mr. and Mrs. Dennis Howarth upon her husband.

Mr. Howarth told his wife, she says, that the separation, caused by his parents, was only temporary.

She declares he said that as soon as the parental objections could be removed or upon the death of his parents, it was his desire that they live together again. The filing of the divorce suit is alleged to be a part of a conspiracy to separate her from her husband.

Dennis Howarth is connected with the California Oil, Chemical and Manufacturing Company.

TO DISCUSS GAS RATE.

Council Sets Date for Public Hearing. City Attorney Says State Railroad Board has Jurisdiction if There is Cause for Complaint.

The first Friday in September was set yesterday as the date when the Public Utilities Committee of the City Council will hold a public hearing in regard to gas rates reduction.

Reporting on a communication from a committee of citizens regarding the rates of the Economic Gas Company, the City Attorney said that if in the opinion of the Council the rates charged are excessive the proper procedure was to institute an action before the State Railroad Commission.

To Trade Detective Role for Bride's.

Miss Rosa Logracio,

Whose skill as a detective saved George Ferrera, accused of a grave offense, and who will marry him by way of sequel.

Romantic.

TO WED MAN SHE SAVED FROM SINISTER CHARGES.

A ROMANTIC sequel to a remarkable story of Italian revenge which was brought to naught through the cleverness of a young girl who, playing detective, outwitted her own countrymen and knocked the bottom out of sinister charges, was written yesterday with the announcement of the forthcoming nuptials of Miss Rosa Logracio and George Ferrara. The latter was lately released from the County Jail and a charge of assault with intent to kill dismissed. At the same time, and also through the efforts of Miss Logracio, his name was cleared of dark associations with certain Italian secret organizations whose names are regarded as synonymous with sudden death.

The charge against Ferrara was preferred by Antonio Cangialosi, the Italian sculptor, as the outcome of trouble arising over the financing of the latter's studio—a business transaction in which the 17-year-old girl's mother and her uncle, Rosalino Terzo, No. 1753 Mozart street, were interested. A suit was filed to recover their investment from the artist. There was a fight and the sculptor went to the Receiving Hospital and Ferrara to jail, charged with attempting to kill him.

Black rumors were circulated in the Italian colony regarding Ferrara and gained such ground that the District Attorney's investigators took serious and official cognizance of them. An investigation was started of what was believed to be an organization of commercialized assassination.

Attorney Roger Marchetti represented Ferrara, as well as Miss Logracio's family, in the prior litigation. After the case against the Italian had been set for trial Miss Logracio interceded and succeeded in securing a continuance, stating that she would personally investigate the case and disprove the charges.

For many days she worked quietly among her own people, amassing facts which not even the most astute of the official detectives assigned to the case had been able to learn. Not all of these have been made public, but when the salient results of her inquiry had been laid before Justice Hanby the case against Ferrara was thrown out of court.

Angelenos to Protest.

BRITAIN SEIZES LOCAL GERMAN RELIEF FUNDS?

MEMBERS of the German-American Alliance of Los Angeles, which includes numerous German societies, are expressing indignation over what they term unwarrantable interference by British censors with orders for money for relief work sent from the United States to continental points.

This sentiment was crystallized yesterday when it was declared in Berlin dispatches, by wireless to Sayville, that a letter from the Schwaben Verein of Los Angeles, mailed May 10, has now arrived at Stuttgart after having been opened by the British censors, and that an enclosure, an order for $225, was missing.

The Schwaben Verein, which is composed of former residents of Wurttemberg, has about 700 members in Los Angeles. It is a member of the German-American Alliance, and that body, which will hold its regular meeting Friday night in Turner Hall, on Main street, will take up this particular incident and send a protest to the State Department at Washington.

The $225 was money secured by a recent collection at a meeting of the Schwaben Verein, for relief of soldiers' widows and orphans. The draft, issued by a local bank, was made payable on the Deutschbank of Berlin, and the money was deposited here to the credit of the Queen of Wurttemberg.

Otto Guenther, president of the Schwaben Verein, and Max Socha, president of the German-American Alliance, have especially interested themselves in preparing a protest that will be indorsed by the society here and will then be forwarded to Washington.

No loss will be caused by the disappearance of the order from the letter, but it occasions delay in giving this relief for the purpose intended. Local Germans state this is not the first case of this kind, and they are determined to bring the matter to the attention of the authorities at Washington.

RUSSIA IN THE MARKET FOR MILLIONS IN DRUGS.

REPRESENTING the three largest wholesale drug establishments in Russia, and prepared to purchase, he stated, several million dollars' worth of chemicals in California annually, Walter J. Lementy yesterday made known his presence in Los Angeles to the trade extension bureau of the Chamber of Commerce. Mr. Lementy, who had his name translated from the Slavic into its English equivalent so that he would have less difficulty in doing business here, has been in California the past two months looking over the ground.

Several months ago, the three Odessa, Vladivostok and Moscow houses that Mr. Lementy represents sent a canvasser to the Pacific Coast to investigate the possibilities of purchasing chemicals here. The war with Germany, where Russia purchased practically all its drugs, stopped that field, with the result that today Russia presents the greatest trade market, according to Mr. Lementy, in the chemical field of the world.

It is Mr. Lementy's intention to purchase anything and everything in the chemical line, especially citric acid, caustic sodas, and tartaric acid. These three things he will buy in unlimited quantities, he stated. Borax and olive oil are also desired. And the more dried fruits and ripe olives he can get the better he will like it. Moreover, Mr. Lementy is paying for everything in cash. Since his stay here Mr. Lementy has experienced some trouble in keeping in communication with his home offices. However, when maritime conditions become more settled, Mr. Lementy expects to have the best shipping facilities possible at his command on this coast. For the present, Mr. Lementy will make Los Angeles his home.

Shrine Auditorium Selected for Hughes Meeting.

Five Hundred Vice-presidents to be Named Today.

Booth Leaves for the North Over Coast Route.

Returning yesterday from San Francisco, where he held a conference with the State Republican Executive Committee, W. W. Mines, vice-chairman of that organization, last night announced that Shrine Auditorium has been selected for the great mass meeting at which Charles E. Hughes will speak here next Monday evening.

The mass meeting will be called to order at 7:30 or 8 o'clock by Russ Avery, who will introduce Stoddard Jess, the chairman. These gentlemen will make their remarks as short as possible, the purpose being to give the guest of honor ample time in which to deliver his address.

The Hughes party will arrive here at 9:45 o'clock Sunday morning. The Reception Committee appointed last week will meet the Republican standard-bearer and escort him to the Alexandria. Mr. Hughes will attend church, but which one is not known definitely.

Instead of remaining in Los Angeles over night Sunday as had been previously planned, Mr. Hughes will depart for San Diego early that evening. He will return at 6:30 o'clock Monday evening.

The doors to Shrine Auditorium, which seats about 5000, will be opened at 6 o'clock. Tickets of admission will not be given out. The first to arrive will have the best chance of getting seats. Mr. Mines said the list of 500 vice-presidents will be announced late today.

TO SAN FRANCISCO.

After a strenuous campaign in the South, having made from six to a dozen speeches daily since the middle of last week, Willis H. Booth, the Republican candidate for United States Senator, left last night for San Francisco. This morning he will meet those in charge of his northern campaign and early in the afternoon will start back down the coast.

Mr. Booth did not know last night exactly what his itinerary for the remainder of the week will be, that being left to the decision of those in charge of his campaign headquarters in San Francisco. However, he will be in Los Angeles county again next Saturday, appearing in Santa Barbara Friday evening and Ventura probably Saturday morning.

Having made all of the principal cities and towns in the valley, Mr.

REDSKINS WIN AGAINST CITY.

Piutes Granted a Temporary Injunction to Protect Water Supply.

The Great White Father of the Piute Indians was represented yesterday by Federal Judge Bledsoe, who came to their aid and granted a temporary injunction against the city of Los Angeles, and especially the Board of Public Works, from interfering with the flow of waters in the Taboose Creek, Inyo county.

The petition, prepared by Assistant United States District Attorney Moody, alleged that last August employees of the Board of Public Works went to the little Indian settlement on the creek, and at the point of guns, shut off the waters of the creek from the redskin families. Their idea is supposed to be to have the entire force of the stream, which rises in the high Sierras, flow through the Owens Valley, to where it finally joins the Los Angeles Aqueduct waters.

The matter of making the injunction permanent will be decided by Judge Bledsoe next Monday. Until then, the Indians may use the water of the creek for the irrigation of their small farms.

MAY RECOVER LOOT.

Skylight Burglar's Hidden Spoils to be Bared, Says Attorney—Important "Fence" May be Exposed—Prisoner Plans Escape?

Much of the loot John Morgan took in his "skylight" burglaries may be recovered. Attorney Earl Rogers, representing Morgan, has assured the police he will give his aid in bringing about a return of the mass of jewelry the burglar secured in the several raids. Morgan had disposed of but a small amount of it. Some is hidden here and the remainder has been shipped to Chicago. Sensational developments may occur in Chicago, where it is alleged the major fence of a national gang of burglars has his headquarters.

Morgan startled the police yesterday by wrenching loose a lead pipe from plumbing in his cell, evidently for the purpose of using it in an attempted jail-break. He is held in a steel cell and could have used the weapon only in felling the guards. Then he would have had to make his sprint for liberty through the main corridor of the jail. He was sullen and taciturn when the pipe was discovered. He said it fell from the plumbing.

NEW CHARITIES LAWS DRAFTED.

Two Proposed Ordinances are Submitted to Mayor.

Welfare Commission Control may be Established.

And Present Governing Body may Resign En Masse.

The direction of charities in Los Angeles is expected soon to be under the control of a municipal welfare commission which it is proposed to establish. A new ordinance providing for the appointment of the commission and a penal ordinance in relation thereto were submitted to Mayor Sebastian for his approval yesterday.

If these are adopted the present Charities Commission, headed by Dr. Milbank Johnson, will resign, and the Mayor will appoint five citizens as members of the Welfare Commission. Not more than three out of the five would be of one sex.

In submitting the proposed ordinances to the Mayor the charities commissioners say they do not consider they are ideal, but believe they will meet the situation. They look upon them as the most workable and effective ordinances that can be put into practice at present.

Another ordinance, drawn up by those persons known as the anti-Johnson element, who are opposed to regulation of charities as it now exists, is before the Public Welfare Committee of the City Council.

The Mayor said he is ready to accept the resignations of the members of the Charities Commission as soon as they formally reach him. Dr. Johnson has told him they were prepared to step out. The Mayor could not say who he would appoint as members of the Municipal Welfare Commission.

In effect the new ordinances would carry out the provisions as to charities control inserted in the proposed new city charter, which was defeated by the electors a few weeks ago.

In this connection it is said that the resignations of the commissioners have already been written out and are in the hands of Secretary Sayre Macneil. The commission is composed of Dr. Johnson, chairman; Mr. Macneil, Mrs. O. P. Clark, Mrs. M. J. Hole and P. T. McGarry.

CALAVERAS MINING MAN JAILED HERE.

MANIPULATION OF STOCKS IS CHARGE PREFERRED.

Denies Any Knowledge of Accusations Against Him—Young Wife Asserts Firm Belief in His Innocence—Bakersfield Smelter Deal Interrupted by the Arrest.

W. L. Smith, president of the Mineral Resource Company of California, was arrested here yesterday morning on a telegraphic warrant from Calaveras county, charging him with stock manipulation. With his young wife, he was just sitting down to breakfast at a downtown hotel when approached by Deputy Sheriffs Fox and Nolan and taken into custody.

The arrest, Smith declared, might ruin the possibility of erecting a large smelting plant at Bakersfield. A meeting with the president of the Bakersfield Chamber of Commerce and several local capitalists was to have been held in the hotel yesterday afternoon, but owing to Smith's incarceration, the appointment had to be canceled.

Smith, with two associates, is said to be the owner of a number of mining claims in Calaveras county and these have been worked and the product sent in large quantities to eastern mills. It was the plan to erect smelters at Bakersfield, because of the low price of fuel there.

Mrs. Smith, who was much shocked by the arrest of her husband, asserted her complete faith in her husband's innocence and he denies any knowledge of the charges against him.

TO FORM ANEW.

Final Reorganization of the Local Chapter of the American Red Cross Society is Expected at a Meeting in the Alexandria Next Week.

Final steps in the reorganization of the Los Angeles Chapter of the American Red Cross Society will be taken on the 23rd or 24th inst., at a meeting in the ballroom of the Alexandria Hotel. John L. Clymer, in charge of the Pacific Coast division of the national organization, will preside.

The preliminary action taken last Thursday and Friday resulted in nomination of E. L. Doheny as president; Mrs. Randolph Huntington Miner, vice-president; Miss Margaret E. Scott, secretary, and Charles Toll, treasurer. The nominations will be ratified at the meeting next week, or other names will be put forward.

The former chapter of the American Red Cross Society lost its charter three months ago because of inactivity. The discontinuance of reorganization last week was caused by the activities here in behalf of Charles Evans Hughes, as many of the men who are interested in the Red Cross work have been assisting in planning the reception of the Republican candidate for President.

At the meeting last week, Mr. Clymer scored the British, French, Belgian and German Red Cross societies for their activities in Los Angeles. He stated that the American Red Cross Society could not enter any of those countries and work as their societies have here.

BISHOP A TRUSTEE.

Methodist Leader is Recipient of Appointment to a University of Southern California Honor Post; Comes to Accept It.

At a meeting of the board of trustees of the University of Southern California, held yesterday in the offices of President George F. Bovard in the College of Liberal Arts Building, Bishop Adna Wright Leonard, L.L.D., of the Methodist Episcopal Church, who was raised to the episcopacy at the recent general conference in the East, was appointed a trustee of the university, to take the place of the late George W. Coultas.

Bishop Leonard, who lives in the episcopal residence in San Francisco, came to Los Angeles yesterday especially for the meeting and ceremony. He accepted the position of trust with expressions of deep gratitude for the honor bestowed and prophesied a bright future for the university with a wonderful past.

Mr. Coultas, whose place the bishop fills on the board, was killed July 8, in an automobile accident at Santa Ana.

NO ROOF GARDEN FOR PRISONERS.

COUNTY'S GUESTS ARE TO BE DENIED AIRING.

Jail Building Too Weak to Support Recreation Ground Proposed by Supervisor Hamilton, Says Architect — Recommends New Women's Department.

The County Jail is not to be adorned with a roof garden, as suggested by the artistic temperament of Supervisor Hamilton. Mr. Hamilton was also desirous of giving the women prisoners an opportunity of getting out into the air and enjoying more freedom than they are able to have at present.

County Architect Low and Engineer S. E. Burton of the mechanical department made a thorough test of the jail building, and yesterday morning notified the Board of Supervisors that the present weight of the building already overtaxes the foundations and walls, and that any increase of weight by the erection of a roof garden or additional stories would be dangerous.

Architect Low suggested that a woman's department could be built on the lot adjacent to the Hall of Justice on Buena Vista street, without any great difficulty or expense. He also recommended that a new jail for men be erected where the county garage now stands, on New High street and that the long-contemplated office building for the housing of the Sheriff's department and other cramped departments, including the District Attorney's office, be built where the jail now stands.

These suggestions were not acted upon, being merely received and filed by the board.

Ceremonial.

SNAKE DANCE DATES.

Santa Fe is Notified Weird Rites of Hopi Indians will be Held on the Twenty-fifth and Twenty-sixth of This Month at Pueblos.

Word has been received at the general offices of the Santa Fe that the snake ceremony of the Hopi Indians will be conducted at Oraibi the 25th inst., and at Hotaville the 26th.

This unique prayer for rain is raised yearly. It has been pronounced the most weird and amazing spectacle to be seen anywhere in the world. It is also becoming more and more an attraction for the tourist and sightseer.

The Department of the Interior requires that all visitors to the Hopi reservation shall have permits issued by the United States Indian agent, Leo Crane, address care Hopi Training School, Keam's Canyon, Ariz. If the time is short the permit will be sent in care of the Santa Fe agent at the point of leaving the railway. The Hopi villages lie a short distance from the Santa Fe line, and the last leg of the journey is made by conveyance generally across the Painted Desert.

COME ONLY ON CALL.

Supervisors will Invite Department Heads to Meetings When Wanted.

The Board of Supervisors yesterday adopted an order that hereafter the heads of departments of the county government need not attend meetings of the board, except when their presence is requested.

The action resulted from a communication to the board from Auditor Lewis, in which he called attention to his regular attendance on the meetings, saying that it had been the opinion of his department that the business of the Auditor's office in its relation to the general business of the county made the constant attendance of the Auditor or his representative necessary at all times when the board was in session.

FIND OPIUM CACHE.

Officers Unearth new Evidence Against Accused Mexicans.

When Antonio Garcia Cariejo, Lorenzo Vasalo and Mrs. Concha Fernandes appear before United States Commissioner Hammack at 9:30 o'clock this morning for arraignment on the charge of having opium illegally in their possession, they will be confronted with unexpected evidence.

The charges against them were based on the finding of a single can of the drug several days ago.

Yesterday, special officers of the Treasury Department and local police officers during a thorough inspection of the home of the trio, found eighteen 5-tael cans of opium hidden away in a window casing. The contents of the cans is valued at approximately $1500.

BURNS THREE COTTAGES.

Early-morning Fire at Temple Road and Benton Way.

Fire of unknown origin started at 4:35 o'clock on Sunday morning in the house at No. 2720 Old Temple road, at the junction of Benton way, owned by E. P. Crews. It spread to the building at No. 2716 on this street and to a cottage at No. 444 North Bryant street, the property of E. E. McClanshan.

The buildings were practically destroyed, and in connection the outfit of an extensive poultry yard was burned. The total loss is estimated at $6000.

SPELLACY RESIGNS FROM COUNTY BOARD

CIVIL SERVICE COMMISSION AGAIN HAS VACANCY.

Oil Man Absent in East for Indefinite Stay Wires He will be Unable to Perform Duties of Office—Was Elected by the Vote of Independent Supervisors.

Timothy Spellacy yesterday wired from New York to the Board of Supervisors his resignation as a member of the County Civil Service Commission. Mr. Spellacy has been in the East nearly two months on business in connection with his extensive oil interests in California and Mexico. He wired that as he was called away from Los Angeles so frequently, and his present stay in New York might be much extended, he felt he would be unable to give the attention which the duties of the office demanded, and, in fairness to the office and the taxpayers, he could not continue in the office.

No action was taken on the resignation, although it probably will be accepted, owing to the inability of Mr. Spellacy to attend all of the commission meetings. This will leave civil service matters in the hands of ex-Mayor Alexander and C. H. Windham.

When Ira J. H. Sykes resigned from the commission, which holds practical dictation of all county positions, Supervisors Norton and Hamilton carefully groomed John B. Reeves, union laborite plumbing boss, for the place, shortly after he had been admitted to citizenship.

Reeves was proposed as a Prohibitionist, but that party absolutely repudiated him.

These two Supervisors were much surprised when Supervisor Woodley suggested Mr. Spellacy. The three independent members of the board voted for Mr. Spellacy and yesterday expressed sorrow that the one real business man of the commission has been forced by personal business to withdraw.

A lively scramble for the office is expected. Although the place pays less than $50 a month, only a small stipend for each meeting attended, and is largely honorary, it carries the weight of dictation as to who shall or shall not continue in the employ of the county, and thereby gives great powers to the members.

Calculation.

JUDGE A PEDESTRIAN.

Finds Distance Dividing Chambers and Bench Makes Him Walk Too Much and Exposes Him to Waiting Lawyers—To Change All That.

Judge Rives of the Probate Court, after a mental calculation, discovered that every court week he walks an unnecessary three-quarters of a mile. This represents the space between his chambers and the bench. The bench is on the west side of the Courthouse; his chambers lie in the northeast corner, and four times a court day he walks from chambers to bench and back again.

He will save this distance and time by moving the bench to a point near his chambers. Also, he will not be stopped at every step by a long line of attorneys who lie in wait for him until he gets off the bench.

SOCIETY.

To meet their young house guest, Miss Hazel Brownell of Toledo, O., Mr. and Mrs. J. Elmer Brown are entertaining with many affairs. Last Mrs. Brown presided over a pink-and-white luncheon in honor at the Brown's attractive bungalow, No. 1493 West street, the table being in a pink and white basket with stalks of pink amaryllis. Place cards bore sprays same flower. Throughout the baskets and vases held pink lilies, with graceful, fluffy of pink tulle. Covers were Miss Brownell, Mrs. W. A. Mrs. C. A. Brown, Mrs. J. Mrs. F. A. Brown, Miss Brown, Mrs. Paul A. Zugler, E. Roby and the hostess.

Pretty Affairs.

At her home on Normandie avenue, Mrs. John Elra Fencel received informally from 2 until 5 the afternoon of the 4th inst. Tea was served. The rooms decked in showers of garden arranged at vantage points. Mrs. Fencel also joined with Mrs. H. Oliphant in giving a dancing party at the Oliphant home, No. 452 Mt. drive, last Friday evening. Scarlet geraniums and vivid lanterns were used effectively in decorating—all that was to augment the moonlight entrancing scenery. The punch also in scarlet, was at one the comfy porch. Hospitality extended to Mr. and Mrs. A. Mr. and Mrs. Atkinson, Mrs. Stanley Bent, Mr. and Charles Bent, Mr. and Mrs. Badger, Mr. and Mrs. Carr, Mr. and Mrs. Thomas of Alhambra, Mr. and Mrs. Bartlett, Mr. and Mrs. Owens, Mr. and Mrs. Walter, Mr. and Mrs. Hansen, Mrs. G. DRAMA.

Orpheum.

POTASH COMES BACK.

FAMOUS "ABE" LIVES AGAIN IN CARR'S HUMOR.

By Grace Kingsley.

This week's bill at the Orpheum is only another proof that Martin Beck takes no account of the theatrical "silly season," giving us credit for fine appreciation in hot weather as well as in cold.

The famous "Mr. Potash" returned to us on the Orpheum stage, yesterday, reincarnated. As for Alexander Carr's new playlet—ah, "that's something else again," as "Abe" would say. Suffice it, Mr. Carr could hardly have found a more delightfully human one than Edgar Allan Woolf's "An April Shower," in which he gives a rare impersonation of that paradoxical character, the money-grubbing, hard-fisted, yet generous, human and sympathetic Hebrew with whom Montague Glass has made us familiar. In this, Carr's genuine and compelling art does with us what he wills.

It's no use. Vaudeville has gone hopelessly highbrow. If you don't believe me, watch the Orpheum audience sit breathless when a quiet little man in dull gray clothes, with no mannerisms and no make-up, seated at the piano, awakens the ivories to the passionate brilliancy of Rachmaninoff's prelude, or to the lilting joy of De Beriot's "Valse Caprice." Maybe there aren't many in the audience who know about "phrasing" and "technique," maybe they never heard of G. Aldo Randegger, but they know that here is a man who knows how to give them rippling melodies and bright harmonies that mean something.

Personality and "pep" have Jim and Betty Morgan, who play the piano, and comedy on the ukulele and piccolo. Miss Morgan, who also sings, has a charming way of reaching across the footlights and making her audience want to go right up and say hello. As it is, the Orpheum crowd makes them do all they know, and then cries for more.

Clark Martinetti and Joe Sylvester can make furniture nearly as funny as Charlie Chaplin does, and they do some clever acrobatic stunts.

Nan Halperin continues to flash brilliantly from one winsome mood to another in "The Five Stages of Girlhood;" the Imperial Chinese Trio please in some delightful new musical numbers; Theodore Kosloff has changed the personnel of his company to some extent, but they continue to fascinate in the dramatic dances presented, and Moon and Morris are as delightful as last week in their Siamese dancing stuff.

Tally's Broadway.

Some of us cross our fingers when we speak of Lina Cavalieri as the "most beautiful woman in the world," because we all have different ideals of beauty. But there isn't anybody who will not admit that in "The Shadow of Her Past," being shown at Tally's Broadway this week, she exhibits great beauty, grace and compelling histrionic powers.

As a person beholds Mme. Cavalieri on the screen, the impression of what grace of body such as hers means to the screen grows stronger and stronger and one wishes that our clever but, alas too often awkward, heroines would take a few lessons in physical culture from this lovely woman.

The story of the film play is strong, with a tragic ending. The music has been thoughtfully arranged, and is played with telling effect by the orchestra.

Superba.

If someone whose acting we didn't like played two roles in the same photoplay—well, it would be just twice as bad as one, that's all. Merely as a technical curio, the sight of a man shaking hands with himself and fighting himself with a sword, etc., is an interesting sight, however. When it is Henry Walthall who is performing the feat, we really welcome it as an artistic achievement.

Walthall is appearing to very good advantage indeed, at the Superba this week, in "The Sting of Victory," a Civil War photoplay, in which as one brother he fights for the North and as the other brother he fights with the southern army. Certainly there is one comfort about the double role—if we weep with Walthall, the northern soldier who loses his sweetheart, our sorrow is assauged as Dalthall the southern soldier, takes her in his arms at the final curtain.

The play is a strong, human drama, of immense appeal, exceedingly well acted and well staged.

For Ways that are Dark.

The Chinese "girl" appearing with the Imperial Chinese Trio at the Orpheum is not a girl at all, but a Chinese boy, who has been educated in this country. As boys habitually play the parts of women in the theaters of China, however, the stage license is entirely excusable.

Hospital Note.

Willie Collier, Jr., 14 years old, was ill a few days during the filming of "The Bugle Call," the excellent photoplay in which he is starring at Clune's Broadway this week. One night Collier, Sr., and Mommer Collier went out to dine with some friends and Willie, Jr., was left at home to nurse his sore throat and, incidentally, a grouch, alone.

In the middle of the dinner the telephone rang. A maid brought the word: "From Master Collier, for Mr. Collier."

Everybody's heart stopped beating. Was the dear little fellow more seriously ill? Oh, what if the darling should develop diphtheria and pass away!

William Collier, pere, returned to the table.

"What is it?" was breathlessly demanded.

"The message is," said the elder Collier, "the message from that cherub boy is, 'I hope you all choke!'"

History Note.

Clifford Bruce, who appears with Dorothy Green in "The Devil at His Elbow" at the Symphony this week, was for several seasons leading man with Maude Adams.

Neglected Education?

Fook Lok, pianist with the Imperial Chinese Trio at the Orpheum, doesn't understand the gentle language of American slang a-tall.

"You certainly can pound the ivories!" somebody complimented him the other night.

"I beg your pardon!" said the Chinese.

"Why, you can pound the box, rattle the horse's teeth—you know!" explained the complimenter.

"I'm sorry," said Lok sorrowfully, "but I know only the English. I have not yet mastered the—what you call it—the Hobo tongue."

Vera Fredowa,
With the Theodore Kosloff ballet troupe, now in its third week at the Orpheum.

Professional Note.

Al Jennings, who some years ago terrorized several of the Middle and Southern States by his acts of outlawry, was introduced by Director McRae to Frank Spearman, well-known writer of railroad stories, at Universal City, the other day. McRae was telling Spearman what a wonderful shot Jennings was, and how he had called upon him to use a revolver with absolute accuracy in a scene in one of his recent productions.

"I suppose you learned to shoot in the army," said Spearman.

"No," replied the former bandit with a smile, "in my regular business."

Champion Dog-howler.

How to howl a dog? That was the question which confronted Henry Walthall's director in "The Sting of Victory," being shown at the Superba this week. The scene is that in which the negro mammy attempts to escape from the deserted prison, and the dog, left behind, is supposed to howl. They tried playing horns and harmonicas, and things. The dog just wagged his tail and begged for more. Finally Walthall admits he sang, and that then the dog howled. And he says if he ever loses his job he feels sure he can get a job at howling dogs, because he knows no dog is songproof when he, Henry, is the singer!

READY TO ASSIGN TEACHERS TO JOBS.

SCHOOL BOARD TO UNDERTAKE THE TASK TODAY.

Appointment of Constable for Belvedere District to be Sought, to Curb Activities of Gang of Unruly Boys—Torrance Site Offer Accepted.

Announcement was made at a meeting of the Board of Education last night that work will begin today on the assignment of teachers in the city schools. It is expected all will be assigned by September 1. The schools will open September 11.

Deputy Superintendent Monlux stated that disposition of the case of the six teachers, which matter was laid on the table at the time of the general report on the teachers who had public hearings after the failure of the board to re-elect them, is an important factor in the work of assigning principals, and should be cleared up at once. Maj. Copp, member of the board, stated after the session that nothing will be done on these cases until the return of W. J. Washburn. He is expected to be present at the meeting next Monday night.

The request of the Public Service Commission that the Board of Education sign up the schools of Hollywood to use municipal electrical lights was referred to the Finance Committee.

The Board of Education, by action taken last night has begun a movement to secure the appointment of a constable for Belvedere district, which is located just outside the eastern city limits.

For several years what is known as the "Owl Gang," composed of young hoodlums of that neighborhood, has been a source of trouble there, and its headquarters appear to be in proximity to the Rowan-avenue school. As the nearest constable is seven miles away, the board decided to take the necessary steps to petition the Supervisors to appoint a constable for the neighborhood, and thus relieve unsatisfactory conditions created by the gang of unruly boys.

The board decided to accept the offer of the Dominguez Land Corporation of Block No. 49 of the Torrence tract, containing 9.011 acres, for $5400. This is for a school site for Torrence. The first unit constructed will have seven rooms.

GENERAL REVIEWS.

"Three wild women were they, were they, who set off together one summer day"—and the old nursery song tells of the hit they made with the men during their various adventures. It is surely these same three, young and pretty, but nevertheless wild, in spots one, two and three at Pantages this week.

Of the theme of Rose and Ellis, Rose makes these thrilling leaps and flips in and out of barrels, but Ellis is the wild miss who conceals her beauty in a Slivers make-up and happily clowns her way through the act.

Then comes that wild-haired one, Mabel Harper, self-styled "Just a Nut." She is. Her mugging and her songs are wild, but her epigrams would make Marshall Wilder.

The third is Joan Storm in "His Alibi." That playlet is saved from being a monologue by three words, spoken by the mere man of the piece. When Miss Storm is exhausted by her ten-minute torrent of words, he says, "I thank you."

Al Golem and his limber troupe of Persian men and women, said to be court entertainers to the Shah, but that is secondary to the fact that they arouse enthusiasm of his majesty, an American audience. "The Slave Dealers" is one of the most elaborate and thrilling productions seen for a long time on the stage just north of Mercantile Place.

The "Poet and Pheasant" overture on a banjo! That is Joe Roberts first number and he follows it up with a succession of selections that crescendo to a big finish.

The character musical sketch, "Christmas Eve," presented by Brown and Fletcher Trio is also enthused over by the musical fans.

The twelfth installment of Billie Burke's serial, "Gloria's Romance," is entitled "Her Fighting Spirit."

It is a lively show this week.

Burbank.

"Broadway Jones," with Percy Bronson in the leading role, opened its second big week at the Burbank last night. Mr. Bronson is making a very big hit as "Broadway," and the remainder of the cast give most satisfactory characterizations.

Hippodrome.

The Hippodrome bill this week has much variety and many pleasing features.

Charles and Anna Glocker contribute a unique juggling novelty, which has a humorous fringe of comedy. La Serite is a dancer who presents some new ideas in the Terpsichorean field.

"Love at First Sight" is the offering of Mr. and Mrs. Barney Gilmore, who give a refreshing portrayal of Irish lovers, as well as introducing some good comedy.

A neat singing, dancing and piano frame-up is offered by Jack and Marie Gray. Scenes from "The Merchant of Venice," "Rip Van Winkle" and other classics are admirably acted by Hal Stephens, whose impersonations are thoroughly pleasing and artistic. Charles Batholomew is billed as "the Dublin Dandy," and has some good material which gets over nicely.

Tom Brown's minstrels, seven clever and accomplished boys, bring to life the old minstrel days, and are proving a big hit.

Republic.

Waneba, the sensational and spectacular Oriental dancer, is heading a midsummer road show at the Republic this week. This act is a repertoire of the latest far eastern dance novelties, that is a rare treat to Terpsichorean enthusiasts. Georgia Howard, the dancing violinist, is also proving a delight to her hearers; Hagan and Ross also have a good act, in which they sing, yodel and impersonate well-known musical comedy and operatic stars; the Grace Sisters have a good singing and dancing turn and Cunning and company complete the vaudeville end of the new bill with their presentation of spectacular illusions.

The photoplay headliner for this week is "Broken Fetters," a strong drama dealing with the customs of the Chinese, in which is starred the charming favorite, Violet Mersereau.

Alhambra.

William Farnum in "The End of the Trial," a gripping drama of the snow-covered Hudson Bay country, is the new attraction at the Alhambra Theater. Mr. Farnum does some of the best acting of his career in the role of Jules LeClerq, a trapper. The picture was filmed in the Yosemite country and abounds in beautiful and effective settings.

The added attractions include a brand new monkey comedy featuring the famous pair of Simian comedians, Napoleon and Sally.

Musical.

EXTEMPORE ARTISTRY

LEMARE SHOWS RARE SKILL IN IMPROVISATIONS.

By Edwin Schallert.

Edwin H. Lemare proved his extemporaneous powers in the realm of musical expression with very telling effect in a brief but highly-interesting five minutes of his organ programme Sunday afternoon at Clune's Auditorium. His improvising on themes submitted by members of the audience, which occurred as the last number on the programme, was well worth waiting for, even though all too short. He showed a positive form of wizardry in his elaborations on the simple musical ideas.

All in all, Mr. Lemare's programme was a trifle too long for the general character of the recital. There were delightful bits like "Elfentanz," by Bernard Johnson, and the "Sposalizio," by Liszt, that carried a ready popular appeal. But a portion of the Mendelssohn Sonata could have been dispensed with.

Mr. Lemare's formal compositions possess an informality that does not mark those devoted to the less conventional task of presenting pictures to one's mind.

COMES BACK AT EARL DEFENSE.

Hinshaw Gives More Details of Bossism Attempt.

Note Commanding Appointment a Storm Center.

Manipulations to Carry Out Orders Alleged.

Supervisor Hinshaw, who last Saturday evening in a public meeting at Long Beach told of the efforts of E. T. Earl to dictate who should be appointed to county positions, and showed his audience a note he had received from Earl commanding him to make a certain appointment, last night replied to Supervisor Hamilton's attempted defense of Earl. Mr. Hinshaw said:

I notice that Supervisor Hamilton, in a letter printed in an Earl paper, has quickly come to the rescue of Supervisor Norton and Mr. Earl. Why not? Could we expect anything else?

A study of the contents of this letter, however, only proves still more conclusively the attempt by certain "special interests" to control the county government with the assistance of certain members of the Board of Supervisors.

Mr. Hamilton, after referring to my Long Beach address, and to the "Do it, Hinshaw," order from Mr. Earl, says: "He clinched this astounding revelation by showing that four days later I introduced my resolution to make the Auditor controller and county manager. He insinuates that this was intended to 'put out the present Auditor and admit of the appointment of a man named in the written communication.' Unfortunately for this 'expose,' the public will distinctly recall that my proposal was that not Mr. Hassell but Reynold E. Blight be named as Auditor, on condition that the Civil Service Commission would consent to his appointment without examination under Section 35 of the charter; and, the Civil Service Commission having ruled there must be an examination, I was at all times willing to have the examination held and appoint the man standing highest in the test."

This reference is certainly an oversight, or an attempt to cloud the issue, by making it appear that there was no attempt to carry out the request of Mr. Earl because Mr. Hamilton had named Mr. Blight in his resolution.

That resolution was introduced about September 14, 1915. Within three days after the order was given by Mr. Earl to me, Mr. Hamilton introduced a new resolution, leaving out the name of Mr. Blight, changing the qualifications, giving a new title and raising the salary. This was a singular coincidence if it was not for the purpose of following the orders of E. T. Earl.

Mr. Hamilton also states in his letter that my vote to continue an incompetent official in the Auditor's office and ex-officio in the bureau of efficiency is costing a great deal of money. It might be borne in mind, however, that the only time when there has been any inclination on the part of the two members of the board referred to to select a new Auditor was always conditional that a man of their choosing either be named directly or that the qualifications be so arranged that no one else could get in. And the order of Mr. Earl to make the appointment only shows the determined efforts to have the scheme carried out.

In my address at Long Beach I stated that I was not commenting at that time on the quality or efficiency of the services rendered by the present County Auditor, but only referred to the manner in which we were commanded to select the new man.

Mr. Hamilton states that if Mr. Earl had ever mentioned the matter to him he would have given his suggestion the consideration it merited. This, indeed, would have been very appropriate had the suggestion come from him as a citizen and in the interests of good government. But when the demand comes from the editor and owner of two daily newspapers, following threats in previous issues where like requests had not been carried out—that he would "fix" or "take care of" the man who refused—I believe it is time that the voters of Los Angeles county were given to understand the pressure that is brought to bear on a public official who dares to do his duty if such duty is in conflict with personal or political interests of any individual.

I have been connected with the county and State governments for the past six years and have endeavored to stand for a clean administration both in business and politics, and I resent orders to carry out any scheme which is not in line with the policy for which I have been standing, regardless of where it originates.

All Happy.

DOUBLE WEDDING.

Mother and Daughter are Brides at Same Ceremony—Motor from San Diego to Los Angeles to Marry to Escape Attention.

Mrs. Jessie M. Vreeland, aged 39, and her pretty daughter, Miss Mabel R. Vreeland, aged 18, of San Diego, both became brides in this city yesterday. The mother married Dr. Charles Ludlow of Portland, and the daughter became the bride of William D. Rambo of San Diego. When mother and daughter learned that each had become engaged they decided to simplify matters and hold a double wedding.

The two couples left San Diego Sunday and drove to Los Angeles, being married by a justice of the peace yesterday morning. They then drove back to San Diego, arriving last night at the Vreeland home at No. 3953 Florida street.

Later the two happy couples will go to Portland to live, where Dr. Ludlow practices.

"We thought we would go to Los Angeles to be married to avoid any unnecessary fuss or attention from our friends," said the younger bride.

Mrs. Ludlow is the widow of Edward A. Vreeland. Mr. Rambo is a chauffeur.

Hughes Meeting.

(Continued from First Page.)

Booth wants to appear before the people along the coast route.

WOMEN FOR BOOTH.

Mr. Booth was given a cordial reception yesterday afternoon at a meeting of women who assembled at the Clark Hotel under the auspices of the Women's Booth for Senator Club. Former Judge Walter Bordwell, who has taken off his coat in the interests of Mr. Booth, also attended the meeting and made an address. A large number of the leading women of the city were present.

Mr. Booth declared that his opponent—he never mentions him by name—is an agent of destruction rather than of construction and said a man acknowledging such principles should not have the support of forward-looking citizens.

"It is a matter which vitally interests every man and women in our great State," he said. "Northern California has conceded the right to the south to have the next Senator and I firmly believe that the voters throughout the State resent the attempt of my opponent to take the honor from that part of the commonwealth which deserves it.

Former Judge Bordwell pointed out that Gov. Johnson cannot even vote at the Republican party primary, yet he is seeking the nomination of that party. He is opposing the Republican party in every conceivable manner, and, notwithstanding, is seeking one of the highest honors that party can bestow.

Mr. Booth does not intend to seek reflected glory from Charles Evans Hughes when the distinguished standard-bearer is in the south. The Senatorial candidate will be here when Mr. Hughes is a guest of the city and will meet him and attend the mass meeting on next Monday evening. Further than that he will take no advantage of the next President's visit.

It is planned by Mr. Booth to bring his southern campaign to a close in Long Beach, probably on Thursday evening, the 25th inst. Arrangements are being made for a monster gathering. Following that meeting Mr. Booth will return north.

Unique Entertainment.

The mass meeting to be held next Thursday evening at the Little Theater, South Figueroa street, near Pico, in the interest of the candidacies of Willis H. Booth and George W. Prince, who seeks the Republican nomination for Congress in the Tenth District, will be unique, plans having been made for two dramatic artists to appear on the programme and a number of musicians. Fred Harlow, a good Republican, has consented to send the famous trio, McWilliams, Baldwin and Stendal, to the meeting for several musical numbers, and William Rudolph will give the services of several of his musicians. Hon. J. F. Stutesman will speak for Mr. Booth.

Meeting for Osborne.

A rousing meeting for Capt. Henry Z. Osborne, Republican, candidate for Congress from the Tenth District, is being arranged by his friends at the Soldiers' Home, while a second meeting will be held later for Willis Booth for Senator and H. Z. Osborne for Congress at Sawtelle, where both candidates have a large number of enthusiastic workers.

Speaks to Film People.

Dist.-Atty. Thomas Lee Woolwine yesterday afternoon addressed the employees of Universal City in response to an invitation by the management, and appealed for the support of the film people in his campaign for re-election.

Boyle Heights Meeting.

Mark G. Jones, candidate for Supervisor in the Second District, will address a meeting tonight of the Boyle Heights Civic League at the Breed-street school. The meeting will be presided over by Mrs. C. B. McClure. Other speakers of the evening will be R. P. Benton, candidate for Assembly from the Sixty-sixth District; Judge Gavin W. Craig, candidate for Superior judge, and J. Harvey Hozel, candidate for State Senator. Assemblyman Benton was unanimously indorsed last night by the Sixty-sixth Assembly District Club.

Neighborhood Gathering.

A. W. Francisco, candidate for State Senator in the Thirty-seventh District, last night addressed a meeting of men and women at the home of Mr. and Mrs. C. E. Penderton, No. 678 South Burlington avenue.

Luncheon for Women.

Mrs. R. W. Richardson, the popular president of the Women's Republican League, has arranged for several short talks by candidates at the regular weekly luncheon of the organization to be held at the Broadway Department Store Friday.

An Income for Life.

Of all the investment opportunities offered there are few indeed not open to criticism. Absolute safety is the first requisite, and adequate and uniform return equally important, and these seem incompatible. Aside from government bonds, the return under which is small, there is nothing more sure and certain than an annuity with the AETNA LIFE INSURANCE COMPANY, by which the income guaranteed for a certain lifetime is larger by far than would be earned on an equal amount deposited in an institution for savings, or invested in securities giving reasonable safety. Thus a payment of $5000 by a man aged 67 would provide an annual income of $620.35 absolutely beyond question or doubt. Call or address I. J. CLERKS AWAIT BALLOT RULING.

Supreme Court to Make Early Bordwell Decision.

Seeks Writ to Compel Name to be Eliminated.

Hopes to Save Confusion in Voting for Senator.

The question of whether the name of former Judge Walter Bordwell will appear on the ballot at the coming primary election as a candidate for the Republican nomination against Willis H. Booth, the regular Republican candidate, and indorsed by the State-wide Republican conference, will be definitely decided by the State Supreme Court next Thursday morning. A petition for a writ of mandamus was filed yesterday in San Francisco, at the instance of Mr. Bordwell, for the purpose of having a legal determination of whether his name should go on the ballot.

It is understood that Thomas McAleer, Registrar of Voters, will be prepared to eliminate Mr. Bordwell's name from the ballot in the event the Supreme Court upholds the contention that it should not be printed. Other registrars who are disposed to be fair in the matter also will see that Mr. Bordwell's name does not appear on the ballots under their supervision.

TO SAVE CONFUSION.

Mr. Bordwell recited in the petition that he refused to be a candidate; that unless his name was removed confusion would arise among voters who had not heard of his withdrawal, and that he desired Republicans to support Willis H. Booth, a Republican, for the Republican nomination, rather than Hiram W. Johnson, a member of the Progressive party. Mr. Bordwell contended that his name should be omitted in order that the spirit of the direct primary law shall be fulfilled.

He recited that every County Clerk and registrar in the State had been notified of his withdrawal as a candidate, but that County Clerk Williams of Orange county has refused to take his name off the ballot.

In setting forth his petition, Mr. Bordwell points out that Messrs. Booth and Johnson will appear on the Republican ballot. He sets forth their respective party affiliation, Republican and Progressive, and particularly declares:

FOR PARTY INTEGRITY.

"Your petitioner desires that the electors of the Republican party select as their nominee of said Republican party for the office of United States Senator a person who is registered as intending to affiliate with said party."

This is the identical language of Willis H. Booth's registration affidavit, wherein he is designated as a member of the Republican party. Johnson's affidavit makes him a member of the Progressive party.

The petition was sent to San Francisco yesterday by Mr. Bordwell's attorneys, C. E. Spencer, W. H. Wadsworth and Frank L. Roberts, who drafted it. It was filed by Attorney John C. Catlin, who, with Samuel M. Shortridge, will argue the case on Thursday for Mr. Bordwell. In the legal points developed was one out of a decision of the Supreme Court of this State wherein it was set forth that:

"The right of the petitioner to have his name omitted from the ballot is entirely personal with him."

Mr. Bordwell has recited in his petition that he is beneficially interested in having his name stricken from the ballot.

County clerks throughout the State are awaiting the decision of the Supreme Court in the case as to the removal of Mr. Bordwell's name. In Mr. Williams's case it was said that he had refused to act on the ground that the sample ballots for the primary had already been printed when he was notified of Mr. Bordwell's withdrawal as a candidate.

Big Job.

FINISHING BUDGET.

Two Supervisors Go Into Seclusion for Remainder of Week, with Intention of Completing Plans of Finance to Put Before Board.

In order to complete plans for the budget to be finally submitted to the Board of Supervisors, Chairman Pridham and Supervisor Hamilton yesterday went into retirement for the remainder of the week. It is absolutely essential that the board submit its figures within the next two weeks and the special effort is now needed to complete the work.

The appropriation last year for departmental work was $5,212,868. Every effort will be made to keep the appropriations at least as low as last year's, despite the fact that a number of new departments have been created and additions made to departments existing. The above amount does not include the school budget or special improvements.

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.

(At Home:) Persons who supposed that the critical situation arising from the strained relations between railroads and their employees would have an adverse effect on Wall Street activities were given a surprise, inasmuch as the volume of trading was large and diversified, with prices ruling invariably above last week's final quotations. Aside from additional heavy offerings of French securities, the bond market lacked features.

(Abroad:) In London, American securities were dull but steady.

"ETTES."

If a small cracker is a toasterette and a woman voter is a suffragette, is a small piece of beef a roasterette and a lady vaunter a boasterette? And a female barber a barberette? And a dentist who wears skirts a dentistette?

If a consumption hospital is an inhalatorium and a tailor's shop is a pantatorium, is a bootblack's stand a shineatorium and a restaurant a hashatorium?

A MEXICAN TROUBLE.

David Starr Jordan—the man who used to begin his Chautauqua lectures with: "There will never be another great war," and, we understand, he is thinking about beginning 'em that way again—says we should let Mexico alone. "Let Mexico alone!" he cries. Fine idea. We would all like to let Mexico alone. But Mexico won't let us.

ENTHUSIASTIC ESTIMATE.

The British seem to be quite enthusiastic in estimating the number of Germans who have been killed and wounded since the war began. According to the latest profound computation and censored estimate by the eager British statisticians, the Germans have lost in killed and wounded just 3,135,540 men in the past two years. Who counted 'em?

AND THE INNOCENT GO HUNGRY.

Britain says neutral supplies cannot be sent in to relieve Poland until the Germans give to the Polish people the crops harvested in Poland. The Germans say they will not give those crops to the Polish people until the British lift the blockade by which they are trying to starve the Germans. All very reasonable, feasible and plausible—except, perhaps, to the hungry Poles.

TO NOTIFY FAIRBANKS.

Charles W. Fairbanks will be notified August 31 that he was nominated last June as the Republican candidate for Vice-President. Theoretically, Mr. Fairbanks has been desperately eager to find out whether or not he was nominated—but, of course, nobody would tell him.

When the plan for notifying candidates of their nomination was adopted there were no telegraph wires and the Notification Committee wasn't much behind the news with the information.

PATRON SAINT OF CHAUFFEURS.

Father McGoldrick of Baldwin, Long Island, who celebrates mass in a loft over a garage, proposes to erect a church to the honor of St. Christopher, patron of automobilists. Excursionists can leave New York City early Sunday morning, hear mass at St. Christopher's and then, spiritually rejuvenated, can proceed upon their journey.

St. Christopher, who lived in the third century, for centuries has been regarded as the "kindly guardian of wayfarers." Whether people traveled by land or sea, on foot or in vehicle, they invoked St. Christopher's intercession for a safe journey.

Can we not have a shrine to this saint in Los Angeles? Worship at it by the conductors of jitneys might tend to lessen their disposition to disregard the ordinance that forbids them to run their death dealing vehicles past standing cars.

IRON AND VEGETABLE MONEY.

The German government has ordered a fresh issue of iron coins, which, in small amounts, are made a legal tender for all debts, public and private, and, in large sums, are exchangeable for government bonds. Iron money was in use in ancient Greece and is still current among the tribes of the Congo.

In the Friendly Islands at one time fruit and vegetables were used as money. A French operatic star—Mlle. Zelie—gave a concert there. The local chieftain paid for his seat with a beautifully engraved bottle made out of a cocoanut, while the contributions of the general public consisted of pigs, turkeys, chickens, cocoanuts, pineapples, bananas, melons and oranges. In a letter to a friend the artiste wrote: "They tell me a speculator from the neighboring island will come tomorrow and offer me a lump sum for the goods. Meanwhile we are giving the melons to the pigs, and the turkeys and chickens are gobbling up the bananas and oranges, so that I am having to sacrifice the vegetable portion of my takings to the animal."

Coonskins were once a legal tender in Kentucky, and western journalists who are octogenarians can remember when cordwood was received for newspaper subscriptions.

THE RAILWAY CRISIS AND THE SWORD OF SENSE.

The latest telegraphic advices indicate there is some hope that the Gompers-infected, predatory railroad brotherhoods may be induced by President Wilson to abandon their determination to plunge the country into an abyss of ruin by tying up the railroads, unless their exorbitant demands shall be complied with.

If the strike leaders shall obstinately adhere to their refusal to submit their claims to arbitration, or to yield any particle of their demands, the situation can only be met by such prompt and effective measures as President Wilson says he will take, and The Times hopes and believes that he will be as good as his word.

Can anyone estimate the dire conditions which a general railroad strike would precipitate upon the industrial, and social, and home life of a hundred millions of people? On the Mexican border are 150,000 of our soldiers who would be compelled either to abandon their posts and march to where food supplies could be obtained, or else go hungry. In our great cities are millions of babes who would starve for lack of nutriment if the milk trains were stopped. There are localities such as Los Angeles, immediately surrounded by a rich agricultural country from which, by means of auto trucks, food for a time could be obtained, and there are sea port and lake port and river port cities to which food supplies could be taken by water. But think of the condition of the people of cities dependent wholly upon rail communication for the necessaries and comforts of life. Think of the condition of those confined in prisons, and hospitals, and asylums. It is not merely the railroads that would be tied up. The factories would close their doors; the furnaces would cease to make lurid the night, the sound of the hammer and saw would cease. The provision stores would have their supplies exhausted in a short time, and could not renew them. The restaurants would close their doors for lack of materials to cook. Where would the housewife go to replenish her stock of flour, and sugar, and meat, and canned goods? From the great department stores to the smallest vegetable stand there would be fastened on the closed doors placards reading "Closed on account of the strike."

No earthquake, or fire, or cyclone, or pestilence could inflict on a community a tithe of the injury that would be wrought by a fortnight of discontinuance of railway transportation.

Vast property interest are involved. The safety, the comfort, the very existence, of the homes of the nation depend upon the immediate suppression of this damnable attempt of organized Gompers-infected labor to rob the people of the land. To yield to the demands of the strikers would be to invite further demands.

It is no time to prate about constitutional or legal objections. The Gordian knot which cavillers present is not worth unravelling. Emulate Alexander of old and strike the sword of sense through it. Details can be adjusted. The President possesses the power to cope with it. Let him do so inside the Constitution if he can, outside of it if need be. He has avowed his purpose to save the country from the impending horror. May God strengthen his will!

CITY AND COUNTY ONE.

The further one looks into the proposition for the consolidation of the offices of county and city assessors, which is just now receiving the attention of many of the leading business men and citizens of Los Angeles, the more logical does it appear. The arguments for the plan are so sound that they constantly gain force in the weighing. If there is a flaw in the idea, its discovery has yet to be heralded. People are asking why this thing has never been seriously taken up before and are beginning to wonder if there are not similarly feasible means available for systematizing the work of the public offices generally and effecting other economies—for consolidation of city and county governments generally.

If the taxpayers of Los Angeles have been unnecessarily paying out about $80,000 a year for the distribution of assessments and the collection of taxes, there would appear to be reason for suspecting that varying sums of money are being wasted in other lines as well. No one can be blamed for entertaining this suspicion in the light of the facts disclosed about the waste in the assessing system. The duplication of effort and expense by the two assessors and tax collectors has been going on for a long time without any halt having been called. It is natural to suppose, therefore, that similar conditions could very easily have prevailed in other public departments.

As an actual matter of fact, this comes very nearly being the truth of the situation, although the waste in the assessing work is probably the most glaringly apparent and easiest to demonstrate. We know that the County Assessor assesses the property in the city of Los Angeles every year and that the City Assessor covers identically the same ground right after him. We know that city and county then make separate collections of taxes from the same property owners. It is easy to see the overlapping in such glaring instances as these.

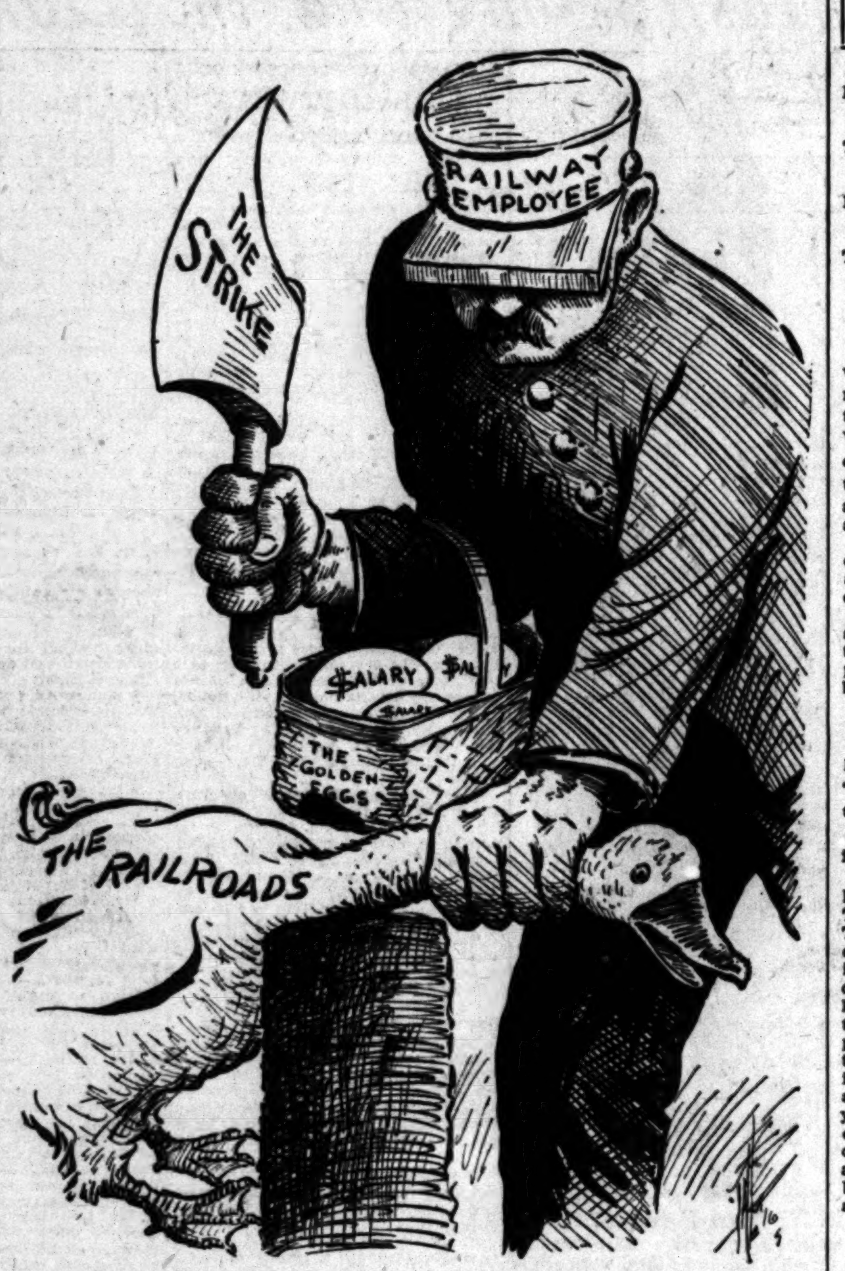
The advantages of the consolidation of the city and county governments as a whole become apparent without resort to further argument or analogy if one will but stop to realize that the taxpayers of Los Angeles are supporting two sets of officials and a double burden of maintenance, not only in the assessors' departments of city and county, but in all the other branches of administration common to both. If the agitation for the consolidation of the assessors' offices leads to a reform, as it undeniably will when the people get a chance to vote on it, the greater movement for efficiency in our governmental affairs will at last have a start. The abolition of the unnecessary assessment work will be only a step toward the elimination of what will one day prove to have been a costly lack of system all around.

While no official census has ever been taken, it is believed that there are more fleas in Mexico than Mexicans.

George S. Patton, the Democratic candidate for Senator in California, evidently needs the exercise.

In vain hath the allies set the net within sight of brave Capt. Paul Koenig of the Deutschland.

The Same Old Mistake.



RETURN TO CAVE DWELLERS' ERA.

The rulers of Europe, in their conduct of the war, seem to have stepped backward out of the light of the twentieth century and effected a recrudescence to deliberate and calculated barbarity. The enslavement of Belgium's civil population, the horrors of deportation of women and girls from Northern France, and midnight raids on private dwellings, blacken the annals of the German army. The murder of prisoners and ravishing of women by Cossacks might have been expected of semi-civilized Russia, but better things should have been looked for from enlightened and humane Britain than the starving of women and children as a war measure.

These brutalities have not emanated from the rank and file; they were not perpetrated by men in the heat of action; they were the offspring of instruction from above with a view to facilitate triumph. They were not excesses committed by barbarians as in other wars. They were all the more appalling because behind them was not only brutal force, but all the resources of invention, of natural science and of intellect.

Gladstone once said that the greatest triumph of our time has been the enthroning of the idea of public right as the governing idea of European politics. Mr. Asquith in a recent speech defined public right to mean the equal level of liberty and of independence as between small states and great states, as between weak and strong—safeguards resting upon the common will of Europe against aggression, against international covetousness and bad faith, against wanton recourse in the case of dispute to the use of force and disturbance of peace. He claimed that a victory of the allies would bring that purpose into the domain of concrete and achieved results. Probably Germany claims the same conditions are what she is fighting for. It is not clear to the rest of the world how "enthroning of public right" will be helped by the killing and maiming of 15,000,000 men.

STOP THE PORK BUSINESS!

The public will heartily indorse the stand taken by Mr. Hughes against the swollen proportions to which the pork barrel has been extended by the present Democratic administration. Under ex-President Taft these "kiss-me-and-I'll-kiss-you" appropriations—as Hughes so succintly phrased it—were sternly discountenanced. He did all he could to take the civil service out of politics.

During the last three years of Democratic management pork barrel transactions have become almost a Congressional scandal. Nothing has so hindered the efficiency of our government departments as this expenditure of public money for party political purposes. An assurance from our next President that "pork" will be eliminated from the nation's expense bills as soon as the Republicans again control Congress will be hailed with delight by all who desire to see an efficient and economical administration of public business.

Next year's appropriations will be made solely for objects connected with the needs of the nation. There will be no postoffices built for the delivery of votes instead of mail matter, no money thrown away on harbors that are not on the map, no sums dumped in rivers that do not need improvement half as badly as the professional politicians who clamored for the appropriations, no nepotism, no private benefits pulled off at the public expense.

We shall see a clean, rational business system inaugurated in Washington when Hughes controls matters of state; we shall witness the speedy removal of the unsavory pork barrel. For the record he made as Governor of New York State is an indisputable proof that the Republican candidate for the Presidency is a man whose words are never bigger than his acts. If he says "no more pork" make up your mind there will be no more pork; if he demands pitiless publicity then the illumination will promptly be turned on.

A TEUTONIC VIEW OF BRITISHERS.

A German newspaper in order to discourage a slight disposition toward peace and a restoration of friendliness with England, has been resuscitating and translating and republishing some of the comments of last century writers on British institutions, and British character and characteristics. They assert that in the good old days the islanders were illiterate dullards, drunkards and gluttons, savage and slow by mood and nature, rebellious against culture and sluggish in development, and that they were conquered by Frenchmen more clever, more quickly cultivated and organized than they. Walpole is quoted as authority for the statement that the fall of the Stuarts put the government into the hands of a few great families which, by means of rotten boroughs, bought members and high-sounding speeches, oppressed the King, moulded the passions of the mob, intrigued, lied, wrangled and tried to swindle each other out of power.

"Private manners," says the German commentator, quoting Walpole, "were as lovely as public. As a rule, the reigning King detested his son: this son got into debt, demanded of Parliament an increase of allowance, and allied himself with his father's enemies. George I kept his wife in prison thirty-two years, and got drunk every night with his two plain mistresses. George II, who loved his wife, took mistresses to keep up appearances, rejoiced at his son's death, and upset his father's will. His eldest son cheated at cards. George IV was a sort of coachman, gamester, scandalous roysterer, and unprincipled betting man, whose proceedings all but got him excluded from the Jockey Club."

The Zeitung quotes Montesquieu as saying: "Money in England is esteemed above everything, honor and virtue not much. An Englishman must have a good dinner, a woman, and money. As he does not go much in society, and limits himself to this, so, as soon as his fortune is gone, and he can no longer have these things, he commits suicide or turns thief."

Taine is quoted as saying of the young Englishmen: "They had a superabundance of coarse energy which made them mistake brutality for pleasure. The most celebrated called themselves Mohawks and tyrannized over London by night. They stopped people, and made them dance by pricking their legs with their swords. Sometimes they would put a woman in a tub, and set her rolling down a hill; others would place her on her head with her feet in the air; and some would flatten the nose of the wretch whom they had caught and press his eyes out of their socket."

"Swift, the comic writers, and the novelists of Britain," quotes the German newspaper, "have painted the baseness of this gross debauchery, craving for riot, living in drunkenness, revelling in obscenity, ending by irreligion and atheism."

Can it be possible that chaste, honest, temperate, industrious, God-fearing Germans will consent to make peace and live in amity with such a people as their newspaper would make Englishmen out to be?

Well, never—hardly ever!

"Had to do it," replied Mr. Growcher. "The only chance of seeing some of the men I have to do business with is to meet 'em on the golf links."

THUMB-NAIL TALKS.

The Difference.

If I were you and you were I,
How pure and sweet this world would be;
There'd be no scandal 'neath the sky—
If I were you and you were me.
Days would be fair and night serene;
Content prevail o'er land and sea;
Time's clock would stand at sweet sixteen—
If I were you and you were me.

Just a Shell Game.

A rather tall and angular person with bushy eyebrows and a hooked nose was sufficiently different from the herd to arouse comment even at Venice. He wore a plug hat and carried a cane. He walked along the beach at low tide and every now and then he would toss up a clam or a mussel with his stick.

An unduly curious person attempted conversation with the stranger and finally asked some explanation of his unusual movements.

"I have a contract for getting out shells for the Kaiser," responded the visitor, "and I thought I could pick up some down here at the beach."

The Soldier Boys.

"Your home guards are the real hero boys," exclaimed the film fan. "They get the glad hand every time they march across the screen."

"More so than the regulars?" we inquired.

"Sure thing. They're our sons, husbands or sweethearts, you know. The regulars seem different. They're more like strangers. But even a California crowd will yell its applause at a picture of some of the New York National Guard leaving for the border. They know they're somebody's home boys. Any picture that shows the militia boys turning out to do something, even if it's no more than marching in a Fourth of July parade, will get a yelp of joy from both men and maidens. Your militiaman may not be over four feet high, but if he's got a flag and a uniform the movie bunch will pull for him as if he were another George Washington."

In Pursuit of Pleasure.

"Have you seen the vacation builder?" asked the night clerk, as we stopped to ask what time the 2:35 train pulled out.

"No. Is there such an animal?"

"Sure; there are several dozen of him. Just go to him and tell him how much money you can spare and how many days you have off and he'll do the rest. You can give him a hint as to whether you want water or mountains or solitude or society and he'll fix you up a schedule to fit every day. He'll have the time and place of every train or jitney and he'll get the number of your hotel room and the price thereof. He'll make you a map of all the walks and drives and he'll chart the deep hole where the bass are biting. He will get your check or your baggage and he'll deliver you in proper time to your train. He is an example of efficiency as against the studied helplessness of the traveler. Even if you don't know what you want he'll dig it up for you and make you like it. His personal services don't really cost you anything either, as he expects to make that up in commissions on the other side. He is the agent or representative of railroads, hotels, steamers, camps and other machinery of travel or entertainment and he's not a bad fellow to have on hand when you want something and are not sure what it is."

Face to Face.

"I suppose you will be numbered among those present when Big Charlie comes to town," we remarked to the Representative Citizen as he dallied over the pretzel bowl.

"I surely will, if by your facetious remarks you mean our distinguished nominee?"

"The same to you," we returned.

"I may not be the first man to greet him, as I have a game leg that interferes with my speed, but I am pretty sure to make the front row. I'm going to see those whiskers face to face if I have to fight for it. All the big guns come to the Coast and we must show we appreciate it. I'm going to have the welcome sign out for Woodrow, too. It's an unusual thing for the President of the United States and his greatest rival and probable successor to come clear across the continent within a few days of one another to meet the Coast people face to face and put up their opposition argument."

"It looks as if somebody wanted your vote," interrupted I.

"It does that," admitted the Representative Citizen.

Regulating the Fog Horn.

[Indianapolis News:] The nerve-racking noise of a fog siren is a problem that needs to be dealt with whenever one of these valuable devices is near human habitations. The bureau of lighthouses has recently installed a sound deflector at the Buffalo light station, to diminish the spreading of the sound from the fog signal back over the city of Buffalo.

Most Prosperous Railroad.

[Indianapolis News:] The railway in the western hemisphere that produces the most revenue to the mile is in Brazil. It is the Sao Paulo railway, 134 miles long, from Santos, by way of Sao Paulo to Jundiahy. The road carries more than one-half of the world's supply of coffee, and is said to be one of the best managed railways in South America.

COMMERCE BY SEA.

[CONTRIBUTED TO THE TIMES.]
BY SENATOR DUNCAN U. FLETCHER,
Member of the International High Commission, President of the Southern Commercial Congress.

Brazil has a population of 24,000,000 and a territory larger than the whole of continental United States; a climate varying from tropic to temperate; products, including rubber, coffee, cotton, tropical fruits in the northern and central portion, and grain, hay and live stock in the southern; minerals in her mountains, from finest stones to iron ore in unexplored quantities. Her exports in 1914 were valued at $221,469,480 and her imports at $165,556,950.

Argentina has a climate varying from semi-tropical in the north to perpetual ice in the south, and a soil capable of supplying every need of man and beast. The luscious grapes of Mendoza, at the foot of the Andes, contrast with the products of Patagonia. The wheat, corn, hay and live stock of the vast pampas lands, level, fertile and readily cultivated, constitute a permanent source of great and expanding wealth. Her experts for 1914 were valued at $468,999,410 and her imports at $408,711,966.

We are the largest purchasers of Brazil's coffee and rubber. We are the largest purchasers of Argentine's hides and wool. They need our coal and cement in enormous quantities. I am speaking of bulk traffic, mainly. They need our manufactured products, like cotton goods, machinery, wire and numerous other commodities.

We have never had our share of this trade. We have never been in position to cultivate and develop it heretofore. Before the unprecedented catastrophe in Europe the traffic moved eastward across the Atlantic. European capital had invested heavily in these countries. There were many European settlers of the best type, with capital and energy, actively engaged in various enterprises and in promoting that connection. Means of communication with Europe were quicker, more certain and efficient than with the United States. The distance from Buenos Aires to Falmouth, Eng., is about 5700 knots. It is about the same distance from Buenos Aires to New York. Ships made regular sailings, covering the former distance in fourteen days, while, with some irregularity, it required twenty-four days to cover the latter.

Now, what is the situation? Old commercial ties have been severed. New connections must be made. Argentine's wheat is rotting in the field because there are no ships to carry it. That wheat is wanted in Europe at higher prices than it has known for years, but there are lacking means of getting it to market. I found people dredging the river for coal which had fallen overboard while the ships were unloading at Buenos Aires in past years. It was worth $28 per ton. In normal times the freight on coal from New York was 16 to 20 shillings per ton—it is now 102 shillings per ton. On belting and leather the freight from New York to Buenos Aires had been $7 per ton, but the last invoice showed $40 per ton, and notice had been given of a further increase of 50 per cent. over that.

General merchandise had paid 18 cents per cubic foot—now had to pay 67½ cents, and notice had been given that in ten days the rate would be $1.30. Drugs had to pay $1.30 per cubic foot, plus 35 per cent. of value. A contract for cast-iron pipe sufficient to lay 400 miles had just been let to competitive bids. American manufacturers were the lowest bidders, f.o.b., but Liverpool and London people got the contract because they were able to fix the freight rate and at a much lower figure than the American concern could arrange.

American capital is developing copper and tin mines in Chile, Peru and Bolivia. The ore or mineral from those mines will be shipped to the United States for refining. In fact, American interests have secured large holdings of iron ore on both the east and west coasts and they are being developed. There are the nitrates of Chile, also. We want the raw products of every Latin-American country—they want our manufactured goods. There would be no difficulty in finding cargoes in increasing volume both ways—to and from both coasts. Shipping facilities insuring regular and quick service at reasonable rates, which would be profitable, would shift the important routes of trade from east and west to north and south.

The commerce is there. Our financial institutions have taken hold. The disposition of the people is to establish relations with us. There are 6000 miles of high seas between us. The moving bridge is all that is required. How will that call be answered?

RIPPLING RHYMES.

TWO DOGS.

The dog of high, patrician mien, of well-groomed coat and aspect clean, makes quite a hit when down the street he travels on high-stepping feet. To pat his head we gladly reach, and we assure him he's a peach, and gently stroke his lustrous hair and wish we had ten bones to spare so we could buy a dog like that and give him latchkeys to our flat. But when a seedy dog comes near, a dog with sores upon his ear, a dog with eyes that do not match and fleas that make him madly scratch, we kick him swiftly with our feet and hoist him half-way down the street. Men leave the office, store and shack to kick him round a block and back. 'Tis likewise with the human skate, for whom the rocks or roses wait, who gladness knows, or sorrow bears, according to the front he wears. You may have sterling worth to burn and think men's plaudits you should earn, but if you wear a seedy shirt some flying rocks are bound to hurt. WALT MASON.

SOME TRIP FOR A BUMPED NOSE.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, Aug. 14.—To mend the broken nose of Wendell S. Kuhn, son of a director of the Standard Oil Company and captain of last year's hockey team at Princeton University, Dr. William Bull, New York surgeon, is speeding across the continent in a private car. Kuhn met mishap recently while playing hockey at a local ice rink, and his wealthy family decided it advisable to have the member knit under the New York physician's supervision.

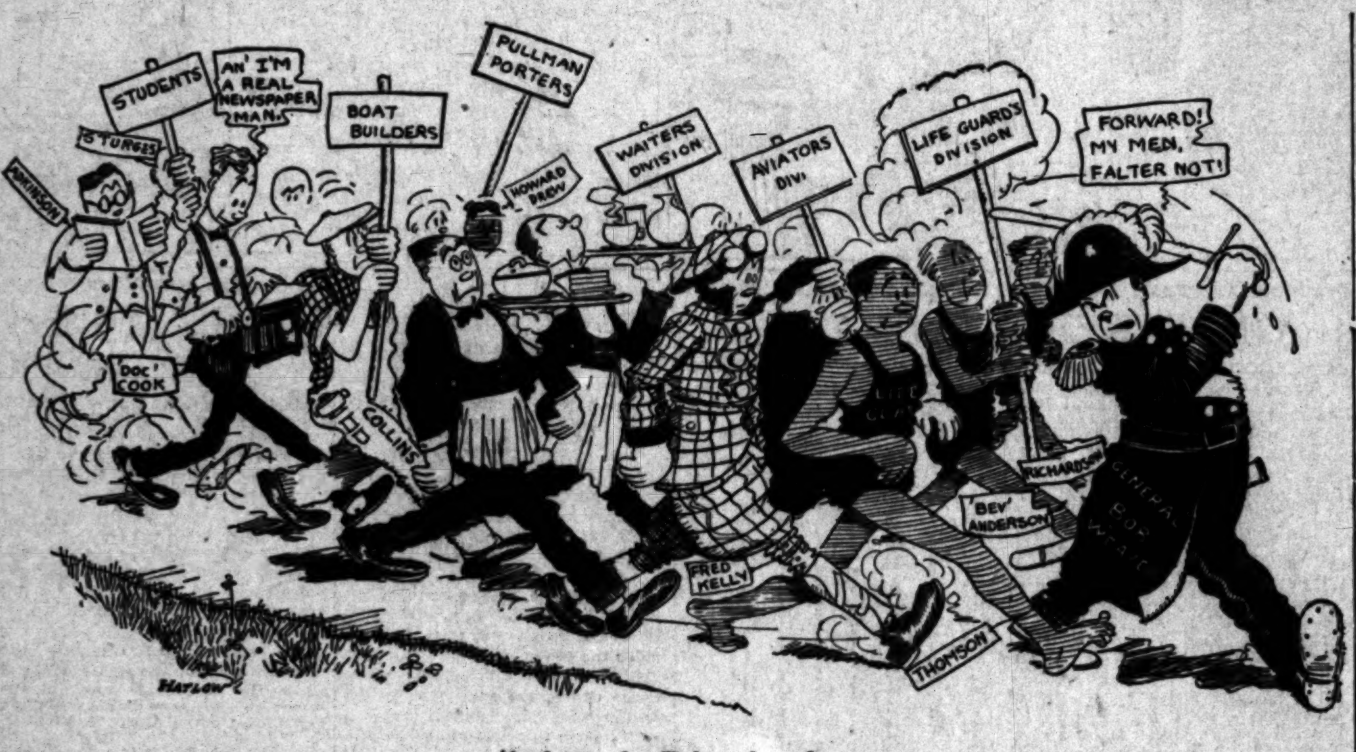
M'LOUGHLIN AND DAWSON TODAY.

[BY A. P. NIGHT WIRE.]

LAKE FOREST (Ill.) Aug. 14.—Heath Byford of Chicago won the right to meet George M. Church of Tenafly, N. J., here tomorrow in the challenge match for the men's singles title in the twenty-ninth annual western lawn tennis championship tournament by beating Jerry Weber, also of Chicago, in the final match today, 6-4, 8-10, 6-1, 6-3.

The first two sets were hard-fought, but the last two went to the Illinois champion easily. He wore the younger player to a frazzle in the long deuce set and had it pretty much his own way after that.

Pairings for the national doubles preliminaries, which start here tomorrow (Tuesday) to select a pair to meet Johnston and Griffin August 28 at New York for the national team championship, were announced this evening. In the first round Selforde Stellwagen and Trafford Jayne, Minneapolis, northwestern champions, meet Nat Emerson and Lew Hardy, Memphis, of the southern section; Ward Dawson and Maurice McLoughlin, Los Angeles, Pacific Coast holders, meet A. J. Lindauer, Chicago, and Jack Cannon, Kansas City, Missouri Valley; George M. Church, Tenafly, N. J., and Willis Davis, San Francisco, eastern holders, drew a bye through the default of Doyle and Breck of Washington, the middle Atlantic holders, and F. H. Wright and Bradley Hogue, Dallas, Tex., southwestern section champions, meet Walter Hayes and Ralph Burdick, Chicago, western champions.



'A chance for Bob to be a hero.

Every track meet we have seen has been a dreary succession of pantied and panting youths diving into a bunch of officials and photographers. The same ones always win and always lose, or nearly so. Herewith is a suggestion for adding a little spice and genuine uplift to the Far Western Track and Field Meet.

All Hail!

CHAMPION IS COMING HOME.

LUDY LANGER TO SWIM SUNDAY AT OCEAN PARK.

Herbert Vollmer and Ted Cann of New York will Compete Against Redondo Fish—Southern Boy Expected to Win with Great Ease.

BY HOWARD ANGUS.

Ludy Langer comes home this week from his eastern invasion more of a swimming champion than ever. On Sunday he swims in the mile championship at Ocean Park. He has already won it. Only a typhoon or a tidal wave can keep him from winning.

Certainly no swimmer can, especially an easterner. If Vollmer and Cann trailed twelve yards behind him in the 440 championship in New York and twenty yards behind in the 880 at St. Louis, they have practically no chance in the mile.

These two are entering more from a spirit of sportsmanship than with any idea of victory. Ludy went East to swim for their friends. They are coming to swim for his. In addition to these two famous easterners, Norman Ross of the Olympic Club of San Francisco, Elliott Burns of the San Diego Rowing Club and Jerry Witt of the Los Angeles Athletic Club, will enter.

MANY THINK.

Many seem to think that all three of these swimmers have a splendid chance of placing. Elliott Burns of San Diego is a big favorite here. He won the rough water race easily and a year ago gave the great Ludy a scare.

The mile championship will be held off Ocean Park. One of the turns in the race will be boarded to the piles of the pier. The other will be the side of a monster barge which will be anchored 110 yards from the pier.

The land side of the race will be kept open for the benefit of the spectators on the shore. But along the ocean side rowboats, motorboats, and yachts will be sandwiched together. Some trouble is expected in the policing of the pier, for crowds will press and jam and twist forward.

At present the plan is to hold the race at noon. The water will be quiet then. A little later the wind will have its surface choppy. High tide happens to come at noon Sunday. That means that the breakers will be forming and breaking on the shore itself and not coming in from the sea in long-rolling swells.

A LITTLE LATE.

A kick is expected anyway on the part of the eastern swimmers who are used to the quietest water. Every effort is being made to make the kick as little merited as possible.

Langer may swim in San Francisco before returning home. His intention when leaving was to appear in the northern city Thursday night. In that event he will not be on the scene here until Saturday or late Friday night, depending on what train he catches.

Vollmer and Cann will probably come direct from St. Louis. They will not go north until after the mile, as they have to stop at the Bay City on their way to Honolulu. It may be that Ludy will pass up San Francisco, also, as he is planning on going to the islands.

ARE WISE.

The easterners are wise in coming a few days ahead of the race. They will be able to become acquainted with the water and climatic conditions.

Langer needs little training. His feat of jumping to the East and winning proves his excellent condition. A dip in the bay or Sutro Baths in the north will be enough to take off his train legs.

His sudden leap to fame last year at the exposition, followed by his successful invasion of the East makes him the biggest swimming sensation since Duke Kahanamohu came out of Hawaii.

WEAVER HAS CHANCE TO REVOLUTIONIZE SPORTS.

BOB WEAVER has a chance to elevate track and field athletics from the monotonous white-painted, bosom-heaving, over-official depths in which they have bogged.

Bob's chance will come Saturday at the San Diego exposition, when he leads the Southern California athletes to uphold the honor of this division in the Far-Western track and field championships.

Bob has selected forty of our best young men, and admits that they can undoubtedly clean up the meet. If you go into details with Bob you will find that he can tell you just what each man can do and where he will finish in his chosen event at San Diego.

Mr. Weaver could cause a genuine sensation if he would introduce the athletes in the feats they do to make a living instead of those in which they are known to fame. Bob admits there is no need of running the race, his athletes being certain winners.

For instance, when Kelly steps forward Bob should hold his hand up and bellow out:

"Ladies and gentlemen, introducing Fred Kelly, the Olympic champion in the high hurdles. Mr. Kelly will not run the hurdles today, as everybody knows how well he can run them. Instead he will give us the dippy, dippy glide in an aeroplane. Mr. Kelly has taken up aviation as an avocation. I know you will be interested in his rapid rise."

All the others ought to be introduced according to their calling. Howard Drew, the champion sprinter, could do a hurried waiting act with a tray of dishes. Drew is a porter on the Southern Pacific. Richardson, the weight man, might do a cleaning act with a mop. He has been scrubbing out the Redondo bath-house this summer.

Collins, the high jumper, might tune up Weaver's Oldsmobile against time. He is working for the Wilson brothers, repairing autos and boats at Balboa. Old "Pa" Gates, instead of running the quarter, might run down a column of figures like he does every day while book-keeping.

Doc Cook, instead of panting through the mile, might rattle off a love poem on a typewriter, being a scribe. In the mile Cook is a tragedy, in the latter role a screaming farce. Thus would dull care be banished.

Earl Thomson, the hurdler, is almost certain to win that event. Everybody knows he can run. But he has been drawing money all summer as a life guard at Long Beach. The public would like to know if he can swim and save people. Why not have him give an exhibition in a glass tank? Bev Anderson, the quarter-miler, being also a life guard, could play with him in the glass tank. The sight would be sweet and inspiring.

Fred Watkins, the high jumper, is a lawyer. He might read Pat Henry's speech, "Give me liberty or give me death." His voice would do the jumping then instead of his feet.

Charlie Borgstrom, the pole vaulter, might pick a few lima beans from artificial hedges. Clarence Beebe, the half-miler, might run a race against time, hoeing a row of turnips. Beebe, being a farmer, knows all about turnips. The race would have to be against time, because nobody else would enter anything that looked so much like work.

Ray Adkinson, Walt Sturges and Det Sturges are all attending summer school at Pomona. A bright idea would be for them to see which could translate a page of "Caesar" in the shortest possible time, all agreeing that the man farthest in the lead at darkness be declared the winner.

The Indians could scalp a few northerners. Weaver himself could appear in a toreador suit with a little Oldsmobile under his arm. The jovial president of the A.A.U. earns his daily bread throwing the bull about the Olds.

The crowd would like such a meet. It would be different, new and interesting. On with the race. Wake up, Bob.

SHANNON AFTER EDWARDS'S GOAT.

Eddie Shannon, whose only blot is a defeat at the hands of Frankie Edwards, will have his chance to make his record clean tonight, when he meets Edwards in a return match at Jack Doyle's.

Shannon and Willie Ritchie are the only two men who have defeated Willie Hoppe recently. Edwards is a wonderful boxer and Eddie Shannon will have to go from the opening gong to win.

In the semi-windup Ralph Lincoln will meet Red Mathews while the other bouts will be as follows: McManus vs. Finn, 116, Mitchell vs. Burke, 125; Homestead vs. Lastro, 135; O'Campo vs. Atwood, 125. The first bout begins at 8:30.

COMISKEY SAYS ROWLAND TO REMAIN SOX BOSS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, Aug. 14.—Chicago's White Sox started East tonight two games behind Boston, with Clarence Rowland as manager. They are expected to return home September 8 in first place and with the same leader. President Comiskey today squelched a lot of rumors concerning a change in management for a period extending to the next defeat of the White Sox.

"This is the time of year when, if a team has been at the top and retreated for a couple of games, everybody extends a helping hand in the management of a ball club," said Comiskey. "I have the fullest confidence in my team and I think that they will return home in first place. Rowland will remain at the helm as long as the season lasts, pennant or no pennant.

"The White Sox have played bad baseball in some of the games. Any team will do that. They probably haven't been thinking for themselves as much as they should. That is a failing of the majority of ball players. In this respect I have no excuse to offer for either the manager or the players."

In discussing the race President Comiskey refused to admit that his team is out of the running, but he has not lost sight of the fact that there are other contenders for the pennant. Among the latter are the Browns.

"Fielder Jones has a good chance to win the flag," said Mr. Comiskey. "The Browns are playing a wonderful game and Jones should get all the credit in the world for the showing of the team. It looks like an awful tough finish, and the break of the game is likely to be the decisive factor."

HADLEY COACH TO INDIANS.

SHERMAN TO BE UNDER FORMER COLGATE STAR.

Braves Eleven Expected to be Heavier and Larger this Year than Last—Several Huskies are Expected in from the Wilds. One Stands Six Feet, Four.

The Sherman Indian Institute football team this year is going to be a humdinger, according to H. L. Carner, assistant coach at Sherman.

Mr. Carner was in Los Angeles yesterday making final plans for what he expects to be the greatest football season yet enjoyed by the Indians. While here he let it out that Bill Hadley, former star end of Colgate and Dartmouth, has been made head coach. As a coach he proved to be a corker at the University of California last year.

The real reason why the Indians are expected to be far superior to the team of last year is that they will average much more in weight. Last season the Sherman team averaged only 149 pounds to the man, which was far lighter than any other college team in the country, and not even up to the average weight of the high school teams. Nevertheless, the plucky little Indians played good football. The team will average between 155 and 160 pounds this season.

The Sherman team this year will have the same backfield men on hand that played regular last season, besides several new men. Chief among the newcomers is a big husky by the name of T. Powers. This brave is a backfield man, who formerly played with the Haskell, Lawrence Canyon team, and stands six feet two inches in his stocking feet. He weighs over 190 pounds when in condition and is one of the fastest big men the Sherman coach has ever seen. Another big boy that is expected to help bring up the team average is one Domingo Costo. Costo will be used at either a guard or a tackle. Mr. Carner claims that he will make his opponents quake this season, as he is the biggest man on the squad. He rears six feet four inches high and carries over 250 pounds around with him.

Following is the schedule of games arranged for up to the present time for the Indians:

October 7—Sherman Institute at U.S.C.

October 14—Sherman at Occidental.

October 21—Sherman at Pomona.

November 11—Throop at Riverside.

November 18—Carbrilla Merchants at Riverside.

November 25—Redlands University at Riverside.

The Sherman coaches are also after a game with Whittier College, but have not come to an agreement with the Whittier manager. Besides these games for their first squad, they are trying to arrange a complete schedule with the stronger high school teams of the south for their second team.

POMONA NIMRODS HOT AFTER DEER.

[SPECIAL CORRESPONDENCE.]

POMONA, Aug. 12.—Sam Newton and Hugh Stiles left today by automobile for the Mt. Whitney country to hunt deer for two weeks. A week from today Earl Fredendall, Benton Fredendall and Walter Tangeman will go up to shoot a few five-prong bucks. They will motor to the Kern county line, leave their machine at Brown and then pack in to the deer stomping grounds. They expect to work toward Cottonwood Lake by way of the south fork of Kern River.

EXCITING TENNIS.

In some exciting tennis played yesterday on the Sunset Courts, Miss Buelah Sauvinet and J. D. Porter defeated Mrs. Eileen Allen and Jim Conaty, 6-3, 5-7. This match proved highly satisfactory, but when they split up the two men received an unmerciful trouncing at the hands of the girls by a 6-0 score for the one set played.

CALVO BOUGHT BY THE TIGERS.

[BY A. P. NIGHT WIRE.]

VANCOUVER (B. C.) Aug. 14.—The Vancouver club of the Northwestern Baseball League has sold Jack Calvo, the Cuban outfielder, to the Detroit Americans. Calvo will finish the present season with the Vancouvers and report to Detroit in the spring.

Jacinto Del Calvo received a tryout with the Angels a couple of seasons ago but was pronounced unripe. A few days ago it was rumored around that he had been bought by the Seals but this late message seems to deny that.

PING BODIE A POPULAR GUY.

Six Big League Clubs Want the Fat Boy.

He Says He Would Like to Face Callahan.

But He may be Traded for Roy Corhan.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 14.—Notwithstanding reports from Los Angeles, the trade of Ping Bodie to a big-league club is still in the air. Six clubs—the Yanks, Cardinals, Braves, Phillies, Athletics and Washington—are in the field clamoring for his services, but the Seals' owner, Hen Berry, has accepted none of the propositions that has been submitted to him.

Bodie is one of the most sought-after players in the country. Berry explains that the San Francisco club appreciates the services Ping has rendered and the player will be satisfied first of all. Then the Seals want some players in return that will help the club. It is said that Ping has expressed a desire to go to the National League so that he can play against Jimmy Callahan's club.

The local magnate does not believe there is a chance to secure Roy Corhan from the Cardinals. He tried a month ago to land the shortstop, but Miller Huggins refused to let Roy go. If Corhan and the right proposition was offered and Bodie was satisfied it is likely that the Cardinals would secure Ping.

ANGELS TO PLAY BEAVERS THIS WEEK

The Angels arrived home yesterday and will try and wallop the Portland Beavers at Washington Park this afternoon in the first baseball game of the series.

The Angels had a close shave in San Francisco, barely nosing the Seals out of the series. The Beavers lost five games out of seven. Usually after a disastrous series with the Tigers, the Beavers come back and give the Angels a real battle. So do the Oaks. Nobody seems able to explain the phenomenon, but it happens.

In an effort to get off to a good start, Frank Chance will use Charley Hall against the Beavers. Since coming to the Coast Hall has been the hughest kind of a success, winning regularly.

PORTLAND (Or.) Aug. 14.—The Portland Coast League club received word today that the St. Louis American baseball management would exercise its option at the end of the season on Allen Sothoron, pitcher, and Bobby Vaughn, infielder.

PHILLIES WIN FROM GIANTS.

Capture First Double-header of the Season.

Alexander Pitches Twelfth Shutout Game.

Bancroft and Killer Score on Wild Pitch.

[BY A. P. NIGHT WIRE.]

PHILADELPHIA, Aug. 14.—Philadelphia won its first double-header of the season at home today, New York being the victim, 8 to 0 and 7 to 4. The home team hit Benton's delivery hard in the first game, which was Alexander's twelfth shutout of the season. In the second game both teams batted hard. Philadelphia scored four of its five runs in the second inning in an unusual manner. With one run in, two out in the third and second occupied, Rixey swung at a wild pitch for a third strike. Bancroft and Killer scored on this play and two more runs were scored on Paskert's double and Niehoff's single. The scores:

BRAVES STOPPED.

[BY A. P. NIGHT WIRE.]

BROOKLYN, Aug. 14.—Brooklyn stopped the on-rushing Boston Nationals today, 5 to 2. Cheney issued seven bases on balls, but was strong in the pinches, allowing only three hits. The first was a home run drive to deep left by Maranville in the opening inning. Blackburn opened the third with a single, but was left. Konetchy made the last hit in the fifth, sending Wilhoit home with Boston's second run.

Three costly errors gave the Superbas four runs in the second inning. Score:

TONEY BEATS CUBS.

[BY A. P. NIGHT WIRE.]

CINCINNATI (O.) Aug. 14.—Wortman's errors proved decidedly costly for Chicago today and helped materially in Cincinnati's victory, 6 to 3. Both Toney and McConnell had one bad inning. Otherwise the hits of the locals were more timely and counted greater in the run column. Griffith's home run with a man on base was the principal batting feat of the day. Mollwitz, pinch-hitting for McConnell, brought in two runs when he doubled in the seventh. The score:

TY COBB LOSES.

[BY A. P. NIGHT WIRE.]

CLEVELAND, Aug. 14.—Cleveland defeated Detroit 3 to 2, although outbatted two to one. With the score a tie in the ninth, Chapman walked, Speaker flied to Veach, Chapman made a bluff to steal second and McKee threw to that bag, which was left uncovered as Chapman went back to first. Chapman dashed on again, went to third when Cobb fumbled the ball and scored when Vitt let Cobb's throw get away from him. Sensational fielding by Smith featured the game. Batting rallies accounted for all of the early runs. The score:

RED SOX LICKED.

[BY A. P. NIGHT WIRE.]

BOSTON, Aug. 14.—Washington won from the league-leading Boston Americans, 2 to 1, today, when in the seventh inning Carl Mays passed two men and Morgan doubled, scoring both. Hooper lost Boston a chance to tie it in the eighth. He ran from first to second base when Barry sent a long fly to left field and was unable to return after the ball was caught. Lewis, the next batter, doubled along the left field line. Boston scored in the third on a pass, a fielder's choice and a single by Hooper. Score:

NEW YORK, Aug. 14.—New York defeated Philadelphia here today, 4 to 3. The Yankees made four runs off Nabors in the first inning, before he retired a man, on three hits, two errors by Lajoie and a double steal. Nabors then pitched invincible ball. Cullop of New York was knocked down in the fifth inning when a drive from Haley's bat struck him on the knee. After several minutes he resumed pitching, but was forced to retire in the sixth inning. PIRATES RECALL FARMED-OUT MEN.

[BY A. P. NIGHT WIRE.]

PITTSBURGH, Aug. 14.—Barney Dreyfuss, president of the Pittsburgh National League baseball club, announced today the purchase of Pitcher Jack Scott from the Macon South Atlantic League club and the release of Pitcher Paul Carpenter to the Charlotte club of the same league.

The Pirates also recalled Outfielder Altenberg, Catcher Blackwell, Infielder Cleveland and Pitcher Douglas from the Wheeling Central League club; Pitcher Hill and Infielders Macauley and Siglin, Rochester International League club; Infielder Madden, Syracuse club; Infielder Smith, Toronto International League club, and Catcher William Wagner, Terre Haute, Central League club.

TWENTY-FIVE MEN DOWN ON STRIKES.

[BY A. P. NIGHT WIRE.]

MARINETTE (Wis.) Aug. 14.—What is believed to be a record in baseball history was accomplished yesterday when Pitcher Ewick of the Crivitz baseball team in an eleven-inning game with Marinette struck out twenty-five men. The contest resulted in a 2-to-1 victory for Crivitz.

NIXON SOLD.

Manager Walt McCredie of the Beavers has gotten rid of another of his Beavers. Outfielder Nixon has been sold to the St. Paul team of the American Association and will report next season.

BOWLING NOTES.

The Oliver Manufacturing Company put up a game fight, trying to knock the Examiner team out of first place in the 1916 Summer Tournament at the Majestic alleys, but it was no use. Capt. Earl Fay and his bunch of maple destroyers were out to win. Mullenix bowled a beautiful series, finishing the night's play with the fine average of 206. The scores:

WEST RELEASED.

"Hi" West, former Portland and Vernon pitcher, returned yesterday from Denver, where he has been pitching in the Western League. West's arm has gone on the bum again and he has lost all of the effectiveness which made him one of the best pitchers on the Coast a few years back.

FANNING THROUGH.

"Skeeter" Fanning, who was recently released from the San Francisco pitching staff, will arrive in Los Angeles this week to have his salary wing treated by Dr. Spencer. According to baseball men who have examined Fanning's arm, his arm is "pitched out," and that he is unable to put any speed behind his delivery.

Fight On.

PENNANT HUNT IS A THRILLER.

AMERICAN LEAGUE TEAMS ARE ALWAYS SHIFTING.

Rise of the Browns One of Big Surprises of Baseball—Fielder Jones Seems Unbeatable—Old Man Plank Jumps Into the Limelight as a Leading Pitcher.

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—The American League pennant race remains the center of baseball interest. Boston gained the leadership of the league during the past week by defeating Chicago, league leader a week ago, in three out of four games.

Cleveland made hardly any gain during the week, although it won three out of four from New York. The Indians had little success against St. Louis, to which they lost two games on Friday and one on Saturday. The Browns now have won twenty-two out of their twenty-five games, advancing from seventh to fourth place, only a few games behind Boston. Detroit also did good work during the week, winning four out of seven games, including three out of four from Philadelphia.

New York, leader a few weeks ago, now is in sixth place. The Yankees won two games early in the week, after having lost nine straight.

Brooklyn, Boston, Philadelphia and New York retain their places in the first division of the National League in the order named. Brooklyn's lead decreased during the week, as the other eastern terms improved their standings at the expense of the western division. Playing in the National was hampered by bad weather, nine games being postponed.

The intersectional contests ended with these results for the week:

National: East, 14; West, 4.
American: East 6; West, 13.

Plank, St. Louis Americans, led the pitchers with a one-hit game against Washington Tuesday and a two-hit game against Cleveland Saturday. Toney, Cincinnati, lost a two-hit and a three-hit contest to Boston and Philadelphia, respectively.

Perfect batting averages out of four times at bat were made by Morgan, Washington; Neihoff, Philadelphia Nationals; Hornsby, St. Louis Nationals; Stengel, Brooklyn, and Fletcher, New York Nationals.

GIANTS PURCHASE A DEMON SLUGGER.

[BY A. P. NIGHT WIRE.]

SHERMAN (Tex.) Aug. 14.—Ross Young, outfielder of the Sherman Western Association team, was sold to the New York National League club today. The sale price was announced as $2000 cash. Young led the league the first half of the season with a mark of .345.

OAKS BUY VANN.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SALT LAKE CITY, Aug. 14.—Del Howard has made another attempt to strengthen his Oaks by purchasing Catcher Bobby Vann of the Salt Lake club, according to an announcement made last night by Manager Cliff Blankenship. Vann is expected to take the place of Frank Elliott, who will be released.

MAHAN TO SPECIALIZE ON BROOKS AT BERKELEY.

[SPECIAL CORRESPONDENCE.]

BERKELEY, Aug. 14.—Eddie Mahan will arrive from somewhere in Massachusetts, probably near Boston, about August 25 to fill his first coaching position with the University of California. Mahan's contract requires that he be present by that time and his duties as assistant football coach will begin at once.

His arrival will complete the coaching staff of the Bears and will allow the five professors of the American game—Smith, Mahan, Vaughan, Cherrington and Elliott—to start work. Coaching is a new endeavor for Eddie, his total football experience being gathered from four seasons with the Harvard eleven and about four more with an eastern preparatory school.

Mahan was a member of the famous Brickley-Mahan-Hardwick combination which booted, pushed and tackled its way through two undefeated championships. Brickley needs no announcement and his foot is as famous as Ruth St. Denis's feet, but it can be said that Mahan always acted as the "big push" for the Harvard drop-kicker. The latter did all the heavy work and developed a 70-yard punt. Hardwick was the chief interference man and Brickley was the field general.

With Brickley's graduation Mahan was elected captain of the Boston eleven and carried his team to a Yale-Harvard victory.

Mahan, like Christy Mathewson and Orvie Overall, can do more things than play football. His work as a pitcher for the Harvard baseball team attracted so much attention in the major leagues that he was offered a contract before he left college. If he decides that football coaching is not to his liking the baseball fraternity will probably be asked to take him as a member.

His time at California will be devoted to instructing the Blue and Gold backfield in the art of kicking, line plunging and forward passing, and his chief pupil will be Fred Brooks, last year's fullback. Brooks is a former Los Angeles High School Rugby star and made the California team in his freshman year. He played in every game last season and his work in the backfield puts him in line for captain during the 1917 season. Brooks was the only regular man to play in the Bears' second defense.

Few Changes.

HOW BIG LEAGUE BATTERS AND PITCHERS NOW STAND

[BY A. P. DAY WIRE.]

CHICAGO, Aug. 14.—Hornsby of St. Louis, one of the new stars of the National League, has attained third place among its batters, Robertson still holding first and Daubert second. Hornsby leads in total bases with 169; Carey, Pittsburgh, in stolen bases with 34; Flack, Chicago, in sacrifice hits with 30; Williams, Chicago, in home runs with 10; Burns, New York, in runs scored with 66, and Brooklyn in club batting with .260. The leading batters, among those who have played half or more of their teams' games, including last Wednesday's, are as follows, according to averages published here today:

Robertson, New York, .335; Daubert, Brooklyn, .328; Hornsby, St. Louis, .321; Wagner, Pittsburgh, .319; Chase, Cincinnati, .314; Long, St. Louis, .313; Zimmerman, Chicago, .300; Wheat, Brooklyn, .299; Hinchman, Pittsburgh, .294; Whitted, Philadelphia, .294; Schulte, Pittsburgh, .293.

Leading pitchers for eighteen games:

Cheney, Brooklyn	11	6	1.95
Rudolph, Boston	11	7	2.25
Perritt, New York	12	8	2.28
Bender, Philadelphia	7	5	3.51

There were few changes among American League batters. Speaker, Cobb and Jackson are relatively in about the same positions. Cobb now has 40 stolen bases; Weaver, Chicago, leads in sacrifice hits with 31; Baker, New York, in home runs with 8; Jackson in total bases, with 202; Speaker in runs scored, with 76, and Detroit in team hitting with .255. Leading batters:

Speaker, Cleveland, .390; Cobb, Detroit, .358; Jackson, Chicago, .341; Roth, Cleveland, .319; Sisler, St. Louis, .298; Felsch, Chicago, .298; Nunamaker, New York, .297; Hoblitzel, Boston, .294; Burns, Detroit, .293; Strunk, Philadelphia, .293.

Leading pitchers for eighteen games:

STRIKE MENACE FAILS TO FRIGHTEN BROKERS.

Volume of Wall-street Trading Surprise to Those Who Assumed Railway Situation Would Influence Trading Seriously—Prices in Main Rule Above Last Week's Final Quotations — Bonds Featureless.

[BY A. P. NIGHT WIRE.]

NEW YORK, Aug. 14.—To those who assumed that the market would be seriously influenced by the pending crisis in railway labor situation today's [illegible] must have come as a surprise. Trading lacked the breadth and vigor of recent sessions but was fairly large and diversified to embrace an unusual variety of issues.

[illegible] for the first hour, when the [illegible] was somewhat uncertain, [illegible] in the main ruled variably above last week's final quotations. [illegible] was the outstanding feature, dealings on that stock being [illegible] than the combined transactions in United States Steel, Mercantile Marine, preferred, and several of the coppers. Reading made an extreme advance of 3 points to 104⅝, [illegible] 1½ at the close. Other issues of pronounced strength included [illegible] Steels, which rose 16, to [illegible] on a fairly active turnover, [illegible] for the preferred; United States Industrial Alcohol, the more [illegible] metals, which manifested [illegible] of last week's belated [illegible] and the Mexican group. [illegible] and equipments were [illegible] by Crucible Steel, Baldwin Locomotive, American Car, [illegible] Can, New York Airbrake, [illegible] Electric and Westinghouse, [illegible] of 1 to 2 points. Sugars [illegible] materially better, with American Hide and Leather, preferred, and American Linseed, common and preferred.

Heaviness of varying degrees was shown by shipping issues, motors, International Paper, preferred, and Union Bag and Paper, preferred, the two last-named losing 2 to 2½ points. Zinc shares were backward on the relatively poor quarterly statement of the Butte and Superior Company.

Total sales of stock amounted to 440,000 shares.

Private dispatches from the West indicated further apprehension regarding the crop outlook but leading railways removed substantial tonnage increases over the corresonding period last year.

Bonds lacked feature, aside from additional heavy offerings of Anglo-French 5s and the new French notes. Total sales, par value, $3,460,000.

United States bonds were unchanged on call.

Up and Down.

IRREGULAR TRADING ON LOCAL EXCHANGE

SHORTS FORCE DOWN PRICE OF BIG JIM.

Expected that Mining Leader will Rally Today—Los Angeles Investment Registers Substantial Advance—Union Oil Also Higher.

There was some real excitement on the Los Angeles Stock Exchange yesterday when shorts raided Big Jim. They started to attack the stock early in the meeting, but during the morning their efforts did not meet with much success, as the quotation hovered around 95 and did not go lower. In the afternoon, however, their continual hammering forced the price down to a low of 79, closing sales being 2 points above that figure. During the final moments of the session bidding for Big Jim was very spirited and it is expected that the stock will advance today. It does not seem possible that the stock can remain at present prices considering the excellent condition of the property. Assays on the 485-foot drift are running better than $10 a ton and the corporation was never in better shape financially. A strong upward movement in Los Angeles Investment was also a feature Monday. Opening sales were recorded at 63, a gain of a full point as compared to final dealings on Saturday. From that point the stock steadily advanced to a high of 65, closing bids for the issue being frequent at that figure. Union Oil was up a quarter at 82.25 and 50 shares of Amalgamated sold at 86.00. The remainder of the day's activity was of a scattered character. Some of the Oatmans were on the bargain counter again, notably Ivanhoe, which sold at 4¾, and Fessenden at 8¼. There was a strong demand for United Northern but only 2000 shares changed hands at firm values. Other mining issues were practically unaltered.

MARKED WEAKNESS IN WHEAT PRICES.

RAILROAD STRIKE POSSIBILITY IS ISSUE IN PIT.

Stop-loss Orders and Liquidation Contributory Factors in Chicago Slump—Corn Down on Heavy Sales, and Violent Decline in Oats is Registered.

[BY A. P. NIGHT WIRE.]

CHICAGO, Aug. 14.—Wheat developed a marked weakness today on stop-loss orders and liquidation. Possibility of a railroad strike, the Canadian crop report and the Federal investigation of the recent sharp advance in prices were contributory factors in the weakness. Wheat lost more than 5 in prices corn an extreme 1⅝, oats 1¼, while provisions, despite lower holdings, were relatively firm. Heavy sales of corn by traders who were notable as buyers last week and sympathy with wheat, sent corn down. Export houses were buyers of September oats but failed to check a decline in prices based upon the weakness of neighboring pits. Provisions were unsettled, weak early, with hogs, but recovering later on an unimportant trade.

FUTURES ADVANCE DOLLAR A BALE.

DEMAND IN ENGLAND AND HEAT STIMULATE MARKET.

Best Prices Obtained in the First Hour, After Which Realizing Sales in Way of Profit-taking and Sharp New Orleans Reaction Results in Loss.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Aug. 14.—In response to the higher English markets, cotton opened nearly a dollar a bale higher for futures, the best prices being obtained in the first hour. This, coupled with still higher temperatures for Oklahoma and rain in the eastern belt, gave the market stimulus. Later, realizing sales in the way of profit-taking, and the sharp reaction in the New Orleans market, resulted in a loss of nearly all the early advance. Unsettled weather is predicted for Oklahoma and this was partly responsible for the late reaction.

Liverpool cables due 4½ lower on October, 3½ lower on January and 3 lower on March, came 9½ better than due on October, 7½ better on January and 4 better than due on March. Spots were quiet; prices strong; sales, 6000 bales; receipts, 15,000 bales; American, 13,000 bales. Middlings, 8.73; futures opened barely steady and closed firm.

"Big Jim"
CAUTION TO STOCKHOLDERS

The drive on Big Jim in yesterday's market was engineered by operators who are interested on the short side. This drive was made by the circulation of rumors that were absolutely false.

Some of these rumors were as folows: That the ore on the 485-foot level runs less than $2.00 per ton; that a large pool of stock is to be broken shortly and that the stock from this pool will be thrown on the market. These and other rumors put in circulation are all false to the core and without foundation.

Advices from the mine Monday state that the values in the present faces of drifts and crosscuts are from $13.00 to $40.00. The average of the values on the 485-foot level in all drifts is between $9.00 and $10.00. The average value in the drifts on the 400-foot level are approximately $40.00 per ton.

The ore shoot is proved 300 feet in length and from 30 to 40 fet in width—an ore body of tremendous magnitude. While some of the values run high and others run low the average of all is such that it is of commercial value. This is always true of every big ore body such as that found on the Big Jim.

The amount of work accomplished on the Big Jim mine has made a greater showing than has ever been made with the same amount of work in any other mine of the Oatman District.

No pool of stock, either large or small, is to be broken and no Big Jim will come into the market for such reason.

Every rumor that has been put into circulation by the shorts has been without the slightest foundation. These operators have used every influence, regardless of the truth or the facts in the case, to induce holders of this stock to sell.

Holders of Big Jim should not sell their stock without getting the facts about the mine at the office of the company. Those who do will suffer a big loss for the reason that the present mine showing, together with the work to be done during the next ninety days, will give the stock an intrinsic value of better than $1.50.

We urge every holder of Big Jim to have their stock transferred to their own names so that they may receive reliable information from time to time regarding mine developments.

At present prices Big Jim will make handsome profits within the next ninety days.

BIG JIM STILL A SALE
If you acted upon my advice given in this paper Sunday to SELL BIG JIM, and sold your stock at the morning session of the Stock Exchange at 96c, you did not view with alarm the drop in the afternoon to 79c. If the miners in Oatman and Kingman are busy selling the stock "short", as reliable information indicates, then they must have intimate knowledge of the true value of the property, such as will send the stock to a very low price as soon as their facts become public. Therefore, if you are holding any BIG JIM you are out on a limb., SELL IT!

Business Page: Citrus Fruits, Butter and Eggs—Current Trade—Local Produce Market

COMMERCIAL.

LOCAL PRODUCE MARKET.

Tokay grapes are now in the market at $1.75 a lug. Other varieties of grapes were cut radically yesterday in an effort on the part of the local fruit dealers to stimulate the demand for them. Malagas and muscats under the new classification are selling for 3 to 3½ cents a pound and black grapes have been reduced to 60 and 85 cents a lug. Even at the low figures there was very little buying Monday and it looks as if values will have to be reduced again in a few days. The public is showing more interest in Bartlett pears at present and wholesalers report an increasing call for the fruit. Bellfleur apples are expected in the market today and quite a number of dealers are claiming the first shipment. In the citrus fruit list limes have been raised to $1.10 a basket as the result of a temporary short supply. Oranges and lemons remain unaltered with a possibility of lower prices in the near future.

Berries are commanding rather fancy prices at present. Strawberries yesterday were bringing 5 to 7 cents a basket and the trade eagerly purchased all it could find at these quotations. Blackberries are up to 4 cents a basket for the very best grades, although there is plenty of stuff that is still selling for 3 cents. Raspberries continue in the nature of a luxury, but a few trays entering the city daily and these selling at irregular prices.

Sugar prices will be reduced 25 cents a hundred pounds today. This applies to all grades and will make the quotation for beet granulated $7.35 and standard cane and berry $7.55. A continued weakening of the raw sugar market in New York and a decrease of spot stocks throughout the main Atlantic ports has caused in easing up of the sugar situation in the United States. With the sugar beet harvest starting, it looks as if further reductions were the order of the day, unless some unexpected circumstances arise to upset the present trend of the market.

There was no trading on the Produce Exchange yesterday morning and prices for the main staples remained the same as on last Friday. Receipts were 381 cases of eggs, 55,200 pounds of butter, 10,300 pounds of cheese, 8623 sacks of potatoes, 1176 sacks of onions, 4 sacks of beans, 11 sacks of sweet potatoes, 2874 boxes of apples, 20 boxes of figs, 207 boxes of pears, 114 boxes of plums, 1748 boxes of peaches and 70 crates of grapes.

Why Hughes Finds Wilson Wanting

When the Republicans and former Progressives in Carnegie Hall applauded the emphatic statements in Mr. Hughes's speech accepting the Republican Presidential nomination, they were endorsing "the real Republican Platform," as one writer calls it. The applause was joined in by Colonel Roosevelt, who sat in a conspicuous box and told reporters, after the meeting, what "an admirable speech" it was and how satisfactory he found the speaker's exposure of Mr. Wilson's Mexican policy and Mr. Wilson's handling of our foreign affairs.

In THE LITERARY DIGEST for August 12th, is an extensive article setting forth the views of both the Republican and Democratic press of the nation on this, Mr. Hughes's first important public utterance since his nomination.

Other articles of timely importance in this issue, are:

Mr. Hughes's New Suffrage Plank

Mr. Hughes has "stolen a march on President Wilson and has delivered a telling blow against him in many States," remarks the Washington Post, by coming out for the Susan B. Anthony Constitutional Amendment, providing for Woman Suffrage. What the country thinks of this latest move, as reflected in the nation's press, is presented in this interesting issue.

Get away from the editorial bias which is inevitable in the general Press, and which is apparent even in the news columns. Avoid the prejudice and unfair partizanship which will result from an incomplete understanding of any question. Read THE LITERARY DIGEST—it will show you both sides fairly and let you judge for yourself.

Here you have all the world's news offered almost in the manner of a debate which treats with equal fairness both sides of all questions. Teuton and Ally; Democrat and Republican; Militarist and Pacifist—the views of them all, as represented by the endorsing Press, are presented for consideration. A complete record of FACTS in every case of public interest is the offering of THE LITERARY DIGEST to thinking men and women.

BEACH PICKPOCKET.

[LOCAL CORRESPONDENCE.]

SEAL BEACH, Aug. 14.—Alleged to have been caught in the act of picking pockets, a young man giving the name of G. W. Bowen was arrested by the City Marshal yesterday on Seal Way. He was taken before Justice Bowdish and while the attention of the officers was diverted elsewhere for a few seconds the accused jumped from an open window and landed unhurt twenty-five feet below.

He jumped from the frying pan into the fire, however, as he landed in the female department of the bath-house and had a score of irate women after him in a second. He was recaptured and locked up.

CHURCH DEDICATION.

Announcement was made yesterday of the dedication services to be held in the First Methodist Church on Fifth street, on August 20, at 3 p.m. This is the first organized church in Seal Beach and has the support of church organizations from this and neighboring towns.

Dedication services will be in charge of District Superintendent Harcourt Peck. Rev. E. J. Inwood will deliver the sermon. Scripture reading will be by A. D. Traveller and music by Long Beach Quartette. Rev. W. J. Waltz is the resident pastor.

THREE RESCUED FROM RIP-TIDE.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, Aug. 14.—Rescuer was rescued this afternoon when J. Burke of Fifth street, Santa Monica, attempted to save Edith and Martha Coutker of No. 159 Fraser avenue. The two young women were caught in a rip tide at the foot of Fraser avenue and carried seaward. They called for help. Mr. Burke heard their cries and went to them at once. They were battling against the tide when he reached them. Mr. Burke was unable to aid both and soon became exhausted in his futile attempts.

Life Guard Otto Benninger heard the cries for help and managed to get the girls safely ashore, after which he went for Mr. Burke.

Exhibit A will be a bathing suit described by Officer Ben Carrillo as "crushed strawberry," when Police Judge Kings calls the case of Miss Marie Sneed of Venice, whom he told to appear in court today for violating the bathing suit ordinance.

The girl was stopped in the center of the Ocean Park district and demurred at going to jail in her attire. Officer Carrillo allowed her to go with instructions to appear in court tomorrow at 1:30 o'clock in the afternoon.

SANTA ANA, Aug. 14.—Disaster lurked along the paved highway between Seal Beach and Santa Ana last night. In four motor smash-ups eight persons were injured and the lives of as many more were jeopardized.

About midnight a half-mile east of Westminster a seven-passenger car belonging to the Keystone Film Company leaped over and turtled in a drainage ditch. In the machine were Harry Williams and C. D. Avery, who have been directing the taking of movies at Balboa, and their wives; Chester Conklin, leading man, and his wife; Oliver Marsh, a camera man, and the driver, Kennedy.

In coming to a turn in the road, Kennedy misjudged the way another machine was going to turn, and he had quickly to change his course to avoid a collision. The big car hit soft dirt and bounded through the air fifteen feet before it came to a stop beside the ditch. Williams, thrown through the windshield, has cuts on one wrist and one leg. Kennedy was the most severely bruised, though all were injured slightly. The party was returning from Seal Beach to Balboa when the accident occurred.

THROUGH FENCE.

One machine turned over and another went through a wire fence and forty feet into a field as the result of a head-on crash near Seal Beach last night. In the car that overturned were Mr. and Mrs. H. M. King and three children and Mrs. Frank Smith and son, all of Fillmore. Mrs. King had three ribs broken, Mrs. Smith received a scalp wound and Smith got several minor cuts and bruises.

In the roadster that went through the fence were Fred Speheger of Fullerton, Alice Hanson of Anaheim, Helen Johnson of Santa Ana and Richard Ahern of Santa Ana. Ahern, who was standing on the running board, had one hand cut on the fence.

Slowing down because he was blinded by an undimmed headlight, L. D. Palmer, manager of a fruit exchange at Orange, ran slowly off the boulevard and into a ditch. His machine went against a bank, then righted itself. Mr. and Mrs. Palmer and their child, and Mr. and Mrs. Prent, who were in the machine, escaped serious injuries.

E. C. Gordon, motorcyclist, of Los Angeles, was going too fast to avoid colliding with a machine driven by J. H. Edwards of Santa Ana. Gordon was thrown. Edwards took him to a hospital in Long Beach. It was reported that Gordon had one leg broken.

CHILD IS DROWNED.

[LOCAL CORRESPONDENCE.]

REDONDO BEACH, Aug. 14.—Dixey Frier, the 13-months-old daughter of Mr. and Mrs. James Frier of Lomita, was drowned in a tub of water at 10 o'clock this morning at Lomita, and all efforts to save her life were in vain. Ray Henderson, one of the lifeguards at the Redondo Beach bath-house, used the lung motor on the little girl, but she was dead. She had been in the tub for over half an hour before discovered by her father. She fell in head first.

VENICE SLASHES BUDGET AND CUTS HIGH SALARIES.

[LOCAL CORRESPONDENCE.]

VENICE, Aug. 14.—Marking the beginning of a wave of economy that is due to strike Venice September 1, the City Trustees today adopted the report of the Budget Committee, which will mean a reduction in city expenses of $40,000 a year. The unprecedented cut means that, while the expenses of the city last year was something like $170,000, this year it will be $130,000. This will mean a reduction, not only in the number of men employed, but in the salaries of those retained.

The Budget Committee, composed of Mayor Gerety and Trustees Carr and Pinkerton, also recommended that a further reduction of $42,000 be made during the year, which will bring the city's expenses down to $88,000 a year. This recommendation is favored by the board. This is part of a plan of the City Trustees to clear the city of all debt. They say that they are determined that Venice will be out of debt within a year at least.

While the police department formerly and now is allowed about $24,000 a year, in the future it will have to make good with a reduction of $534 a month, or an allowance of $17,592 a year. So far as known such a drastic cut in the expenses of a city, as outlined in a budget, is not recorded in other Southern California cities.

To make the cut possible, some peculiar situations developed. Fire Chief George Hubbard will have to submit to a cut of 15 per cent. in his salary, and in addition he will have to assume the duties of the building inspector, which office is abolished. All salaried employees of the city will have to submit to a cut of 15 per cent. in their salaries when they receive $125 a month or over; 10 per cent. when they receive from $100 to $125 a month, and 5 per cent. when they receive under $100 a month. The budget goes into effect September 1.

The Board of Equalization today began its sessions, which will probably last ten to fourteen days.

The debt of the city is now about $53,000, part of which is taken up in emergency purchases made during the year. The Trustees now have a plan under way by which they expect to pay the city employees, who now have more than two months' salaries coming. The Trustees have taken the stand that an irrespective cut in all city expenses is demanded of them.

Recently a committee of fifteen waited upon the Trustees and urged upon them the necessity of cutting the city's expenses so as to get the city entirely out of debt as soon as possible. The retrenchment plan is the result.

This, however, say the Trustees, will not mean that those thrown out of employment will be left high and dry, as there are many improvements of some magnitude that will furnish work for all who are thrust upon their own resources. In addition to city work, several large private enterprises are being projected. In fact, developments of considerable scope are under way.

LIE IS PASSED BY COUNCILMAN.

Charge of Playing Politics Proves a Boomerang.

And Merry Row Over Bridge Construction Ensues.

No Action Upon Mission Road Improvement.

Proving a boomerang, a charge made by Councilman Roberts yesterday that politics was being played by other Councilmen in regard to the construction of a bridge came back and hit the thrower.

Councilman Roberts introduced a motion to the effect that $7500, estimated to be the city's share of the cost of constructing a bridge leading from Alessandro street to the Mission road at Tropico, be set aside out of the City Engineer's general fund and that the engineer prepare plans and specifications for the bridge at once.

President Betkouski pointed out that the City Engineer has no general fund; every 5-cent piece set aside for that department is for a specific purpose.

A suggestion that the matter be referred to the Finance Committee, which is familiar with the subject, having gone into it before Councilman Roberts was elected, caused the Councilman to say: "There is a little bit of politics below this, and I know it."

RETURNS THE CHARGE.

Councilman Wright said they all favored the bridge, but at this time of financial stringency it is ridiculous for a member of the Council, who is a candidate for Supervisor, to get up and say it is being opposed on account of politics. "You are a candidate for Supervisor in this district and you are playing politics," Councilman Wright said to Councilman Roberts.

Mr. Roberts: "You made some threats that you would support me if I would support you in certain items."

Mr. Wright: "I resent Mr. Roberts's assertion that I am playing politics when in my own mind I think he is the man that is playing that game."

Mr. Roberts said he brought up the matter of the bridge long before he was a candidate for Supervisor and, speaking of the charge that he it was who was playing politics, he said: "I brand it as a falsehood and a lie."

Councilman Conwell said there is no doubt the bridge is necessary and the county had promised to share the cost "fifty-fifty." He suggested an amendment to the resolution that the Finance Committee would provide for the appropriation, providing the Supervisors furnish half the amount.

Councilman Wheeler said the Council should not appropriate one cent until it had the absolute assurance that the people at this end would make the necessary improvements to the approach.

Councilman Topham said that at present they have no landing place on this side of the proposed bridge. Until they have this there will be no place to put the bridge. A suit is pending for the condemnation of the property, but it has to go through the courts because there were minor heirs to an estate affected. They cannot touch the bridge until they get that right of way.

Councilman Wheeler said the Council started to work on this subject three years ago, before Councilman Roberts was in the Council, but is still awaiting the pleasure of the people at this end of the bridge.

The matter was referred to the Finance Committee, which will prepare a report covering the whole subject within two weeks. President Betkouski said it is hoped to have the bridge constructed before the end of the fiscal year.

About the Bay.

LABOR UNIONS DRY AS "WAR" MEASURE.

WOULD COMBAT EMPLOYERS BY PROHIBITION VOTE.

Superintendent of Forces Supporting Anti-wet Amendments Returns from North with Report of His View of Conditions Now Obtaining in San Francisco.

San Francisco labor unions are for the pending prohibition amendments, D. M. Gandier, general superintendent of the California Dry Federation, declared yesterday, following his return from the northern part of the State. And they are for prohibition largely as a "war" measure in their fight against the Bay City employers of labor—this also on the authority of Mr. Gandier.

He said that the Federation of Water Front Unions in San Francisco, representing 10,000 men, has unanimously indorsed the "dry" campaign and is urging other labor unions and fraternal organizations to do likewise. The Teamsters' Union, with 8000 men, is also supporting the amendments.

There are two reasons for this support, declares Mr. Gandier—the "war" reason, and because, as an Irish politician expressed it, some of the leaders think "prohibition would be a good thing for our crowd."

"This conviction," Mr. Gandier added, "might not have spread sufficiently this year to make the San Francisco unions come out for prohibition, if trouble had not arisen between the labor unions and employers. The labor men believe that the liquor interests are helping to finance the fight against the unions, and as a war measure they think it good policy to cut off this support."

Mr. Gandier admits the labor-union vote of San Francisco will perhaps be divided on the prohibition amendments, but in his opinion the accustomed San Francisco "wet" majority has been deeply cut.

Roadside Humor.

[Kansas City Journal:] Every town has its meanest man, but Pratt has the two meanest girls in the world. They were out riding in a big car the other day and came across two young men who were walking. "Tired of walking?" asked the girls. "You bet," said one young man. The other smiled at the prospect. "Well, then, run a while," shouted the girls, as they threw their car into high.

Reconsideration.

SOLDIERS' PAY CUT.

Supervisors Decide that Employees of County Who are Now Under Arms will Get no Salaries Now Unless They have Needy Dependents.

On the recommendation of Supervisor Hamilton, unmarried National Guardsmen now serving on the Mexican border for the government will receive no pay from the county unless they have dependent relatives who are absolutely in want because of lack of support by the soldiers.

Some time ago the board passed an ordinance providing that all men with families who have had to leave county employment and take up arms in defense of their country should receive full pay while on such duty. Guardsmen with no children in their families or dependent relatives to support, were to be given two-thirds of their salaries.

Yesterday Supervisor Hamilton called attention to the fact that some of the soldiers may have no one to care for but themselves and consequently they need nothing more than the support and wages given them by Uncle Sam.

Return.

MAYOR IS BACK IN HIS OFFICE AGAIN.

BUT INTENDS TO TAKE A REST FOR THIRTY DAYS.

Declares Physician Advises Him to Get Beyond Reach of Telephone, but He will not go While Efficiency Commission Squabble is Unsettled.

Mayor Sebastian transacted official business at his office yesterday for the first time in ten days. He said he was feeling better, but his physician had advised him to go away, and he intends to take a vacation of thirty days as soon as the Efficiency Commission matter is disposed of. He then hopes to get somewhere beyond the reach of telephones.

The Mayor has been under a great strain for a long time. Revival of the attacks made upon him during his strenuous campaign for office, however, cause him no real concern. He repeated yesterday that he has no intention of resigning.

"I'm no quitter," he remarked. "The people elected me, and I will remain in office until the people tell me they do not want me."

Before he goes on a vacation the Mayor expects to take action in regard to the ordinance abolishing salaries for the efficiency department, which is now before him for either his signature or his veto.

"I want to go over the matter with the City Attorney and my own attorney," he said. "I want to see this matter settled one way or the other before I go."

The Mayor is in favor of an Efficiency Commission. His action yesterday in vetoing the items in the budget for the department was taken for the purpose of securing a reconsideration of the Council's action in chopping off the head of the commission.

After the Mayor's message was read at the Council meeting a motion by Councilman Wheeler to reconsider the item of $9100 for the efficiency department was unanimously adopted, and the matter was then referred to the Committee of the Whole for consideration.

Councilman Topham said the Committee of the Whole might be able to get together, for, after all, this fight is against one person and not against efficiency in public affairs.

Councilman Wright said he did not like to see the efficiency department wiped out until some adequate substitute was found for it, but he certainly wanted to see the present director removed.

Councilman Langdon said an Efficiency Commission is needed and he certainly did not intend to vote to do away with it.

President Betkouski remarked that the budget, with the single exception of the items for the efficiency department, is now in effect, and if there is no action taken on those items, even for the rest of the fiscal year, it would have no effect whatever on the budget.

LAWYERS TO MONTEREY

Twelve from Here to Represent County Bar Association at Annual Meeting of State Body. Reformation in Procedure will be Urged.

Twelve delegates from the Los Angeles County Bar Association will leave for Monterey tomorrow to attend the seventh annual convention of the California Bar Association at the Hotel del Monte, Thursday, Friday and Saturday. The men who will go are Lynn Helm, O. C. Mueller, W. J. Hunsaker, Superior Judge Monroe, William Chambers, J. B. Chandler, George E. Waldo, J. A. Gibson, G. A. Gibbs, Guerney E. Newlin, former Judge J. W. McKinley and P. W. Robinson.

A matter of utmost importance to California jurists will be the report of the Committee on Procedure Reformation proposing an act to do away with the rules of civil procedure and substitute statutory rules of court instead.

The presidency this year, according to report, will fall upon one of the three vice-presidents. They are A. E. Bolton of San Francisco, Frank Short of Fresno and Oscar C. Mueller of Los Angeles. The president for the past year was Eugene Daney of San Diego. "It is probable," said Tom Robinson, secretary of the association, yesterday, "that the presidency will go to a man from the northern end of the State."

BITTER CHARGES AGAINST SPOUSE

Mrs. Sidney T. Butler Asks Separate Maintenance.

Alleges Husband Dissipates Generous Income.

Further Asserts His Conduct is Extremely Cruel.

Charging cruelty, failure to provide and habitual intemperance, Mrs. Blanche I. Butler yesterday filed suit for separate maintenance against Sidney T. Butler. The complaint, prepared by Attorney Roger Marchetti, with whom is associated in the action Gray, Barker & Bowen, alleges that Mr. Butler dissipates large sums of money with friends and acquaintances, at aristocratic and expensive hotelries, clubs, bars and resorts in and around Los Angeles.

Mrs. Butler says that her husband's income is about to be increased, but that he has neglected to share his money with her or to provide her with the necessary clothing, food and essential articles to which she is accustomed. Unless the court issues an order, she is afraid he will continue to deprive her of maintenance to keep her in the social circle in which she has moved.

Mr. Butler has insulted her, she declares, in the presence of friends at their home, by insinuations and epithets and using improper language. It was his custom to telephone to have dinner ready, although it is her belief he did not intend to be home. On those occasions, she says, he did not return home until late at night or early the next morning.

She alleges he left her alone at home at nights while he took in prize fights, theaters, clubs and entertainments, returning in a drunken and helpless condition. March 3, last, Mrs. Butler says, her husband was so helpless with drink when he came home that he fell off the bed and she had to remove his shoes and assist him to retire. Several instances of his alleged intoxication are related in the complaint.

This alleged condition caused her grievous mental anguish and physical suffering, she alleges, and because of this treatment she charges extreme cruelty.

No amount is named in the complaint for maintenance, but pending the trial of the suit the court is asked to fix a reasonable sum each week for Mrs. Butler's support.

The Butlers were married in this city July 18, 1910. She was formerly Miss Blanche Leonard. The wedding was a society event and was largely attended by the younger society set. Sidney A. Butler, widely known for his activity in city, county and State affairs, left an estate valued at approximately $100,000. His will provided that a portion of the estate should be left in trust for the benefit of the son and a stated income paid him.

DAY PASSED IN MOVIEDOM AND AT THE BEACHES.

Notable New York Woman and Her Guests, Who Came Here in Private Car, are Expected to Proceed to San Diego and East Via Grand Canyon.

Using every possible minute of the day for motoring and spending the evening at the beaches, Mrs. William K. Vanderbilt, Jr., who arrived in Los Angeles Sunday night with a party of friends, passed yesterday pleasantly. Mrs. Vanderbilt is traveling in her private car, and before she returns to her home in New York she intends to tour the great Southwest.

With Mrs. Vanderbilt are Mrs. Charles W. Clark, Mrs. Raoul Du Val of San Francisco, R. Tobin and Jack Neville of Del Monte. Not a moment was lost yesterday. The party started out in the morning and motored to the Country Club. After luncheon they stopped at various moving-picture studios to watch the work there.

Immediately upon their return to the Alexandria last evening a party was organized for supper at one of the beaches. Several famous stage people were invited to attend.

It is not expected Mrs. Vanderbilt and her party will remain long in Los Angeles. From here they will undoubtedly go to San Diego for a few days and thence East by way of the Grand Canyon.

DRIVEN FROM HOME, WOMAN COMPLAINS.

IN DIVORCE SUIT CHARGES EXTREME CRUELTY.

Threats to Kill and Allegation that She was Dragged from Bed by Her Hair are Given as Grounds for Separation, Custody of Children and Support.

In April, 1910, Mrs. Emma M. Allen alleges, in a separate maintenance suit filed against Clinton S. Allen yesterday, her husband struck her. He then told her, she says, if she were still in the house when he returned at noon he would kill her. In fear Mrs. Allen gathered up her personal effects and a child and went to her mother's home.

Several days later Mr. Allen pleaded with her to return. He said he would not strike her or swear at her, but would make home pleasant. She went back to him, but soon his alleged cruelty was resumed.

One night she took the children to her sister's home, with the consent of Mr. Allen. She returned at midnight and put the children to bed. When she prepared to retire, she says, he seized her by the hair, pulled her out of bed and kicked her. He told her, she alleged, "If you can stay out until midnight, you can stay out all night."

Mrs. Allen charges extreme cruelty, asks for the custody of the four children, $15 a week for the support of herself and her offspring, and Mr. Allen restrained from interfering with her or using profane and vulgar language in the presence of the children.

ASKS FREEDOM.
HABEAS CORPUS WRIT.

Luigi de Giorgio, convicted of illicit sale of liquor and sentenced to pay a fine of $300 or 180 days in jail, is suing for his liberty on a writ of habeas corpus, which was filed yesterday before Judge Nicol, sitting in Judge Craig's court.

The writ is asked for on the ground that sentence was imposed without due conformity to law. De Giorgio was arrested more than six months ago at San Dimas. After arraignment, he was released on bail and when tried was found guilty. He was given his freedom between the day of his conviction and the day of sentence, and when the latter day came around, failed to appear.

Judge Craig issued a bench warrant after imposing the sentence, and when arrested several days ago, the defendant immediately began plans for securing his release. The writ will be decided upon tomorrow.

BREAKS PROBATION.
TWO YEARS IN JAIL.

George W. Brockus, 28 years old, convicted February 13, 1914, on the charge of contributing to the delinquency of a youth, and released on probation, was before Judge Gregory of the Juvenile Court yesterday, charged with violating his probation. He pleaded guilty. His attorney intimated the man was insane and asked that he be sent to the psycopathic hospital for observation.

The court sentenced him to two years in the County Jail at hard labor, but suspended sentence to have Brockus examined. If he is found mentally competent, he will be returned to the Sheriff to serve his sentence.

Brockus said he was born in Missouri and that his widowed mother lives in Bakersfield. He was arrested for repeating the offense on which he was convicted.

FINAL JUDGMENT.
FORBIDS BOND SALE.

Judge Wellborn yesterday signed the final judgment in the injunction suit brought by George W. F. Halliday against the city officials, annulling the bonds and forever enjoining the city from selling them for the acquisition of the Union Hollywood Water Company and putting in pipes for the municipal service.

The suit was prosecuted by Attorneys Drew Pruitt and John Dennison, who prepared the judgment which was given from the bench last week. The bond issue was $1,020,000, $575,000 of which was to be used to purchase the water works and the balance for laying mains. The failure to include the Palms district in the ordinance was a fatal defect.

IN AND OUT
ABOUT THE COURTS.

PLEADS NOT GUILTY. Adolph Schonek yesterday pleaded not guilty to the charge of holding up and robbing J. H. Drinkwater, a conductor on the Homeward-avenue line of the Los Angeles Street Railway Company. He was arraigned before Judge Craig. The trial was set for the last day in October.

UNARMED. Only the fact that Charles Holdston had no weapon in his possession at the time he, with Henry Castello, held up T. Guerero on February 4, saved him from a long term in prison. Judge Craig gave him three years in San Quentin and explained to him that he might have received considerable more but for the one mitigating circumstance. Castello was sentenced to four years in Folsom several weeks ago.

SUGGESTIONS IMPRACTICAL. James N. Abeel until recently was amusement manager of the roof garden of the King George Hotel, Venice. His contract was terminated, he alleges in a suit filed yesterday against Frank B. Hathaway, and one reason stated was that Mr. Hathaway harassed him with impractical suggestions for roof garden entertainments. He sues to recover the 20 per cent. of the gross receipts of the roof garden provided in the contract.

HOUSEMAID SUES. Mrs. Francisco Molino filed suit against Carlos and Jose Redonda yesterday, for services as housemaid. She went to work for them in 1910, she alleges, when it was agreed she should receive reasonable compensation. This compensation she fixes at $25 a month and asks judgment for $1825.

MANSLAUGHTER CHARGE. Charged with manslaughter, George E. McElhinney was arraigned by Justice Summerfield yesterday and his preliminary examination set for Friday morning. Bail was fixed at $2000. The specific charge is that Mr. McElhinney ran over Wing Sing, a Chinaman, who died on the 11th inst.

WARNS COUNCIL TO WATCH EXPENSES.

SOFT PEDAL GENERAL FUND IS THE ORDER.

Allowance Cut Almost to Half, President Advises Against Running into Debt—Expects Compliments from the People when Tax Rate is Better Known.

"Don't raid the general expense fund."

That was the warning which President Betkouski gave the City Council yesterday.

"At the end of this fiscal year we are going to turn over matters to a new Council and I, for one, do not want to have a deficit for them to wrestle with; I would rather turn over a surplus," he said.

President Betouski said the tax rate was going to be very favorable and the people were going to congratulate the Council even more than the Mayor had done in his message. He wanted to warn the Council, however, that this year the general expense fund had been cut down $150,000 and was only $200,000. The Council must be careful. The Finance Committee was going to watch things so that at the end of the year the general expense fund did not have to call upon the reserve fund for $100,000 or $200,000.

ONLY ONE BID.
FOR VACUUM CLEANERS.

Only one bid for sweeping paved streets with power-driven sweepers was opened by the Board of Public Works yesterday. It was from W. E. Baxter, and proposed to clean the streets at a price of 13½ cents per 1000 square yards on a single year's contract, 12 cents for a two-year contract and 10½ cents on a three-year contract. The bid was referred to the City Engineer.

The Board of Public Works received also a statement from the Efficiency Commission saying that an incomplete test has shown that while the work of neither the horse-drawn or motor-driven flushers is thoroughly satisfactory, the horse-drawn machines are noticeably more effective than the motor-driven ones and the cost of the motor-driven flushers per 1000 square yards cleaned is approximately 40 per cent. greater than the cost of flushing by horse-drawn apparatus.

Macadam Bungle.

Following the bungle made in regard to the macadam paving on Malabar street, where defective work has been put in owing to faulty specifications supplied by the City Engineer's office, the City Council has decided that the city's specifications for macadam must be revised. The contractors for the Malabar street work will be asked to put the paving in right and guarantee it for five years.

Road Race Preliminary.

The City Council has been asked by the Santa Monica Chamber of pass a resolution closing to traffic on parts of November 9 to 18, inclusive, all streets within the city limits which form portions of the Santa Monica road race course. It is intended to hold the Vanderbilt and Grand Prize road races on the course November 16 and 18, and the passage of the resolution is necessary before the national contest board will give a permit.

City Hall Notes.

The Teamsters' Benevolent Assotiation presented a petition to the Board of Public Works yesterday asking its best endeavors to eliminate from city work the teams of all men who are not certified teamsters. The association wants "one man, one team."

The Council yesterday received without comment that portion of the Mayor's message relating to the need of a thorough reorganization of the City Engineer's department. Commenting, however, on references to fire protection and the expenses of the public service department, Councilman Wheeler said a great part of the water main extensions contemplated by the commission must be made before adequate fire service can be obtained.

In his message to the Council yesterday the Mayor renewed his request that provision be made for the salary of an additional clerk in his office. He said conditions are such that he feels he ought to be relieved of more of the detail work so he can devote his attention to the more important and pressing matters that come before him.
